

Sinhala

Benjamin Clough

Sinhala Dileep Chandralal, 2010 Sinhala is one of the official languages of Sri Lanka and the mother tongue of over 70% of the population. Outside Sri Lanka it is used among immigrant populations in the U.K., North America, Australia and some European and Middle Eastern countries. As for the genetic relation, it belongs to the Indo-Aryan branch of the Indo-European languages. Although the earliest surviving literature in Sinhala dates from the 8th century A.D., its written tradition has traced a longer path of more than 2,000 years. Among the major topics covered in this volume are the writing system, phonology, morphology, grammatical constructions and discourse and pragmatic aspects of Sinhala. Written in a clear and lucid style, the book presents a rich sampling of the data and serves a useful typological reference. Therefore this is required reading for not only linguists and Sinhala specialists but also to anyone interested in language, thought, and culture.

Studies in South Asian Linguistics James W. Gair, 1998 This volume collects twenty-nine published and unpublished papers by the linguist James Gair, considered the foremost western scholar of the Sri Lankan languages Sinhala and Jaffna Tamil. Ranging over thirty years, his work also considers issues in a variety of Indian languages, including Hindi, Marathi, Tamil, Malayalam, and Bengali. The collection reflects the wide range of Gair's interests, from morpho-syntactic questions to questions regarding historical and areal linguistics, especially language contact and diglossia, and extending to language acquisition. By collecting these papers and making them newly accessible, this volume will provide an important resource not only for scholars of these languages but for linguists interested in the theoretical issues Gair explores.

Sinhala Language and Culture Martin Wickramasinghe, 1975

A Sinhala Village in a Time of Trouble Jonathan

Spencer, 2000 How can anthropology, with its emphasis on local knowledge and local meaning, contribute to the understanding of policies in complex, modern societies? This book employs vivid ethnographic data from one village in an effort to understand broader problems in the troubled policies of Sri Lanka. In particular, it investigates two related phenomena which lie behind the growing crises of Sri Lankan democratic institutions: the high degree of political participation in rural areas and the tenacious hold of Sinhala Buddhist nationalism among the country's majority population.

The Politics and Poetics of Authenticity Harshana

Rambukwella, 2018-07-02 What is the role of cultural authenticity in the making of nations? Much scholarly and popular commentary on nationalism dismisses authenticity as a romantic fantasy or, worse, a deliberately constructed mythology used for political manipulation. *The Politics and Poetics of Authenticity* places authenticity at the heart of Sinhala nationalism in late nineteenth and twentieth-century Sri Lanka. It argues that the passion for the 'real' or the 'authentic' has played a significant role in shaping nationalist thinking and argues for an empathetic yet critical engagement with the idea of authenticity. Through a series of fine-grained and historically grounded analyses of the writings of individual figures central to the making of Sinhala nationalist ideology the book demonstrates authenticity's rich and varied presence in Sri Lankan public life and its key role in

understanding postcolonial nationalism in Sri Lanka and elsewhere in South Asia and the world. It also explores how notions of authenticity shape certain strands of postcolonial criticism and offers a way of questioning the taken-for-granted nature of the nation as a unit of analysis but at the same time critically explore the deep imprint of nations and nationalisms on people's lives.

A Sinhalese-English Dictionary Benjamin Clough, 1892

Sinhala Bonnie G. MacDougall, Kamini De Abrew, Foreign Service Institute (U.S.), 1979

Language, Religion, and Ethnic Assertiveness Kē. En. Ō Dharmadāsa, 1992 For nearly four decades, Sri Lanka has been the scene of an escalating ethnic conflict between the majority Sinhalese and the Tamils, who form the largest minority. *Language, Religion, and Ethnic Assertiveness* traces the development of Sinhalese nationalism by paying particular attention to the Sinhala language and how it relates to Sinhalese national identity. After Sri Lanka became independent from Great Britain in 1948, an official national language had to be chosen - either Sinhala only or parity of status for Sinhala and Tamil. The victory of the Sinhala only proposition that won in the general election of 1956 started the antagonism between the Sinhalese and the Tamils that persists to this day. Using hitherto untapped primary sources, K. N. O. Dharmadasa delineates some of the peculiar features of the linkage between state, religion, and ethnicity in traditional Sinhalese society, providing insight into a tragic conflict that has a long and turbulent history. The book has much to offer historians, political scientists, anthropologists, and sociologists of language and religion, as well as students and scholars of South Asia, postcolonialism, ethnicity, cultural identity, and conflict.

Yasodharā, the Wife of the Bōdhisattva, 2014-02-07 What about Buddha's wife? We all know that Prince Siddhartha left his wife and infant son to begin his journey to enlightenment. The

Pali canon does not mention the woman he left behind. Yasodharā enters the commentarial tradition around the first century CE and lives on in the folk tradition, growing from a shadowy figure to a nun and arahat (an Enlightened One), even gaining magical powers. In this book, Ranjini Obeyesekere offers a translation of two works from Sri Lanka on this intriguing figure. The *Yasodharāvata* (The Story of Yasodharā) is a folk poem, whose best-known verses are Yasodharā's lament over the departure of her husband. The *Yasodharāpadānaya* (The Sacred Biography of Yasodharā) is an account of Yasodharā as a nun capable of miracles, who has traveled through saṃsāra with the Bodhisattva, and who is praised by him. Obeyesekere places these works within their historical and literary context and provides a glossary of Buddhist terms.

Sinhala English Dictionary Benjamin Clough, 1982

English-Sinhalese, Sinhalese-English Dictionary, 2013 Spoken by over 16 million people worldwide, Sinhalese (also known as Sinhala) is the language of the Sinhalese people, the largest ethnic group in Sri Lanka. This dictionary features over 22,000 word-to-word entries. Modern, up-to-date vocabulary includes entries on computers and finance as well as medical and legal terms. Romanization of all Sinhalese words is included for English speakers using the dictionary, which is ideal for businesspeople, relief workers, students and travelers.--Publisher description.
