The Protector Jodi Ellen Malpas,2016 -- THIS MAN People think they have Camille Logan nailed: daddy's girl; beautiful, spoiled young woman with her father's bank balance to fund her lifestyle. But Camille is determined to have a life free from his strings. Out on her own, she's made mistakes, including one that found her clawing her way back after a stint in rehab and plenty of bad press. Now, after fighting so hard to be independent and happy, she finds her life threatened as a result of her father's ruthless business dealings. Caught between resentment and fear, Camille prepares herself for the measures her father will take to protect her. But nothing could prepare her for the ex-SAS sniper who crashes into her life. Jake Sharp resides in his own personal hell. He was distracted from duty once before, and the consequences were devastating--both personally and professionally. He vowed never to let that happen again. Accepting the job of bodyguard to Camille Logan isn't the kind of distraction from his demons he should take. Women and Jake don't mix well, yet protecting the heiress seems the lesser of two evils. But Jake soon discovers that she isn't the woman she's perceived to be. She's warm, compassionate, her presence settling, and his duty to protect her soon goes deeper than a well-paid job, no matter how hard he fights it. He needs absolution. He comes to need Camille. But he knows he can't have both.

Father, The Family Protector James B. Stenson, 2017-03-31 In *Father, The Family Protector*, Educator James Stenson explores how fathers exercise their powerful and particularly masculine contribution to family life. His research comes from more than twenty years of working with families from two highly successful independent secondary schools for boys that he helped establish, The Heights School in Washington D.C., and Northridge Preparatory School in Chicago. As headmaster, he made it his business to know hundreds of families intimately studying their family lives, watching their children grow into maturity, very often successfully, but sometimes not. Through countless conversations with fathers and mothers, he tried to account for the differences, looking for patterns of family life among those parents who triumphed with their children. What did these successful men and women have in common? What did they manage to do right? Most important: what could other parents learn from their experience? This wisdom of fatherhood is what this book is all about. It explains the main obstacles in today's society that undercut a father's teaching role, and tells men what they could do to overcome them. Then within this framework, James Stenson spells out how successful fathers deal with their children in the more crucial areas: family rules, discipline, schooling, sports, recreation, the media, and ongoing teamwork with one's wife. In short, this book provides the guidance that will help any father to carry out a serious responsibility - that of protector of his family. Listen to author James Stenson speak about Successful Fathers.

The Protector (The Taskforce Series, Book 1) Marliss Melton, 2024-03-05 Discover the Cost of Freedom and the Power of Love in *The Protector*, Book One in the Taskforce Series, a Romantic Military Suspense Novel from Marliss Melton In the serene embrace of the Blue Ridge Mountains, former Navy SEAL Ike Calhoun thought he had escaped the shadows of the War on Terror. But destiny intervenes when an old friend calls, catapulting him back into a world he thought he'd left behind. A woman marked by her father's legacy in Afghanistan, Eryn McClellan isn't just the ISAF general's daughter; she's the focus of a high-stakes game played by ambitious federal agents and a crazed jihadist. The only safe place for her is in Ike's remote cabin, where her unsettling presence disrupts his self-imposed isolation. Ike instructs Eryn in ways to defend herself and, yet, with her grace and resilience, it is she who dismantles the walls around Ike's heart, allowing him to feel again. As the FBI's strategies turn riskier—using Eryn as bait to catch the extremist—a fierce protective instinct awakens in Ike Calhoun. Compelled to shield the general's daughter at any cost, Ike finds in Eryn not just a mission, but a burning motivation to confront his past and protect a future that suddenly seems worth fighting for. The kind of intrigue I enjoy; much like Tom Clancy, Vince Flynn, David Baldacci, and Steig Larsen. They have nothing on her. ~Lt. Col. John Lund, U.S. Air Force, ret.
