Reel Kennedy Ryan,2021-06-08 Award-Winning Wall Street Journal bestselling author Kennedy Ryan launches a brand-new series with a Hollywood tale of wild ambition, artistic obsession, and unrelenting love. One moment in the spotlight . . . For months I stood by, an understudy waiting in the wings, preparing for my time to shine. I never imagined he would watch in the audience that night. Canon Holt. Famous film director. Fascinating. Talented. Fine Before I could catch my breath, everything changed. I went from backstage Broadway to center stage Hollywood. From being unknown, to my name, Neevah Saint, on everyone's lips. Canon casts me in a star-studded Harlem Renaissance biopic, catapulting me into another stratosphere. But stars shine brightest in the dead of night. Forbidden attraction, scandal and circumstances beyond my control jeopardize my dream. Could this one shot—the role of a lifetime, the love of a lifetime—cost me everything?

Reel Latinxs Frederick Luis Aldama,Christopher González,2019-09-24 Latinx representation in the popular imagination has infuriated and befuddled the Latinx community for decades. These misrepresentations and stereotypes soon became as American as apple pie. But these cardboard cutouts and examples of lazy storytelling could never embody the rich traditions and histories of Latinx peoples. Not seeing real Latinxs on TV and film reels as kids inspired the authors to dive deep into the world of mainstream television and film to uncover examples of representation, good and bad. The result: a riveting ride through televisual and celluloid reels that make up mainstream culture. As pop culture experts Frederick Luis Aldama and Christopher González show, the way Latinx peoples have appeared and are still represented in mainstream TV and film narratives is as frustrating as it is illuminating. Stereotypes such as drug lords, petty criminals, buffoons, and sexed-up lovers have filled both small and silver screens—and the minds of the public. Aldama and González blaze new paths through Latinx cultural phenomena that disrupt stereotypes, breathing complexity into real Latinx subjectivities and experiences. In this grand sleuthing sweep of Latinx representation in mainstream TV and film that continues to shape the imagination of U.S. society, these two Latinx pop culture authorities call us all to scholarly action.

Reel History Robert Brent Toplin,2002 The author makes an argument for clemency in judging Hollywood's interpretations of history and thoroughly investigates its serious limitations and opportunities to construe history.

Reel Nature Gregg Mitman,2012-09-01 Winner of the History of Science Society's Watson Davis and Helen Miles Davis Prize in the History of Science. From the early exploits of Teddy Roosevelt in Africa to blockbuster films such as *March of the Penguins*, Gregg Mitman's *Reel Nature* reveals how changing values, scientific developments, and new technologies have come to shape American encounters with wildlife on and off the big screen. Whether crafted to elicit thrills or to educate audiences about the real-life drama of threatened wildlife, nature films then and now have had an enormous impact on how Americans see, think about, consume, and struggle to protect animals across the globe. The Virginia Reel ,1920

Reel to Real Bell Hooks,1996 In *Reel to Real*, Hooks enhances our visual experience of movies, enabling us to see in a new way. Her work, like the best films of our time, provokes thought and creates a context for dialogue.

Reel Tobias Carroll,2016-10-11 *Reel* follows two lives that collide at a Seattle punk show, and the strange consequences that arise. Timon serves as the hyperobservant western outpost of his family's business, verifying artifacts and losing himself in deafening music and isolation. Marianne fears stagnation, and has begun to crave the rootless travel of her youth. After a tense meeting, each proceeds through a series of surreal encounters that deconstruct the lives that they've created, forcing each one into a reckoning with the world around them.

