101 Amazing Slenderman Facts Jack Goldstein, Jimmy Russell, 2012-10-02 Here's a spooky story: Slenderman has been seen around the world for over 2,000 years. This book - dedicated to the authors who tragically and violently lost their lives shortly after writing it - aims to tell you everything you want to know about Slenderman. What does he look like? What are his powers? What is his purpose? All this and more can be found within these very pages. Including excerpts from historical Slenderman documents (such as the 15th century poem that ends with the words 'He watches you yet has no sight, He taketh you away at night') this is the surefire way to learn all about Slenderman. The question - of course - is dare you read it?

The Slenderman Mysteries Nicholas Redfern, Nick Redfern, 2018-02-19 It's the dead of night; you are fast asleep. Suddenly, you are wide awake but unable to move. Hunched over you in the shadows is an eight- or nine-foot-tall gaunt entity with spider-thin limbs, dressed in an old-style black suit, its pale face missing eyes, nose, ears, and mouth. You finally manage to cry out. The monstrous thing disappears as suddenly as it appeared. You just had a terrifying encounter with the Slenderman. Who or what is the Slenderman? His existence began on the Internet, but he didn't stay online. The Slenderman may be a tulpa, a thought-form that can stride out of our darkest imaginations and into reality if enough people believe in it. In May 2014, two young Milwaukee girls almost killed a friend in the name of the Slenderman. Perhaps, like the vast Skynet system in the Terminator movies, the Internet is turning against us and attacking us with digital equivalents of our own online nightmares. The Slenderman has come to life. For the first time, this book reveals the full and fear-filled saga.

Slenderman Kathleen Hale, 2022-08-16 The first full account of the Slenderman stabbing, a true crime narrative of mental illness, the American judicial system, the trials of adolescence, and the power of the internet On May 31, 2014, in the Milwaukee suburb of Waukesha, Wisconsin, two twelve-year-old girls attempted to stab their classmate to death. Morgan Geyser and Anissa Weier's violence was extreme, but what seemed even more frightening was that they committed their crime under the influence of a figure born by the internet: the so-called "Slenderman." Yet the even more urgent aspect of the story, that the children involved suffered from undiagnosed mental illnesses, often went overlooked in coverage of the case. *Slenderman: Online Obsession, Mental Illness, and the Violent Crime of Two Midwestern Girls* tells that full story for the first time in deeply researched detail, using court transcripts, police reports, individual reporting, and exclusive interviews. Morgan and Anissa were bound together by their shared love of geeky television shows and animals, and their discovery of the user-uploaded scary stories on the Creepypasta website could have been nothing more than a brief phase. But Morgan was suffering from early-onset childhood schizophrenia. She believed that she had seen Slenderman long before discovering him online, and the only way to stop him from killing her family was to bring him a sacrifice: Morgan's best friend Payton "Bella" Leutner, whom Morgan and Anissa planned to stab to death on the night of Morgan's twelfth birthday party. Bella survived the attack, but was deeply traumatized, while Morgan and Anissa were immediately sent to jail, and the severity of their crime meant that they would be prosecuted as adults. There, as Morgan continued to suffer from worsening mental illness after being denied antipsychotics, her life became more and more surreal. *Slenderman* is both a page-turning true crime story and a search for justice.

Slenderman, Slenderman - And Other Terrifying Tales Jack Goldstein, 2012-11-20 A boy who makes up tall tales to scare his friends, but has the tables turned on him... A girl who should have been more careful what she wished for... A young know-it-all who is sure he knows how a magician's tricks work... These are just three of the terrifying tales featured in the fantastic collection from bestselling author Jack Goldstein. With three macabre short stories and three poems with unexpected twists, both adults and children will enjoy being scared out of their wits. A word of caution however - all of the stories feature mature horror themes, and may not suit the youngest - or most timid readers. If, however, the thought of Slenderman running his long, thin decomposing fingers through your hair sounds exhilarating, then you are sure to enjoy being truly terrified by this haunting anthology!

