Screencasting for Libraries Greg R. Notess,2012 No.17 in The Tech Set. Create engaging library training with instructional videos that demonstrate how to use software, databases, search engines or even your OPAC.

ScreenFlow Concepts Jose John,2013-05-25 Do you want to create video tutorials and screencasts on Mac OS X? ScreenFlow is a popular video editor for Mac OS X that provides elegant tools for screen capture, for video editing and for publishing to video-hosting websites such as YouTube. This short ebook will simplify the complexity in this powerful application to help you create screencasts with confidence. When you master 5 key concepts, you will be well on your way to mastering ScreenFlow: Concept #1: Before you start your screen capture, take a moment to plan the final output and save a lot of editing time down the road. Concept #2: ScreenFlow places clips on a timeline, and there are many types of clips. If you understand video clips, you've got them all figured out. Concept #3: A polished screencast has helpful animations such as zoom-and-pan effects which are accomplished using video actions in ScreenFlow. And if you understand video actions, you got audio under control too. Concept #4: Selectively and judiciously emphasize the mouse & keys pressed during a recording. Concept #5: Use Callouts to draw attention to a region of the screen capture. The ebook also provides a step-by-step workflow to guide you from screen capture through to video editing to publishing your screencast. The workflow has been sequenced to maximize editing efficiency and save you time during video editing.

The Use of Screencasting in Higher Education Jetmir Abdija,Tunku Badariah Tunku Ahmad,Mohamad Sahari Nordin,2018-09-15 Screencasting is a powerful instructional tool for learning, yet few in higher education take advantage of its utility. This book showcases the benefits of screencasting and how it can facilitate students' acquisition of complex content, like statistics. It is a condensed version of a case study that examined the effects of screencasts on postgraduate students' learning of advanced statistics. Every chapter guides the reader through the intricate process of conducting the research and gives a complete picture of the design, materials, and instrumentation. If you are a novice researcher and are interested in technology, this book is for you.

Instructional Design: Concepts, Methodologies, Tools and Applications Management Association, Information Resources,2011-03-31 Successful educational programs are often the result of pragmatic design and development methodologies that take into account all aspects of the educational and instructional experience. Instructional Design: Concepts, Methodologies, Tools and Applications presents a complete overview of historical perspectives, new methods and applications, and models in instructional design research and development. This three-volume work covers all fundamental strategies and theories and encourages continued research in strengthening the consistent design and reliable results of educational programs and models.

The LITA Guide to No- or Low-Cost Technology Tools for Libraries Breanne A. Kirsch,2018-02-13 The LITA Guide to No- or Low-Cost Technology Tools for Libraries provides a practical guide on how to find and use technology tools for a variety of purposes in libraries and, more broadly, in education. Each topic showcases two technology tools in detail and discusses additional tools and provides examples of how librarians or educators are using them in libraries and schools. Types of tools covered are: Video creation tools, such as PowToon and Animaker, can be used to create animated videos to tell patrons about a new service or teach students about search strategies. Screencasts includes tools like Jing or Screencast-O-Matic, which can be used to show how to use a new library database or service. Collaboration tools, including tools such as Padlet or Lino It, can be used for student collaboration or teamwork with colleagues and sharing project ideas quickly and easily. Assessment tools such as Quizizz and Kahoot allow for gamified assessment of student or patron knowledge.

Online Pedagogy and the Student Experience: Teaching Applied Linguistics and Beyond Maria Leedham,Caroline Tagg,Jackie Tuck,2023-06-06 “This book showcases the breadth and value of online pedagogy for applied linguistics. The chapters offer informative, practical and inspirational insights into teaching and learning used at the Open University, and how these approaches extend to the wider Higher Education context. A genuinely engaging and instructive book, written by experienced and innovative practitioners.” Dr Mel Evans, University of Leeds, UK “This timely collection on online pedagogy from an applied linguistics perspective offers an impressive range of important issues that educators need to constantly reflect on in this day and age. All chapters are written in a highly accessible manner and illustrated with ample examples. I am sure readers will find the book an enjoyable read.” Dennis Chau, Hong Kong Metropolitan University, Hong Kong This book is an essential guide to providing quality online and distance learning. As the educational landscape becomes increasingly digital, this book is designed to help readers embrace this transition and support their students. Written by a team of online experts at the Open University, the book skillfully combines core theories and principles with practical examples and student insights. Online Pedagogy and the Student Experience covers an expansive range of topics including blended learning, online social presence, dialogic learning and digital literacy. All chapters are illustrated with practical examples and supplemented with engaging exercises. The book: • Provides educators with tried and tested online pedagogical techniques • Integrates the student voice to highlight their perspective • Contains illuminative case studies and reflective exercises The authors do not assume access to specific technologies or platforms, making the book accessible for all. Perfect for educators and postgraduate students contemplating their future in the world of digital education, this book supports teachers in developing their online learning strategies. Maria Leedham is Senior Lecturer in Applied Linguistics and English Language at the Open University, UK. She has worked there for over 15 years, writing material for

modules at under- and postgraduate level in applied linguistics and English language as well as running modules in presentation. Caroline Tagg is Senior Lecturer in Applied Linguistics and English Language, and has taught across The Open University's undergraduate and postgraduate programmes since 2015. Her research focuses on the role of mobile technologies in shaping language and communication. She is currently Secretary of the British Association of Applied Linguistics (BAAL). Jackie Tuck is Senior Lecturer in Applied Linguistics and English Language at the Open University, UK. She has been involved in teaching in English Language and Applied Linguistics (module design, materials writing and delivery) at the Open University for 25 years. Jackie also co-ordinates the University's Professional Academic Communication in English programme for postgraduate research students.

Visions and Concepts for Education 4.0 Michael E. Auer,Dan Centea,2021-02-05 This book contains papers in the fields of Interactive, Collaborative, and Blended Learning; Technology-Supported Learning; Education 4.0; Pedagogical and Psychological Issues. With growing calls for affordable and quality education worldwide, we are currently witnessing a significant transformation in the development of post-secondary education and pedagogical practices. Higher education is undergoing innovative transformations to respond to our urgent needs. The change is hastened by the global pandemic that is currently underway. The 9th International Conference on Interactive, Collaborative, and Blended Learning: Visions and Concepts for Education 4.0 was conducted in an online format at McMaster University, Canada, from 14th to 15th October 2020, to deliberate and share the innovations and strategies.

This conference’s main objectives were to discuss guidelines and new concepts for engineering education in higher education institutions, including emerging technologies in learning; to debate new conference format in worldwide pandemic and post-pandemic conditions; and to discuss new technology-based tools and resources that drive the education in non-traditional ways such as Education 4.0. Since its beginning in 2007, this conference is devoted to new learning approaches with a focus on applications and experiences in the fields of interactive, collaborative, and blended learning and related new technologies. Currently, the ICBL conferences are forums to exchange recent trends, research findings, and disseminate practical experiences in collaborative and blended learning, and engineering pedagogy. The conference bridges the gap between ‘pure’ scientific research and the everyday work of educators. Interested readership includes policymakers, academics, educators, researchers in pedagogy and learning theory, school teachers, industry-centric educators, continuing education practitioners, etc.

Screencast: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. **The Must-Read : Colleen Hoovers "It Ends with Us"** This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. **Screencast : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo"** This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. **Discover the Magic : Delia Owens "Where the Crawdads Sing"** This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