The Missing Reel Christopher Rawlence,1990

Reel Life 101 Jon Anthony Dosa,2006-04 *Reel Life: 101* meticulously and cleverly presents more than 1,101 of the most culturally influential movie lines of our time, it is not a mere collection of familiar movie quotes from popular movies. In fact, you probably won't remember most of them. But, they remember you. *Reel Life 101* is a fascinating first-ever compilation of those special lines and bits of dialogue that went, as if by some divine cinematic guidance, directly to your brain. There, it was compressed and stored in a unique one-of-a-kind celebrity cell, ready to be re-act-ivated into the scenes of your own reel life dramas. Jon Anthony Dosa, the Emmy Award winning producer of *A Day At The Movies*, lovingly and meticulously presents more than 1,101 of these literary gems, these nuggets of behavioral truths, in a meaningful, easy to read, and entertainingly clever way. Years in the making, and a true labor of love, *Reel Life 101* is a must-have resource book for film buffs, sociologists, therapists, historians, writers, speakers, and anyone who wants to understand what life, death, love, marriage, anger, and humor are all about.

The Reel Sisters Michelle Cummings,2017-11-03 A naked girl gets swept downstream and is fished out by four women fly fishers. Tales of adventure, as well as stories of renewal, discovery, and tragedy follow the five women as they find each other (and themselves) through the sport of fly fishing. Through the tales of each character, *The Reel Sisters* fosters the notion that fly fishing has the potential to transcend age, gender, culture, and even socioeconomic barriers, and can occasionally be the glue that binds us. *The Reel Sisters* is a story about the power of women friendships, and how we learn a little bit about ourselves each time we step into the river. By the end of the book, you'll want to start planning your own *Reel Sisters* adventures.

Reel Nature Gregg Mitman,1999 Americans have had a long-standing love affair with the wilderness. As cities grew and frontiers disappeared, film emerged to feed an insatiable curiosity about wildlife. The camera promised to bring us into contact with the animal world, undetected and unarmed. Yet the camera's penetration of this world has inevitably brought human artifice and technology into the picture as well. In the first major analysis of American nature films in the twentieth century, Gregg Mitman shows how our cultural values, scientific needs, and new technologies produced the images that have shaped our contemporary view of wildlife. Like the museum and the zoo, the nature film sought to recreate the experience of unspoiled nature while appealing to a popular audience, through a blend of scientific research and commercial promotion, education and entertainment, authenticity and artifice. Travelogue-expedition films, like Teddy Roosevelt's African safari, catered to upper- and middle-class patrons who were intrigued by the exotic and entertained by the thrill of big-game hunting and collecting. The proliferation of nature movies and television shows in the 1950s, such as Disney's *True-Life Adventures* and Marlin Perkins's *Wild Kingdom*, made nature familiar and accessible to America's baby-boom generation, fostering the environmental activism of the latter part of the twentieth century. *Reel Nature* reveals the shifting conventions of nature films and their enormous impact on our perceptions of, and politics about, the environment. Whether crafted to elicit thrills or to educate audiences about the real-life drama of threatened wildlife, nature films then and now reveal much about the yearnings of Americans to be both close to nature and yet distinctly apart.

Reel Spirituality Robert K. Johnston,2006-12 A comprehensive study of theology and film that explores how the Christian faith is portrayed in film throughout history.

Reel Racism Vincent F. Rocchio,2018-05-04 This study looks beyond reflection theories of the media to examine cinema's active participation in the operations of racism - a complex process rooted in the dynamics of representation. Written for undergraduates and graduate students of film studies and philosophy, this work focuses on methods and frameworks that analyze films for their production of meaning and how those meanings participate in a broader process of justifying, naturalizing, or legitimizing difference, privilege, and violence based on race. In addition to analyzing how the process of racism is articulated in specific films, it examines how specific meanings can resist their function of ideological containment, and instead, offer a perspective of a more collective, egalitarian social system - one that transcends the discourse of race.

Reel Power Matthew Alford,2010-09-15 Hollywood is often characterized as a stronghold of left-liberal ideals. In *Reel Power*, Matthew Alford shows it is in fact deeply complicit in serving the interests of the most regressive U.S. corporate and political forces. Films like *Transformers*, *Terminator: Salvation* and *Black Hawk Down* are constructed with Defense Department assistance as explicit cheerleaders for the U.S. military, but Matthew Alford also emphasizes how so-called radical films like *Three Kings*, *Hotel Rwanda* and *Avatar* present watered-down alternative visions of American politics that serve a similar function. *Reel Power* is the first book to examine the internal workings of contemporary Hollywood as a politicized industry as well as scores of films across all genres. No matter what the progressive impulses of some celebrities and artists, Alford shows how they are part of a

system that is hard-wired to encourage American global supremacy and frequently the use of state violence.