Slender Man Is Coming Trevor J. Blank, Lynne S. McNeill, 2018-09-21 The essays in this volume explore the menacing figure of Slender Man—the blank-faced, long-limbed bogeyman born of a 2009 Photoshop contest who has appeared in countless horror stories circulated on- and offline among children and young people. Slender Man is arguably the best-known example in circulation of “creepypasta,” a genre derived from “copypasta,” which in turn derived from the phrase “copy/paste.” As narrative texts are copied across online forums, they undergo modification, annotation, and reinterpretation by new posters in a folkloric process of repetition and variation. Though by definition legends deal largely with belief and possibility, the crowdsourced mythos behind creepypasta and Slender Man suggests a distinct awareness of fabrication. Slender Man is therefore a new kind of creation: one intentionally created as a fiction but with the look and feel of legend. *Slender Man Is Coming* offers an unprecedented folkloristic take on Slender Man, analyzing him within the framework of contemporary legend studies, “creepypastas,” folk belief, and children’s culture. This first folkloric examination of the phenomenon of Slender Man is a must-read for anyone interested in folklore, horror, urban legends, new media, or digital cultures. Contributors: Timothy H. Evans, Andrea Kitta, Mikel J. Koven, Paul Manning, Andrew Peck, Jeffrey A. Tolbert, Elizabeth Tucker

Slenderman Connie Myres, 2021-07-01 When children disappear and citizens are murdered in a Lake Michigan resort town, will a citizen reporter and her quirky sidekick cousin be able to stop what witnesses describe as a faceless, tall skinny man in a black suit before grief and death touch everyone in town? Citizen reporter Pacie Rose is in her strawberry with her family when Irma, her offbeat sidekick cousin, calls and reports that there's been a child abduction in town. They take on the self-appointed case of finding the culprit while murders and another missing child pile up. Armed with tools from the priest and local college professor, they are ready to confront the thing that witnesses describe as a tall man who wears a black suit and who appears to have no face. The resort town of Black Water is inundated with so many weird events that Pacie Rose took up being the town's citizen reporter. With her quirky cousin as the sidekick, they work to assist authorities in solving cases. Not bound by institutional rules, they can investigate using “not so legal” ways to get information. The Potawatomi have told of strange occurrences in the area long before the construction of the nuclear power plant in the 1960s. However, ever since Bulwark became operational, aberrations have increased substantially. Missing people, cryptids, UFOs, the paranormal, and alternate dimensions are just a few of the mysterious encounters. Follow Pacie as she works to rid Black Water of the terrifying phenomena. BONUS: *My Name Is Mr. Dibble* and *Jezebel* companion short stories are included.

Slender Man Anonymous, 2018-10-23 One man's search for the truth about one of the most intriguing urban legends ever—the modern bogeyman, Slender Man—leads him down a dark, dangerous path in this creepy supernatural fantasy that will make you question where the line between dark myth and terrifying reality begins. Lauren Bailey has disappeared. As friends at her exclusive school speculate on what happened and the police search for answers, Matt Barker dreams of trees and a black sky . . . and something drawing closer. Through fragments of journals, news stories, and online conversations, a figure begins to emerge—a tall, slender figure—and all divisions between fiction and delusion, between nightmare

and reality, begin to fall. Chilling, eerie, and addictively readable, Slender Man is a unique spine-tingling story and a brilliant and frightening look at one of the most fascinating—and diabolical—mythical figures in modern times.

Digital Mythology and the Internet's Monster Vivian Asimos, 2021-01-28 Exploring a prominent digital mythology, this book proposes a new way of viewing both online narratives and the online communities which tell them. The Slender Man – a monster known for making children disappear and causing violent deaths to the adults who seek to know more about him – is used as an extended case study to explore the role of digital communities, as well as the question of the existence of a broader “digital culture”. Structural anthropological mythic analysis and ethnographic details demonstrate how the Slender Man mythology is structured, and how its everlasting nature in the online communities demonstrates an importance of the mythos.

Folklore, Horror Stories, and the Slender Man S. Chess, E. Newsom, 2014-11-27 The Slender Man entered the general popular consciousness in May 2014, when two young girls led a third girl into a wooded area and stabbed her. Examining the growth of the online horror phenomenon, this book introduces unique attributes of digital culture and establishes a needed framework for studies of other Internet memes and mythologies.
