Advances in Information Retrieval Fabrizio Sebastiani, 2003-08-03 The European Conference on Information Retrieval Research, now in its 25th "Silver Jubilee" edition, was initially established by the Information Retrieval Specialist Group of the British Computer Society (BCS-IRSG) under the name "Annual Colloquium on Information Retrieval Research," and was always held in the United Kingdom until 1997. Since 1998 the location of the colloquium has alternated between the United Kingdom and the rest of Europe, in order to reflect the growing European orientation of the event. For the same reason, in 2001 the event was renamed "European Annual Colloquium on Information Retrieval Research." Since 2002, the proceedings of the Colloquium have been published by Springer-Verlag in their Lecture Notes in Computer Science series. In 2003 BCS-IRSG decided to rename the event "European Conference on Information Retrieval Research," in order to reflect what the event had slowly turned into, i.e., a full-blown conference with a European program committee, strong peer reviewing, and a (mostly) European audience. However, ECIR still retains the strong student focus that has characterized the Colloquia since their inception: student fees are kept particularly low, a student travel grant program is available in order to encourage students to attend the conference (and encourage student authors to present their papers personally), and a Best Student Paper Award is assigned (conversely, ECIR has no best paper award).

There I Wuz James A. White III M.D., 2021-09-30 “There I Wuz” refers to being in flight somewhere in the sky or perhaps in an otherwise routine situation when something unforeseen happened. It was the way aviators started their most gripping stories. Flight surgeons are privy to many such stories and “Doc” White relates the scary situations and tales of funny, tragic and intriguing events from inside naval aviation. He highlights what it was like to live and work on an aircraft carrier during the Viet Nam conflict and the cold war. He writes from the perspective of a Navy Flight Surgeon, a physician and a medical officer. The narrative describes all the complexities of flight operations, how everything functions and coordinates and the psychology of those who make it happen. Join the author as he looks back at an incredible life in the Navy filled with medical tales, aviation adventures, and highs and lows. The narrative is personal, entertaining and interesting on many levels. “Great read, unusual in that Navy Flight Surgeons seldom comment on life on the carriers. Superbly written ... another perspective of Navy Life at sea and a doctor’s wonderful memoirs.” – Warm Regards, Captain Dan A. Pedersen (USN, Retired), Founder of the “TOPGUN” Navy Fighter Weapons School in 1969 and Skipper of USS Ranger (CV-61) in 1982. “These recollections are familiar to me at different times and places...and are a treasured memory. Readers will find this book most interesting while greatly admiring the dedication, expertise and service of a Flight Surgeon.” – Mike Bristow, Naval Aviator, Experienced A-7 Pilot with over 200 Carrier Landings. “.... thoroughly enjoyed reading...I could relate to a number of the stories... other aviators will be struck with memories.” – Tom Petillo, U.S. Naval Academy ’66, Naval Aviator, Fellow Mediterranean Sailor. “There I Wuz” paints a candid picture of a flight surgeon’s naval career and experiences on an aircraft carrier. This insider provides fascinating stories of life in a carrier “city” and insights as to what makes Top Gun pilots tick. Throughout, the author’s humor is guaranteed to bring a smile to your face.” –

David R. Sobel, Medical Defense Attorney and Award-Winning Playwright.

Crocs Randy Wayne White,2022-03-01 The trio of brave friends who make up Sharks, Inc.—Luke, Maribel and Sabina—dive into a crocodile-filled adventure in Crocs, the third book in bestselling author Randy Wayne White’s Sharks Incorporated series. Marine biologist Doc Ford has a new mission for Sharks Inc.: visit Sanibel Island’s remote Bone Field to find a wild orange tree that's survived a disease destroying Florida’s citrus. There, the members of Sharks Incorporated find oranges unlike any they’ve ever seen, but can’t find the tree Doc needs. Worse, the area is protected by a massive saltwater crocodile. What the team doesn’t expect is to meet a reclusive woman who threatens to call the police if they trespass on her land again. Reluctant to give up, the trio learns she needs help. When she was young, the woman found King Calusa's grave. Now, she believes the ghost of the dead king, who was beheaded by Spanish explorers 500 years ago, is haunting her. To uncover the truth, the kids return to the Bone Field. The thousand-pound crocodile is determined to protect its hatchlings, but crocs turn out to be the least of their worries. The intrepid trio discovers the woman’s wealthy neighbor is selling illegal reptiles—and he knows the secret of the dead king’s missing gold medallion.
