3 Day Potty Training Lora Jensen,2014-03-04 3 Day Potty Training is a fun and easy-to-follow guide for potty training even the most stubborn child just 3 days. Not just for pee and poop but for day and night too! Lora's method is all about training the child to learn their own body signs. If the parent is having to do all the work, then the child isn't truly trained, but with Lora's method your child will learn when their body is telling them that they need to use the potty and they will communicate that need to you.

Oh Crap! Potty Training Jamie Glowacki,2015-06-16 From potty-training expert and social worker Jamie Glowacki, who's already helped over half a million families successfully toilet train their preschoolers, comes a newly revised and updated guide that's "straight-up, parent-tested, and funny to boot" (Amber Dusick, author of *Parenting: Illustrated with Crappy Pictures*). Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her six-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20–30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: -How do I know if my kid is ready? -Why won't my child poop in the potty? -How do I avoid "potty power struggles"? -How can I get their daycare provider on board? -My kid was doing so well—why is he regressing? -And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the answers you need to do it once and be done with diapers for good.

The Potty Caddy Rachel Gordon,2008-06-05 Take one of the most significant landmarks in a toddler's life—potty-training—and treat it in exactly the right way—with funny, silly humor—and the result is the perfect gift and all-around kit for the toilet-training set (and their parents). Here's everything needed to say good-bye to diapers forever, including a 32-page full-color book, four toddler-size magazines for bathroom reading—including Vanity Fairy, BQ (Babies Quarterly), Rolling Stroller, and Sports Animated, 100 toilet targets, reward stickers, a potty chart, a helpful brochure for parents (written by a pediatrician), and, best of all, a child's very own roll of toilet paper on a refillable holder. With its happy illustrations of a proud and curious toddler (unlike most other potty training books, this one is gender-neutral), the Potty Caddy Book answers the questions little kids actually think about: Why does the toilet make such a loud noise when it flushes? Will I fall in? Why do I need to stop using diapers? Where does everything go? But it does it all from a toddler's perspective, with the help of far-fetched creatures (swamp elephants, space aliens, and the Poop Police), plus songs and tips. Warning: Contains bathroom humor.
