Point of Purchase Sharon Zukin,2018-10-24 This accessible, smart, and expansive book on shopping's impact on American life is in part historical, stretching back to the mid-19th century, yet also has a contemporary focus, with material on recent trends in shopping from the internet to Zagat's guides. Drawing inspiration from both Pierre Bourdieu's work and Walter Benjamin's seminal essay on the shopping arcades of 19th-century Paris, Zukin explores the forces that have made shopping so central to our lives: the rise of consumer culture, the never-ending quest for better value, and shopping's ability to help us improve our social status and attain new social identities.

Sunday Shopping Sally Derby Miller,2019 Sunday nights are special for Evie and Grandma. That's when they go on their weekly shopping spree. Grandma flips open the newspaper to see what's advertised, and the imaginary tour of neighborhood stores begins. Toting a wallet filled with colorful pretend bills, Evie and Grandma take turns buying whatever catches their fancy. A big chunk of ham, a sofa with a secret, and a dress with spangles are just a few of the treasures they purchase. Most special of all is the jewelry box Evie chooses for the gold heart necklace Mama gave her before leaving to serve in the army--and the bouquet of flowers Evie leaves as a surprise for Grandma. Overflowing with whimsy and a sweet grandmother-granddaughter relationship, this picture book is a joyous celebration of imagination, family love, and making a lot out of what you've got.

I Want That! Thomas Hine,2003-10-14 Shopping has a lot in common with sex. Just about everybody does it. Some people brag about how well they do it. Some keep it a secret. And both provide ample opportunities to make foolish choices. Choosing and using objects is a primal human activity, and I Want That! is nothing less than a portrait of humanity as the species that shops. It explores the history of acquisition -- finding, choosing, spending -- from our amber-coveting Neolithic forebears to Renaissance nobles who outfitted themselves for power to twenty-first-century bargain hunters looking for a good buy on eBay. I Want That! explores the minds of shoppers in the quest to nourish and feed fantasies, to define individuality, to provide for family, and to satisfy the needs for celebration, power, and choice -- all of which lead us to malls, boutiques, websites, and superstores.

While many might wonder what is in each cart, Andrew Warnes implores us to consider the symbolism of the cart itself. In his inventive new book, Warnes examines how the everyday shopping cart is connected to a complex web of food production and consumption that has spread from the United States throughout the world. Today, shopping carts represent choice and autonomy for consumers, a recognizable American way of life that has become a global phenomenon. This succinct and accessible book provides an excellent overview of consumerism and the globalization of American culture.
