In the Quick Kate Hope Day,2022-06-21 GOOD MORNING AMERICA BUZZ PICK • A young, ambitious female astronaut’s life is upended by a love affair that threatens the rescue of a lost crew in this brilliantly imagined novel “with echoes of Station Eleven, The Martian, and, yes, Jane Eyre” (Observer). NAMED ONE OF THE BEST BOOKS OF THE YEAR BY VULTURE AND SHE READS • “The female astronaut novel we never knew we needed.”—Entertainment Weekly June is a brilliant but difficult girl with a gift for mechanical invention who leaves home to begin grueling astronaut training at the National Space Program. Younger by two years than her classmates at Peter Reed, the school on campus named for her uncle, she flourishes in her classes but struggles to make friends and find true intellectual peers. Six years later, she has gained a coveted post as an engineer on a space station—and a hard-won sense of belonging—but is haunted by the mystery of Inquiry, a revolutionary spacecraft powered by her beloved late uncle’s fuel cells. The spacecraft went missing when June was twelve years old, and while the rest of the world seems to have forgotten the crew, June alone has evidence that makes her believe they are still alive. She seeks out James, her uncle’s former protégé, also brilliant, also difficult, who has been trying to discover why Inquiry’s fuel cells failed. James and June forge an intense intellectual bond that becomes an electric attraction. But the relationship that develops between them as they work to solve the fuel cell’s fatal flaw threatens to destroy everything they’ve worked so hard to create—and any chance of bringing the Inquiry crew home alive. A propulsive narrative of one woman’s persistence and journey to self-discovery, In the Quick is an exploration of the strengths and limits of human ability in the face of hardship, and the costs of human ingenuity. This edition includes a bonus chapter.

Conversational Haitian Creole Quick and Easy Nitzany Yatir,2019-01-26 Have you always wanted to learn how to speak Haitian Creole but simply didn't have the time? Well if so, then, look no further. You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work—discoveries that are detailed further in this book—Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant—now. If you want to learn complicated grammar rules, or to speak perfectly proper and precise Creole, this book is not for you. However, if you need to actually hold a conversation while on a trip to Haiti, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. This is one of the several, in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With *Conversational Haitian Creole Quick and Easy*, all you need are fifty-two pages. Learn Haitian Creole today, not tomorrow, and get started now!

The Quick Katrina Roberts,2005 The Quick is a book of essences. Katrina Roberts's large-spirited and exhilarating poetry is at once celebratory and elegiac, lyric and narrative, striving to divine what's at the quick of this fleeting existence we share. Anchored in many ways by the long poem Cantata, which chronicles her pregnancy and the birth of her son, the book turns and turns its kaleidoscopic lens, settling now on origins and creation

myths, now on Greek or Welsh gods, now on a painting by Vermeer or on an article from the daily news, all slipping together to illuminate our coming to consciousness, our coming to be. The poems ask how one might reconcile one's simple joys with the world's larger concerns. An inquiry of this depth cannot fail to encounter grief, but it is a grief tempered and transcended by the acceptance of ongoing life, as well as a consistently outward-focused eye and a passion for language. Sparked by Roberts's sharp imagery and daring cadences, this is a fresh and savvy collection, informed by science, myth, music, philosophy, and etymology, all braided within a sinuous narrative line that runs from sorrow to rich celebration.