Reel Justice Paul Bergman,Michael Asimow,2006-04 Publisher Description

Shadows Reel C. J. Box,2022-08-02 Wyoming Game Warden Joe Pickett and his wife, Marybeth, make separate discoveries that put the Pickett family in a pair of killers’ crosshairs in this thrilling new novel in the bestselling series. Don’t miss the JOE PICKETT series—now streaming on Paramount+ A day before the three Pickett girls come home for Thanksgiving, Joe is called out for a moose-poaching incident that turns out to be something much more sinister: a local fishing guide has been brutally tortured and murdered. At the same time, Marybeth opens an unmarked package at the library where she works and finds a photo album that belonged to an infamous Nazi official. Who left it there? And why? She learns that during World War II, several Wyoming soldiers were in the group that fought to Hitler’s Eagles Nest retreat in the Alps—and one of them took the Fuhrer’s personal photo album. Did another take this one and keep it all these years? When a close neighbor is murdered, Joe and Marybeth face new questions: Who is after the book? And how will they solve its mystery before someone hurts them...or their girls? Meanwhile, Nate Romanowski is on the hunt for the man who stole his falcons and attacked his wife. Using a network of fellow falconers, Nate tracks the man from one city to another. Even as he grasps the true threat his quarry presents, Nate swoops in for the kill—and a stunning final showdown.

1 Reel of String Barrett Green,2018-03-20 This is a work to show how friendliness and cooperation can be achieved so the American Dream can survive.

Reel Terror David Konow,2012-10-02 From the author of the definitive heavy metal history, Bang Your Head, a behind-the-scenes look a century of horror films Reel Terror is a love letter to the wildly popular yet still misunderstood genre that churns out blockbusters and cult classics year after year. From The Cabinet of Dr. Caligari to Paranormal Activity, Konow explores its all-time highs and lows, why the genre has been overlooked, and how horror films just might help us overcome fear. His on-set stories and insights delve into each movie and its effect on American culture. For novices to all out film buffs, this is the perfection companion to this Halloween's movie marathons.

Reel Food Anne L. Bower,2012-08-06 Reel Food is the first book devoted to food as a vibrant and evocative element of film, featuring original essays by major food studies scholars, among them Carole Counihan and Michael Ashkenazi. This collection reads various films through their uses of food-from major food films like Babette's Feast and Big Night to less obvious choices including The Godfather trilogy and The Matrix. The contributors draw attention to the various ways in which food is employed to make meaning in film. In some cases, such as Soul Food and Tortilla Soup, for example, food is used to represent racial and ethnic identities. In other cases, such as Chocolat and Like Water for Chocolate, food plays a role in gender and sexual politics. And, of course, there is also discussion of the centrality of popcorn to the movie-going experience. This book is a feast for scholars, foodies, and cinema buffs. It will be of major interest to anyone working in popular culture, film studies, and food studies, at both the undergraduate and graduate level.

The Reel Civil War Bruce Chadwick,2009-08-19 During the late nineteenth century, magazines, newspapers, novelists, and even historians presented a revised version of the Civil War that, intending to reconcile the former foes, downplayed the issues of slavery and racial injustice, and often promoted and reinforced the worst racial stereotypes. The Reel Civil War tells the history of how these misrepresentations of history made their way into movies. More than 800 films have been made about the Civil War. Citing such classics as Birth of a Nation and Gone With the Wind as well as many other films, Bruce Chadwick shows how most of them have, until recently, projected an image of gallant soldiers, beautiful belles, sprawling plantations, and docile or dangerous slaves. He demonstrates how the movies aided and abetted racism and an inaccurate view of American history, providing a revealing and important account of the power of cinema to shape our understanding of historical truth.
