Encyclopedia of Sahih Al-Bukhari Abu-'Abdullah Muhammad-Bin-Isma`il Al-Bukhari,2023-06-21 Since the invention of pen and paper, four books have been studied and analyzed more than all others: the Torah, the Gospel, the Qur'an, and Sahih Al-Bukhari. While there have been numerous translations of the first three, there has never been a complete translation of Sahih Al-Bukhari—due to its immense size and utter complexity—until now. After more than ten years of continuous research and translation by multiple layers of linguists, the Arabic Virtual Translation Center is pleased to announce the publication of the first-ever complete English translation of Sahih Al-Bukhari with full sanad and commentary. This is a full and accurate translation of Sahih Al-Bukhari from cover to cover with the addition of explanatory notes, a glossary of every term, and biographies of all characters. Sahih Al-Bukhari is the biggest collection of authentic hadiths. It lays the foundation of Islam and encompasses all the sharia laws. It details the building blocks of the religion and those who constructed them from the Prophet to the Sahabah to the Tabi`un and everyone who influenced them. It is a well-organized labyrinth of Islamic history that describes every precept and explains it thoroughly. Virtually all books about Islam, from those taught in kindergarten to the ones lectured at Azhar University, are interpretations of Sahih Al-Bukhari. Now, with this encyclopedia in hand, we have the opportunity not to rely solely on the works of shady characters, revisionists, or those with ulterior motives. We can retrieve information from its original source in raw format, connect all the dots, and draw our own conclusions. The entire encyclopedia is in full color and is easy to read and understand. It is recommended that it be viewed on a color monitor to easily distinguish between the different features. It is highly advised to peruse the extensive introduction to hadith by the translators before studying Sahih Al-Bukhari. This digital version has links to every entry and similar hadiths to facilitate the comprehension of each story in full. The encyclopedia is under constant review and is continuously revised and updated. Each update is assigned a distinct version number. It is only once in a generation that a must-read encyclopedia of this magnitude comes to life, and all of us can benefit from it. Benefit from it in this life and the life to come.

Sahih Al-Bukhari Imam Al Bukhari,2020-05-10 The Sahih Bukhari collection of Hadiths is considered to be the most authentic collection of the teachings and sayings of the Prophet (ﷺ). These Prophetic traditions, or hadith, were collected by the Uzbek Muslim scholar Muhammad al-Bukhari, after being transmitted orally for generations.

Sahih al-Bukhari Imam al-Bukhari,2013-11-11 This work comprises the historical chapters of the most important compilations of Traditions, Kitāb al-Jāmi' aş-Şāhīḥ by Imām Muḥammad ibn Ismā'īl al-Bukhārī and depicts the beginning of the Prophet's revelation, the merits of the Prophet's Companions and the early years of Islam up to and including the decisive turning point of Islamic history, the Battle of Badr. Although the author set out to translate the whole of the Şāhīḥ al-Bukhārī, he could not accomplish the task for much of his manuscripts were destroyed in the chaos and the inter-religious holocaust that followed upon the outbreak of the Second World War and the partition of the Indian subcontinent. However this led to his realisation, in his own words, "ten years spent on analysing, translating and clarifying the Şāhīḥ were a God-willed preparation for a work which for a very long time had represented an enticing dream to me: a new rendering into English of the Message of the Qur'ān and Commentary based on the principle that the doors of ijtihād have never been and never could be closed to man's searching intellect." The result was the author's Qur'ānic commentary under the title The Message of the Qur'ān, published in 1980. Any scholarly reader of that work will easily recognise how much of the spirit of ḥadīth-and, hence, of the immortal labour of Imām Bukhārī-has gone into his interpretation of the word of God.

Sahih Al-Bukhari Jesse Russell,Ronald Cohn,2012-07 High Quality Content by WIKIPEDIA articles! a al-Bukh r (Arabic:), as it is commonly referred to, is one of the six canonical hadith collections of Islam. These prophetic traditions, or hadith, were collected by the Persian Muslim scholar Muhammad ibn Ismail al-Bukhari, after being transmitted orally for generations. Muslims view this as one of the three most trusted collections of hadith along with Sahih Muslim and al-Muwatta . In some circles, it is considered the most authentic book after the Qur'an. The Arabic word sahih translates as authentic or correct.

Sahih Bukhari Sahih Al-Bukhari Series,2022-09-26 The Sahih Bukhari collection of Hadiths is considered to be the most authentic collection of the teachings and sayings of the Prophet Muhammad SAW. These Prophetic traditions, or hadith, were collected by the Uzbek Muslim scholar Muhammad al-Bukhari, after being transmitted orally for generations. Al-Bukhari traveled widely throughout the Abbasid empire from the age of 16, collecting those traditions he thought trustworthy. It is said that al-Bukhari collected over 300,000 hadith and included only 2,602 traditions in his Sahih. At the time when Bukhari saw [the earlier] works and conveyed them, he found them, in their presentation, combining between what would be considered sahih (correct) and hasan (good) and that many of them included da'if (weak) hadith. This aroused his interest in compiling hadith whose authenticity was beyond doubt. What further strengthened his resolve was something his teacher, hadith scholar Ishaq ibn Ibrahim al-Hanthalee - better known as Ishaq Ibn Rahwayah - had said. Muhammad ibn Ismaa'eel al-Bukhari said, We were with Ishaq Ibn Rahwayah who said, 'If only you would compile a book of only authentic narrations of the Prophet.' This suggestion remained in my heart so I began compiling the Sahih. Bukhari also said, I saw the Prophet in a dream and it was as if I was standing in front of him. In my hand was a fan with which I was protecting him. I asked some dream interpreters, who said to me, 'You will protect him from lies.' This is what compelled me to produce the Sahih.

