

Rope: Worlds

Andrew Greig

A Rope from the Sky Zach Vertin,2019-01-01 The untold story of America's attempt to forge a nation from scratch, from euphoric birth to heart-wrenching collapse. South Sudan's independence was celebrated around the world—a triumph for global justice and an end to one of the world's most devastating wars. But the party would not last long: South Sudan's freedom fighters soon plunged their new nation into chaos, shattering the promise of liberation and exposing the hubris of their foreign backers. Chronicling extraordinary stories of hope, identity, and survival, *A Rope from the Sky* journeys inside an epic tale of paradise won and then lost. This character-driven narrative is first a story of power, promise, greed, compassion, violence, and redemption from the world's most neglected patch of territory. But it is also a story about the best and worst of America—both its big-hearted ideals and its difficult reckoning with the limits of American power amid a changing global landscape. Zach's Vertin's firsthand accounts, from deadly war zones to the halls of Washington power, brings readers inside this remarkable episode—an unprecedented experiment in state-building and a cautionary tale. It is brilliant and breathtaking, a moder-day Greek tragedy that will challenge our perspectives on global politics.

Dino-Gro Matt Myers,2021-06-15 From the New York Times bestselling illustrator of *Battle Bunny* comes a laugh-out-loud story of a little sponge dinosaur that keeps growing...and growing...and growing.... Cole is very excited about his new Dino-Gro toy. He can't wait for it to reach its full size! But when Dino-Gro becomes much larger than intended, Cole goes so far as to put Dino-Gro on a liquid-free diet and an exercise regimen, which don't seem to make a difference! As Dino-Gro becomes so big that he can't fit in the house, Cole learns that growing up and getting bigger can have advantages too, even if you're not a dinosaur. For fans of *Tiny T. Rex* and *We Don't Eat Our Classmates*, this sweet and hilarious read-aloud is fun for kids to learn the importance of growing up big and strong.

The World's Longest Licorice Rope Matt Myers,2022-07-26 A humorous story about the priceless value of friendship from the creator of *Dino-Gro*. A boy's search for the end of a licorice rope takes him all around the world and winds up with two new friends. When Ben buys a bag of licorice for just one nickel, he gets more than just a sweet

treat. His search for the end of this long, long licorice rope takes him around the world. Ben is trailed by the enterprising candy seller who always shows up just in time to offer Ben help in overcoming the latest obstacle. For a mere nickel, Ben can have a hot air balloon to cross the ocean, snowshoes to plod through a snowstorm, a camel to scale a pyramid, or anything else he might need. But when Ben meets a friend at the other end of the rope, the two remind their sly prankster that friends are always free. Matt Myers takes an ordinary experience and expands it into pictures and text with kid-centered humor.

Glossolalia Andrey Bely, 2003 Andrei Bely was one of the most prolific poets, novelists, and theoreticians among the Russian Symbolists. Engaged throughout his life with the essence of language, his thoughts and findings emerge

repeatedly in his essays and novels. None of his writings on the subject, however, are as remarkable and multifaceted as this Poem about Sound. Glossolalia is a complex examination of philology, philosophy, esoterica, and poetry, all in search of the relationship between sound and sense. It reverberates with sound associations and transcends all boundaries of language, discipline, and tradition. It is simultaneously a treatise on the origins of language and the world's creation through the movements of sounds. Bely reenacts, through the mouth, the cosmology of Rudolf Steiner. Bely's work, in its bold attempt to invoke the living word, remains one of the most far-reaching poetic experiments of the twentieth Century, and this edition offers his fascinating text for the first time in both an English and a German translation, along with the original Russian version and an in-depth commentary by Thomas R. Beyer. Illustrated.
