Memory and Medievalism in George RR Martin and Game of Thrones Carolyne Larrington,Anna Czarnowus,2022-08-11 This book explores the connections between history and fantasy in George RR Martin's immensely popular book series 'A Song of Ice and Fire' and the international TV sensation HBO TV's Game of Thrones. Acknowledging the final season's foregrounding of the cultural centrality of history, truth and memory in the confrontation between Bran and the Night King, the volume takes full account of the TV show's conclusion in its multiple readings across from medieval history, its institutions and practices, as depicted in the books to the show's own particular medievalism. The topics under discussion include the treatment of the historical phenomena of chivalry, tournaments, dreams, models of education, and the supernatural, and the different ways in which these are mediated in Martin's books and the TV show. The collection also includes a new study of one of Martin's key sources, Maurice Druon's Les Rois Maudits, in-depth explorations of major characters in their medieval contexts, and provocative reflections on the show's controversial handling of gender and power politics. Written by an international team of medieval scholars, historians, literary and cultural experts, bringing their own unique perspectives to the multiple societies, belief-systems and customs of the 'Game of Thrones' universe, Memory and Medievalism in George RR Martin and Game of Thrones offers original and sparky insights into the world-building of books and show.

George R. R. Martin Starter Pack 4-Book Bundle George R. R. Martin,2012-12-03 The epic saga that inspired HBO's Game of Thrones made George R. R. Martin an international phenomenon, but there's much more to this versatile, prolific, and original author. In addition to the book that kicks off A Song of Ice of Fire, this eBook bundle includes Dreamsongs: Volume I, which showcases Martin's early writings; Fevre Dream, the acclaimed author's reinvention of the vampire novel; and The Armageddon Rag, a thrilling story of psychedelic—and apocalyptic—rock. Spanning genres of fantasy, science fiction, horror, and suspense, Martin's virtuosic talents will surprise and delight even his most devoted fans. A GAME OF THRONES “The only fantasy series I'd put on a level with J.R.R. Tolkien's The Lord of the Rings . . . It's a fantasy series for hip, smart people, even those who don't read fantasy.”—Chicago Tribune In a land where summers can last decades and winters a lifetime, trouble is brewing. As sinister forces mass beyond the kingdom's protective Wall, the king's powers are failing—his most trusted adviser is dead and his enemies are emerging from the shadows of the throne. At the center of the conflict lie the Starks of Winterfell, a family as harsh and unyielding as the frozen land they were born to. Now Lord Eddard Stark is reluctantly summoned to serve as the king's new Hand, an appointment that threatens to sunder not only his family but the kingdom itself. DREAMSONGS: VOLUME I “The ideal way to discover . . . a master of science fiction, fantasy and horror. . . . Martin is a writer like no other.”—The Guardian (U.K.) Gathered here are the very best of Martin's early works, including his Hugo, Nebula, and Bram Stoker award-winning stories, cool fan pieces, and the original novella The Ice Dragon, from which his New York Times bestselling children's book of the same title originated. With extensive author commentary, Dreamsongs: Volume I is a rare treat, offering fascinating insights into Martin's journey from young writer to award-winning master. FEVRE DREAM “An adventure into the heart of darkness that transcends even the most inventive vampire novels.”—Los Angeles Herald Examiner Abner Marsh, a struggling riverboat captain, suspects that something's amiss when he is approached by a wealthy aristocrat with a lucrative offer. The hauntingly pale, steely-eyed Joshua York doesn't care that the icy winter of 1857 has wiped out all but one of Marsh's dilapidated fleet. Not until the maiden voyage of Fevre Dream does Marsh realize that he has joined a mission both more sinister, and perhaps more noble, than his most fantastic nightmare—and humankind's most impossible dream. THE ARMAGEDDON RAG “The best novel concerning the American pop music culture of the sixties I've ever read.”—Stephen King Onetime underground journalist Sandy Blair has come a long way from his radical roots in the sixties—until he's drawn back by the bizarre and brutal murder of a rock promoter who made millions

with a band called the Nazgûl. As Sandy investigates the crime, he finds himself drawn back into his own past. For a new messiah has resurrected the Nazgûl along with a requiem of demonism, mind control, and death, whose apocalyptic tune only Sandy may be able to change.

George R. R. Martin's A Game of Thrones 5-Book Boxed Set (Song of Ice and Fire Series) George R. R. Martin,2012-09-10 For the first time, all five novels in the epic fantasy series that inspired HBO’s Game of Thrones are together in one eBook bundle. An immersive entertainment experience unlike any other, A Song of Ice and Fire has earned George R. R. Martin—dubbed “the American Tolkien” by Time magazine—international acclaim and millions of loyal readers. Now this bundle collects the entire monumental cycle in the most convenient format available: A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS A DANCE WITH DRAGONS “One of the best series in the history of fantasy.”—Los Angeles Times Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King’s Landing. There Eddard Stark of Winterfell rules in Robert’s name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen’s brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.”—The New York Times
