George Paxinos

Rat Andrzej Zaniewski, 1994 To be published simultaneously in nine countries, *Rat* is an allegorical novel--about the laws that govern society, about our mythologies, truths and lies, behaviors and institutions, love and hope--as reflected in the gutters, drains and sewers where our close relative, the rat, lives.

The Rat, 1950

Rats Israel Horovitz, 1968 THE STORY: In Martin Gottfried's words: The story is about two rats. One has control over a rich hunting ground in New York City and the other has come down from Greenwich, Connecticut, looking for an in. The power rat is reluctant to let anybody into his domain but his visitor is convincing and talks his way in, until an infant child makes his appearance. Then the country rat wants his bite, the city rat is revealed as kindhearted and they fight over the screaming baby. It is a hideously powerful conclusion to a fascinating and comic play. The play's fascination, though, is more with its treatment of rats as souls. Mr. Horovitz is not simply dealing with sewer rats in the city. He is also dealing with people-rats in their conniving for position (a subject which he has artfully treated before). The play moves from very funny parallels with social status to very grisly parallels with greed. It is superb and Horovitz has quickly established himself as a playwright of smooth technique, serious intent and great imagination.

Three Years with the Rat Jay Hosking, 2017-01-24 "Three Years with the Rat is a mind-warping thriller that will make you question reality as you conceive of it. One of the most assured and haunting debuts I've read in recent memory." —Blake Crouch,

author of *Dark Matter* After several years of drifting between school and go-nowhere jobs, a young man is drawn back into the big city of his youth. The magnet is his beloved older sister, Grace: always smart and charismatic even when she was rebelling, and always his hero. Now she is a promising graduate student in psychophysics and the center of a group of friends who take "Little Brother" into their fold, where he finds camaraderie, romance, and even a decent job. But it soon becomes clear that things are not well with Grace. Always acerbic, she now veers into sudden rages that are increasingly directed at her adoring boyfriend, John, who is also her fellow researcher. When Grace disappears, and John shortly thereafter, the narrator makes an astonishing discovery in their apartment: a box big enough to crawl inside, a lab rat, and a note that says This is the only way back for us. Soon he embarks on a mission to discover the truth, a pursuit that forces him to question time and space itself, and ultimately toward a perilous confrontation at the very limits of imagination. This kinetic novel catapults the classic noir plot of a woman gone missing into the twenty-first-century city, where so-called reality crashes into speculative science. Jay Hosking's *Three Years with the Rat* is simultaneously a mind-twisting mystery that plays with the very nature of time and the story of a young man who must face the dangerously destructive forces we all carry within ourselves.

The Rat Nervous System George Paxinos, 2004-05-05 This third edition of the standard reference on the nervous system of the rat is a complete and updated revision of the 1994 second edition. All chapters have been extensively updated, and new chapters added covering early segmentation, growth factors, and glia. Physiological data, functional concepts, and correlates to human anatomy and function round out the new edition. Designed to be used in conjunction with the

The Rambles of a Rat A. L. O. E.,1887

The Christmas Rat Avi,2015-03-17 He is one weird Christmas visitor -- his hair and moustache an unearthly white-blond, his voice a gruff rumble. He fills the apartment doorway. From two metal cases he produces what a boy would expect from an exterminator: Toxic roach powders and poisonous fog bombs. But a crossbow? Eric is fascinated at first. He's been bored this snowbound vacation, and has already zapped about a zillion Zergs. Antsy, he's even sneaked a look at the Christmas presents hidden beneath his parents' bed. Then Anje Gabrail, this exterminator, appears, talking a little madly about his war against rats -- about killing them. The worst, Anje says. And if Eric sees one in the Eden Apartments, he is to call Anje's twenty-four-hour cell phone immediately. Later that Monday, the fourth day before Christmas, a rat does appear in the building's basement -- and Eric finds himself suddenly, frighteningly swept into Anje's vengeful army. As either partner...or victim. With only a flashlight.

Wildeberry Tails Missy Villapudua,2020-01-24 The daylight world has always been off-limits to rats and other night-time creatures... but why? A teen-aged rat named Roddy is determined to find out even if it means challenging his family's long-held beliefs. But alas, the daylight world may be as unwelcoming as his grandparents had forewarned. Shining light on hidden truths, pushing friendships to the limit, and dodging the paws and claws of the daylight creatures may be an adventure too painful to pursue... maybe living in the shadows is easier and safer after all!

And perhaps some secrets are better kept in the dark...

Boorman's Pathology of the Rat Andrew W. Suttie, Joel R. Leininger, Alys E. Bradley, 2017-12-18 Boorman's Pathology of the Rat: Reference and Atlas, Second Edition, continues its history as the most comprehensive pathology reference on rat strains for researchers across science and medicine using rat models in the laboratory.
