Reimagining Internationalization and International Initiatives at Historically Black Colleges and Universities Krishna Bista,Anthony L. Pinder,2022-06-11 This book explores the internationalization policy, programs, and initiatives at Historically Black Colleges and Universities (HBCUs) in the United States. This book addresses the value and impact of internationalization for all students at HBCUs and beyond. Internationalization can be leveraged as a tool for social justice and diversity thus moving students who are often placed at the periphery of society to the center. It also highlights the tensions between internationalization and institutional policies and priorities, while still serving, who have been historically marginalized.

The External Dimension of the European Union's Critical Infrastructure Protection Programme Alessandro Lazari,Robert Mikac,2022-06-27 External Dimension of the European Union's

Critical Infrastructure Protection Programme: From Neighboring Frameworks to Transatlantic Cooperation provides the basis, methodological framework, and first comprehensive analysis of the current state of the external dimension European Programme for Critical Infrastructure Protection. The challenges at the EU level are multidimension insofar as identifying, designating and protecting critical infrastructures with the ultimate goal of harmonizing different national policies of the Member States and creating the identity of the European Union in this arena. Modern society has become so reliant on various sectors of critical infrastructure—energy, telecommunications, transport, finance, ICT, and public services—that any disruption may lead to serious failures that impact individuals, society, and the economy. The importance of critical infrastructures grows with the industrial development of global and national communities; their interdependence and resiliency is increasingly important given security threats including terrorism, natural disaster, climate change and pandemic outbreak In the area of Critical Infrastructure Protection and Resilience, the European Union is constantly committed to setting the objectives for the Member States. At the same time, the European Commission promotes the importance of a common approach to Critical Infrastructure Protection (CIP), and ensure cooperation beyond the borders of the Union, while also cooperating with neighboring countries, including those soon willing to join the European Union. This book has been structured and written to contribute to current critical infrastructures, resilience policy development and discussions about regional and international cooperation. It serves as a reference for those countries willing to initiate cooperation and that therefore demand deeper knowledge on the security cultures and frameworks of their potential partners. Features: Provides an unprecedented analysis of the national frameworks of 14 neighboring countries of the EU, plus the United States and Canada Overcomes the language barriers to

provide an overall picture of the state of play of the countries considered Outlines the shaping of national critical infrastructure protection frameworks to understanding the importance of service stability and continuity Presents guidelines to building a comprehensive and flexible normative framework Addresses the strategic and operational importance of international co-operation on critical infrastructure including efforts in CIP education and training Provides insight to institutions and decision-makers on existing policies and ways to improve the European security agenda The book explains and advocates for establishing stronger, more resilient systems to preserve functionalities at the local, national, and international levels. Security, industry, and policy experts—both practitioners and policy decision-makers—looking for answers will find the solutions they seek within this book.

Rewired Ryan Ellis, Vivek Mohan, 2019-04-25 Examines the governance challenges of cybersecurity through twelve, real-world case studies Through twelve detailed case studies, this superb collection provides an overview of the ways in which government officials and corporate leaders across the globe are responding to the challenges of cybersecurity. Drawing perspectives from industry, government, and academia, the book incisively analyzes the actual issues, and provides a guide to the continually evolving cybersecurity ecosystem. It charts the role that corporations, policymakers, and technologists are playing in defining the contours of our digital world. Rewired: Cybersecurity Governance places great emphasis on the interconnection of law, policy, and technology in cyberspace. It examines some of the competing organizational efforts and institutions that are attempting to secure cyberspace and considers the broader implications of the in-place and unfolding efforts—tracing how different notions of cybersecurity are deployed and built into stable routines and practices. Ultimately, the book explores the core tensions that sit at the center of cybersecurity efforts,

highlighting the ways in which debates about cybersecurity are often inevitably about much more. Introduces the legal and policy dimensions of cybersecurity Collects contributions from an international collection of scholars and practitioners Provides a detailed map of the emerging cybersecurity ecosystem, covering the role that corporations, policymakers, and technologists play Uses accessible case studies to provide a non-technical description of key terms and technologies Rewired: Cybersecurity Governance is an excellent guide for all policymakers, corporate leaders, academics, students, and IT professionals responding to and engaging with ongoing cybersecurity challenges.

Proposed wilderness program for the Safford District wilderness EIS area United States. Bureau of Land Management. Safford District, 1987 This environmental impact statement (EIS) has been prepared to determine the impacts that would occur to the resources and uses of nine wilderness study areas (WSAs) in the Safford District of the Bureau of Land Management (BLM). The impacts have been evaluated for each of five wilderness management alternatives ranging from all wilderness to no wilderness ... The nine WSAs included in this environmental impact statement (EIS) are in the Gila and San Simon Resource Areas of the Safford District in Cochise, Gila, Graham and Greenlee Counties, Arizona and Hidalgo County, New Mexico. The WSAs are Needle's Eye (AZ-040-1A), Black Rock (AZ-040-8), Fishhooks (AZ-040-14), Day Mine (AZ-040-16), Gila Box (AZ-040-22/23/24(A)), Turtle Mountain (AZ-040-22/23/24(B)), Javelina Peak (AZ-040-48), Peloncillo Mountains (AZ-040-60) and Dos Cabezas Mountains (AZ-040-65) ... Safford/Thatcher, Globe/Miami and Clifton/Morenci, Arizona are the largest communities near the WSAs. Duncan, Hayden/Winkelman and Wilcox, Arizona, and Lordsburg, New Mexico are smaller centers of population.

New York Magazine ,1992-12-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Ethics, Law and Society Jennifer Gunning,2017-07-28 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics, Law & Society. It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues. The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees. It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts. The contributors collect responses to issues arising from high profile cases such as the legitimacy of war in Iraq to physician-related suicide. The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines.
