Right, Down + Circle Cole Nowicki,2023-09-26 An exuberant, incisive look at how Tony Hawk's Pro Skater transformed a culture Going from a hobby toy for surfers to an Olympic sport, skateboarding has had a tumultuous history. Today, professional skateboarders land endorsement deals with Nike and Adidas, while popular television series like HBO's Betty tell the stories of diverse crews of skaters living in New York City. So how did a fledgling subculture rise from its near-death knell in the '90s to become ubiquitous today? It was simply a matter of finding the right messenger. In 1999, the bestselling video game Tony Hawk's Pro Skater was released, and a new generation was exposed to skateboarding culture right in their very own homes. Kids and adults alike could now spend hours playing as actual skateboarders, learning the vernacular, listening to the music skateboarders loved, and having fun onscreen before trying to skate IRL in the driveway. Right, Down + Circle explores how a video game starring the most famous pro skater in the world brought skateboarding culture – and its ever-shifting markers of music, subversion, and coolness – to the masses and ultimately transformed the culture it borrowed from in the process.

Skateboarding LA Gregory J. Snyder,2017-12-05 Inside the complex and misunderstood world of professional street skateboarding On a sunny Sunday in Los Angeles, a crew of skaters and videographers watch as one of them attempts to land a “heel flip” over a fire hydrant on a sidewalk in front of the Biltmore Hotel. A staff member of the hotel demands they leave and picks up his phone to call the police. Not only does the skater land the trick, but he does so quickly, and spares everyone the unwanted stress of having to deal with the cops. This is not an uncommon occurrence in skateboarding, which is illegal in most American cities and this interaction is just part of the process of being a professional street skater. This is just one of Gregory Snyder's experiences from eight years inside the world of professional street skateboarding: a highly refined, athletic and aesthetic pursuit, from which a large number of people profit. Skateboarding LA details the history of skateboarding, describes basic and complex tricks, tours some of LA's most famous spots, and provides an enthusiastic appreciation of this dangerous and creative practice. Particularly concerned with public spaces, Snyder shows that skateboarding offers cities much more than petty vandalism and exaggerated claims of destruction. Rather, skateboarding draws highly talented young people from around the globe to skateboarding cities, building a diverse and wide-reaching community of skateboarders, filmmakers, photographers, writers, and entrepreneurs. Snyder also argues that as stewards of public plazas and parks, skateboarders deter homeless encampments and drug dealers. In one stunning case, skateboarders transformed the West LA Courthouse, with Nike's assistance, into a skateable public space. Through interviews with current and former professional skateboarders, Snyder vividly expresses their passion, dedication and creativity. Especially in relation to the city's architectural features—ledges, banks, gaps, stairs and handrails—they are constantly re-imagining and repurposing these urban spaces in order to perform their ever-increasingly difficult tricks. For anyone interested in this dynamic and daunting activity, Skateboarding LA is an amazing ride.

I'm a Figure Skater! Sue Fliess,2021-09-14 A rhyming Little Golden Book introducing young readers to the joy of figure skating. First I wobble, hold the wall. Coach says it's okay to fall. Though I'm still a bit unsteady, I let go. I'm feeling ready. So begins a young girl's love of figure skating. This rhyming Little Golden Book is a delightful introduction to skating lessons and a first skating competition. Perfect for all young skaters, or even fans who enjoy watching Olympic skating events. Written by Sue Fliess, the author of the bestselling Little Golden Book I'm a Ballerina! and illustrated by Nina Mata, the artist behind Olympic gymnast Laurie Hernandez's bestselling picturebook.

Hawk Tony Hawk,Sean Mortimer,2010-09-21 For Tony Hawk, it wasn't enough to skate for two decades, to invent more than eighty tricks, and to win more than twice as many professional contests as any other skater. It wasn't enough to knock himself unconscious more than ten times, fracture several ribs, break his elbow, knock out his teeth twice, compress the vertebrae in his back, pop his bursa sack, get more than fifty stitches laced into his shins, rip apart the cartilage in his knee, bruise his tailbone, sprain his ankles, and tear his ligaments too many times to count. No. He had to land the 900. And after thirteen years of failed attempts, he nailed it. It had never been done before. Growing up in Sierra Mesa, California, Tony was a hyperactive demon child with an IQ of 144. He threw tantrums, terrorized the nanny until she quit, exploded with rage whenever he lost a game; this was a kid who was expelled from preschool. When his brother, Steve, gave him a blue plastic hand-me-down skateboard and his father built a skate ramp in the driveway, Tony finally found his outlet--while skating, he could be as hard on himself as he was on everyone around him. But it wasn't an easy ride to the top of the skating game. Fellow skaters mocked his skating style and dubbed him a circus skater. He was so

skinny he had to wear elbow pads on his knees, and so light he had to ollie just to catch air off a ramp. He was so desperate to be accepted by young skating legends like Steve Caballero, Mike McGill, and Christian Hosoi that he ate gum from between Steve's toes. But a few years of determination and hard work paid off in multiple professional wins, and the skaters who once had mocked him were now trying to learn his tricks. Tony had created a new style of skating. In Hawk Tony goes behind the scenes of competitions, demos, and movies and shares the less glamorous demands of being a skateboarder--from skating on Italian TV wearing see-through plastic shorts to doing a demo in Brazil after throwing up for five days straight from food poisoning. He's dealt with teammates who lit themselves and other subjects on fire, driving down a freeway as the dashboard of their van burned. He's gone through the unpredictable ride of the skateboard industry during which, in the span of a few years, his annual income shrank to what he had made in a single month and then rebounded into seven figures. But Tony's greatest difficulty was dealing with the loss of his number one fan and supporter--his dad, Frank Hawk. With brutal honesty, Tony recalls the stories of love, loss, bad hairdos, embarrassing '80s clothes, and his determination that had shaped his life. As he takes a look back at his experiences with the skateboarding legends of the '70s, '80s, and '90s, including Stacy Peralta, Eddie Elguera, Lance Mountain, Mark Gonzalez, Bob Burnquist, and Colin McKay, he tells the real history of skateboarding--and also what the future has in store for the sport and for him.

Skater Cielo Rachel Katstaller, 2022-08-02 Meet Cielo, a fierce skater who finds that facing your fear of failing gives you the courage to persevere! Cielo loves to skateboard! But when she messes up on a new ramp she's embarrassed and afraid to fall again in front of so many people. With the help of some new friends, Cielo summons the courage to try again (and again, and again), and learns that falling is not failing--true fierceness isn't about landing the perfect trick, it's about picking yourself back up when you don't.

Mom wants her precious little bundle to have some good, safe fun at the park--but Baby has other plans. While her mom isn't looking, the baby crawls away and finds a skateboard. As Skater Baby goes on a fun-filled joyride through the park, she continues to pass one distracted, unsuspecting adult after another and snags something new from each of them (like an umbrella, a clown's nose, and even an unsupervised dog). While her haul steadily grows, so does the crowd of adults who are chasing after. But no one seems to be able to catch the daredevil tyke. And wait, is Skater Baby heading for the huge, scary Mega Ramp?
