Fra Tortur Til Trygghet Jahangir Alam Akash,2012-11 I denne boka skriver Akash om sine erfaringer fra Bangladesh. Her får vi et innblikk i bangladeshiske samfunnsforhold, både på godt og vondt. Bangladesh er et fint ferieland, men samtidig kan landets myndigheter opptre brutalt og hensynsløst mot sine opposisjonelle innbyggere. Dette har Akash selv erfaring med. Forfatteren forteller videre hvordan det var å komme til Norge, og om sine opplevelser med nordmenn og deres kultur i et fritt og demokratisk land. Han kommer også med noen filosofiske betraktninger angående fred og menneskerettigheter, og hvordan vi alle kan jobbe for å få et sunt og demokratisk samfunn.

Norsk, nordmenn og Norge 1 Kathleen Stokker,Haddal Odd,2009-12-11 This introduction to Norwegian helps students acquire the basic units of vocabulary and structure and use that knowledge to learn about Norway and Norwegian culture. Once students acquire the basic units of vocabulary and structure, they will use their knowledge of the language to learn about Norway. Students will learn about the cities of Oslo and Bergen, how to converse when eating in a Norwegian home or restaurant, and about Norwegian schools. Emphasis is also given to travel and communications, as well as the seasons of the year and Norwegian holidays. The present edition of the text features a short grammar summary, a reference for review to assist in drawing together aspects of the grammar that are presented throughout the text. To aid in developing good pronunciation and intonation habits, as well as to

internalize certain items of vocabulary and structure, most chapters contain a practice dialogue for students to practice repeatedly while studying the chapter.

Trenger deg død Peter James, 2021-02-09 Hvordan blir man morder? Lorna Belling gjør hva som helst for å komme seg ut av et destruktivt ekteskap og faller for en ny mann – som lover henne gull og grønne skoger. Men som Lorna finner ut, kan det ofte være manglende samsvar mellom det man planlegger og den vendingen livet faktisk tar. Et tilfeldig foto på en mobil til en av klientene endrer alt for henne. På et offentlig bad i Brighton finner man liket av en kvinne, og politietterforsker Roy Grace tilkalles. Det som først ser ut som en ukomplisert sak med en åpenbar hovedmistenkt, viser seg til Grace sin store overraskelse å være alt annet enn akkurat det. Peter James er et av krimlitteraturens aller sterkeste navn. «James blir bare bedre og bedre. Han fortjener virkelig all suksessen han har hatt med denne førsteklaseserien.» Independent on Sunday

Learn Norwegian - Quick / Easy / Efficient Pinhok Languages, 2022-05-01 A curated Norwegian word frequency list Are you looking for unconventional ways to speed up the process of learning Norwegian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Norwegian words and phrases ordered by their frequency of use. Who this Norwegian learning book is for: This book is for beginners and intermediate learners of Norwegian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Norwegian frequency list is not for: This book is not for you if you are an advanced learner of Norwegian. In this case, please go to our website or search for our Norwegian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Norwegian learning book that guides you through the various steps of learning Norwegian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Norwegian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.

The Norwegian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Norwegian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Norwegian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Norwegian and comes in particularly handy at times when there is no internet to look up words and phrases.

Verbal Prepositions and Argument Structure Mai Ellin Tungseth, 2008 This book investigates different types of verb-PP combinations and examines the types of meanings which arise when the argument structure of the PP fuses with the verbal argument structure. Focussing mainly on data from Norwegian, the book investigates three different empirical domains of PP-VP combinations and concludes that the arising interpretations result from a combination of the fine-grained structure of the PP, the structure of the verb phrase, and the different modes of combination. The book sheds new light on the syntax-semantics interplay while adding new insight about the properties of the category P in Norwegian. The book also contributes to the debate between Lexicalism and Constructionism, and it concludes that a moderate Constructionist model with a fine-grained syntactic structure determining interpretation is best equipped to handle the enormous flexibility of verb-prepositional phrase combinations of the types explored.
