Rising Strong Brené Brown,2017-04-04 #1 NEW YORK TIMES BESTSELLER • When we deny our stories, they define us. When we own our stories, we get to write the ending. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! Social scientist Brené Brown has ignited a global conversation on courage, vulnerability, shame, and worthiness. Her pioneering work uncovered a profound truth: Vulnerability—the willingness to show up and be seen with no guarantee of outcome—is the only path to more love, belonging, creativity, and joy. But living a brave life is not always easy: We are, inevitably, going to stumble and fall. It is the rise from falling that Brown takes as her subject in Rising Strong. As a grounded theory researcher, Brown has listened as a range of people—from leaders in Fortune 500 companies and the military to artists, couples in long-term relationships, teachers, and parents—shared their stories of being brave, falling, and getting back up. She asked herself, What do these people with strong and loving relationships, leaders nurturing creativity, artists pushing innovation, and clergy walking with people through faith and mystery have in common? The answer was clear: They recognize the power of emotion and they're not afraid to lean in to discomfort. Walking into our stories of hurt can feel dangerous. But the process of regaining our footing in the midst of struggle is where our courage is tested and our values are forged. Our stories of struggle can be big ones, like the loss of a job or the end of a relationship, or smaller ones, like a conflict with a friend or colleague. Regardless of magnitude or circumstance, the rising strong process is the same: We reckon with our emotions and get curious about what we're feeling; we rumble with our stories until we get to a place of truth; and we live this process, every day, until it becomes a practice and creates nothing short of a revolution in our lives. Rising strong after a fall is how we cultivate wholeheartedness. It's the process, Brown writes, that teaches us the most about who we are. ONE OF GREATER GOOD'S FAVORITE BOOKS OF THE YEAR "[Brené Brown's] research and work have given us a new vocabulary, a way to talk with each other about the ideas and feelings and fears we've all had but haven't quite known how to articulate. . . . Brené empowers us each to be a little more courageous."—The Huffington Post

Finishing Strong Steve Farrar,2000-10-09 Bestselling author Steve Farrar has good news for the average man: it doesn't matter if you've had a great start in the Christian life, or a rough one. It doesn't matter if you've stumbled time and again, or even fallen flat on your face. What matters most in this all-important race of life is how you finish. According to Farrar, the man who hangs in there for the long haul with his wife, his kids, and his Lord is an exception these days. *Finishing Strong*, now in trade paperback, offers lively use of Scripture, contemporary illustrations, and study questions to equip every reader to be that exception. For the man who wants to climb the character ladder more than the corporate one, this is an essential tool.

The Present: Fifth-generation Texas Ranger Caitlin Strong finds herself investigating the murder of the oil rig crew that had found the long-lost wreckage of the *Mother Mary*. The crew also uncovered something else beneath the surface of the sea—something connected to a terrorist attack about to be launched by a mad American-born cleric who has recruited an army of homegrown terrorists. With the stakes higher than any she has encountered before, Caitlin races to find the connection between the secret treasure of the *Mother Mary* and the deadly secret hidden on the bottom of the ocean. Caitlin's only chance to defeat the terrorists lies in the darkest reaches of the Louisiana bayou. In the end, only the strongest of vengeance can win the day. The Language of Strong Black Womanhood Karla D. Scott,2017-09-07 In *The Language of Strong Black Womanhood: Myths, Models, Messages, and a New Mandate for Self-Care*, Black women of the Baby Boomer generation and Hip Hop generation share messages communicated and models witnessed in their socialization for strength revealing how this mandate endures in Black women's lived experiences. They also express concern that self-care was not presented as critical for sustaining life as a strong Black woman—a concern shared by Black women bloggers who advocate resisting the myth and redefining strength for self-care. This Black feminist exploration of strong Black womanhood provides an alternative to harmful perceptions, constructions, and representations of Black women and suggests a mandate to move toward the revolutionary act of Black women's self-care.