Translation of Sahih Muslim Abdul Hameed Siddiqui,2020-07-03 Sahih Muslim (Şāhīḥ Muslim; full title: Al-Musnadu Al-Sahihu bi Naklil Adli) is one of the Kutub al-Sittah (six major hadith collections) in Sunni Islam. Sunni Muslims consider it the second most authentic hadith collection, after Sahih Bukhari. However, it is important to realize that Imam Muslim never claimed to collect all authentic traditions as his goal was to collect only traditions that all Muslims should agree on about accuracy. The Muslim Scholars have agreed that all of the Ahadith in Sahih Muslim are authentic.

Summarized Sahih Al-Bukhari IDP Research Division,2020-09-23 This Summarized version of Sahih Al-Bukhārī is an English translation of the compilation entitled At-Tajrid As-Sarih by Imam Zain-ud-Deen Ahmad bin 'Abdul-Lateef Az-Zubaidi. The original compilation (in nine volumes) contains more than 7500 Ahadith with repetitions and duplicates. The summarized version (in one volume) is about one quarter the size of the original and contains 2230 Ahadith without repetitions. Also, most of the duplicate Ahadith from different chains (with slight variations) have been removed and only one has been kept. Furthermore, most of the sub-narrators are often omitted when possible and sometimes only the first narrator in each chain is kept. NOTE: The numbering style has been altered slightly to includes both the Summarized and Original versions. So the Hadith numbering of the Summarized version from numbers 1 to 2230 is shown in squared brackets, while the reference to the Original version is shown directly after it by depicting the Volume number it is found in, the Book title of that Volume, and the Hadith number of that specific Book. For example: In the Book of Fasting (Saum), you will find the first narration beginning with [919] Volume 3, Book 31, Hadith 118: Narrated.... etc. This makes an excellent read for the average Muslim who would like to increase their knowledge and get to know more about the authentic narrations of our beloved Prophet Muhammad, may peace and blessings of Allāh be upon him. IMPORTANT: The blessings which a person confers to the Prophet (s) every time mention is made to him has been omitted throughout this book (i.e. sallallāhu 'alaihi wasallam or peace and blessings of Allāh be upon him.). The reader is humbly requested to do so every time he/she comes across any mention being made to him. He traveled widely to gather his collection of ahadith (plural of hadith), including to Iraq, Saudi Arabia, Syria and Egypt. Out of 300,000 hadith which he evaluated, approximately 4,000 were extracted for inclusion into his collection based on stringent acceptance criteria. Each report in his collection was checked and the veracity of the chain of reporters was painstakingly established. Sunni Muslims consider it the second most authentic hadith collection, after Sahih Bukhari. Sahih Muslim (Volume 5) Abul-Husain Muslim,2021-08 Imam Nawawi's commentary on Sahih Muslim is one of the most highly regarded works in Islamic thought and literature. Accepted by every sunni school of thought, and foundational in the Shaafi school, this text, available for the first time in English, is famed throughout the Muslim world. After the Qur'an, the prophetic traditions are the most recognised source of wisdom in Islam. Amongst the collected Hadith, Sahih Muslim is second only to the collection of Imam Bukhari. With a commentary by Imam Nawawi, whose other works are amongst the most widely-read books on Islam, and translated by Adil Salahi, a modern scholar of great acclaim, this immense work, finally available to English readers, is an essential addition to every Muslim library, and for anybody with an interest in Islamic thought.

Sahih Muslim (Volume 3) Abul-Husain Muslim,2020-07-07 The third volume in a new translation of Sahih Muslim, the second most authentic collection of Prophetic traditions, with Imam Nawawi's commentary.

Much care has been taken in rendering these Ahadith into a clear and simple style of modern English.

Near-death Experiences Muhammad Mohee Uddin,2021-02-18 A near-death experience (NDE) is a profound personal experience associated with death or impending death. When positive, such experiences may encompass a variety of sensations including detachment from the body, feelings of levitation, total serenity, security, warmth, the experience of absolute dissolution, and the presence of a light. When negative, such experiences may include sensations of anguish and distress. Islam teaches that there is life after death, and this is known as Akhirah. In Islam, it is Allah (God) who decides when a person dies. Those who have performed more good deeds than bad will enter Jannah, or Paradise. Jannah is a place described as a 'garden of everlasting bliss' and a 'home of peace'. In Jannah, there will be no sickness, pain, or sadness. Those who have performed more bad deeds than goodwill enters Jahannam or Hell. This is a place of physical and spiritual suffering.
