Our Rightful Share Aline Helg,2018-08-25 In *Our Rightful Share*, Aline Helg examines the issue of race in Cuban society, politics, and ideology during the island's transition from a Spanish colony to an independent state. She challenges Cuba's well-established myth of racial equality and shows that racism is deeply rooted in Cuban creole society. Helg argues that despite Cuba's abolition of slavery in 1886 and its winning of independence in

1902, Afro-Cubans remained marginalized in all aspects of society. After the wars for independence, in which they fought en masse, Afro-Cubans demanded change politically by forming the first national black party in the Western Hemisphere. This challenge met with strong opposition from the white Cuban elite, culminating in the massacre of thousands of Afro-Cubans in 1912. The event effectively ended Afro-Cubans' political organization along racial lines, and Helg stresses that although some cultural elements of African origin were integrated into official Cuban culture, true racial equality has remained elusive.

Bibliography.

**The Citizen's Share** Joseph R. Blasi, Richard B. Freeman, Douglas L. Kruse, 2013-11-26 The idea of workers owning the businesses where they work is not new. In America's early years, Washington, Adams, Jefferson, and Madison believed that the best economic plan for the Republic was for citizens to have some ownership stake in the land, which was the main form of productive capital. This book traces the development of that share idea in American history and brings its message to today's economy, where business capital has replaced land as the source of wealth creation. /DIVdivBased on a ten-year study of profit sharing and employee ownership at small and large corporations, this important and insightful work makes the case that the Founders' original vision of sharing ownership and profits offers a viable path toward restoring the middle class. Blasi, Freeman, and Kruse show that an ownership stake in a corporation inspires and increases worker loyalty, productivity, and innovation. Their book offers history-, economics-, and evidence-based policy ideas at their best. /DIV

Learning to share your favorite things with a new sibling is so hard--especially when baby bends your books, chews puzzle pieces, and makes your blanky yucky.
