

Small

Eva Hoffman

The Small Book Jack Trimpey, 1995-12-02 Offering an alternative to twelve-step programs, a supportive guide explains how to identify the impulse to use intoxicants, learn self-control, value sobriety, and replace addiction with self-supportive behaviors.

Thinking Small Andrea Hiott, 2012-01-17 Sometimes achieving big things requires the ability to think small. This simple concept was the driving force that propelled the Volkswagen Beetle to become an avatar of American-style freedom, a household brand, and a global icon. The VW Bug inspired the ad men of Madison Avenue, beguiled Woodstock Nation, and has recently been re-imagined for the hipster generation. And while today it is surely one of the most recognizable cars in the world, few of us know the compelling details of this car's story. In *Thinking Small*, journalist and cultural historian Andrea Hiott retraces the improbable journey of this little car that changed the world. Andrea Hiott's wide-ranging narrative stretches from the factory floors of Weimar Germany to the executive suites of today's automotive innovators, showing how a succession of artists and engineers shepherded the Beetle to market through periods of privation and war, reconstruction and recovery. Henry Ford's Model T may have revolutionized the American auto industry, but for years Europe remained a place where only the elite drove cars. That all changed with the advent of the Volkswagen, the product of a Nazi initiative to bring driving to the masses. But Hitler's concept of "the people's car" would soon take on new meaning. As Germany rebuilt from the rubble of World War II, a whole generation succumbed to the charms of the world's most huggable automobile. Indeed, the story of the Volkswagen is a story about people, and Hiott introduces us to the men who believed in it, built it, and sold it: Ferdinand Porsche, the visionary Austrian automobile designer whose futuristic dream of an affordable family vehicle was fatally compromised by his patron Adolf Hitler's monomaniacal drive toward war; Heinrich Nordhoff, the forward-thinking German industrialist whose management innovations made mass production of the Beetle a reality; and Bill Bernbach, the Jewish American advertising executive whose team of Madison Avenue mavericks dreamed up the legendary ad campaign that transformed the quintessential German compact into an outsize worldwide phenomenon. *Thinking Small* is the remarkable story of an automobile and an idea. Hatched in an age of darkness, the Beetle emerged into the light of a new era as a symbol of individuality and personal mobility—a triumph not of the will but of the imagination.

VARIOUS SMALL BOOKS Jeff Brouws, Wendy Burton, Hermann Zschiegner, 2013-02-01 Riffs, revisions, knockoffs, and homages: artists pay tribute to Ed Ruscha's famous photo-conceptual small

books. In the 1960s and 1970s, the artist Ed Ruscha created a series of small photo-conceptual artist's books, among them *Twentysix Gas Stations*, *Various Small Fires*, *Every Building on the Sunset Strip*, *Thirtyfour Parking Lots*, *Real Estate Opportunities*, and *A Few Palm Trees*. Featuring mundane subjects photographed prosaically, with idiosyncratically deadpan titles, these “small books” were sought after, collected, and loved by Ruscha's fans and fellow artists. Over the past thirty years, close to 100 other small books that appropriated or paid homage to Ruscha's have appeared throughout the world. This book collects ninety-one of these projects, showcasing the cover and sample layouts from each along with a description of the work. It also includes selections from Ruscha's books and an appendix listing all known Ruscha book tributes. These small books revisit, imitate, honor, and parody Ruscha in form, content, and title. Some rephotograph his subjects: *Thirtyfour Parking Lots*, *Forty Years Later*. Some offer a humorous variation: *Various Unbaked Cookies* (which concludes, as did Ruscha's *Various Small Fires*, with a glass of milk), *Twentynine Palms* (twenty-nine photographs of palm-readers' signs). Some say something different: *None of the Buildings on Sunset Strip*. Some reach for a connection with Ruscha himself: *17 Parked Cars in Various Parking Lots Along Pacific Coast Highway Between My House and Ed Ruscha's*. With his books, Ruscha expanded the artist's field of permissible subjects, approaches, and methods. With *VARIOUS SMALL BOOKS*, various artists pay tribute to Ed Ruscha and extend the legacy of his books.

Small Spaces Katherine Arden, 2024-04-02 New York Times bestselling adult author of *The Bear and the Nightingale* makes her middle grade debut with a creepy, spellbinding ghost story destined to become a classic. Now in paperback. After suffering a tragic loss, eleven-year-old Ollie who only finds solace in books discovers a chilling ghost story about a girl named Beth, the two brothers who loved her, and a peculiar deal made with the smiling man—a sinister specter who grants your most tightly held wish, but only for the ultimate price. Captivated by the tale, Ollie begins to wonder if the smiling man might be real when she stumbles upon the graves of the very people she's been reading about on a school trip to a nearby farm. Then, later, when her school bus breaks down on the ride home, the strange bus driver tells Ollie and her classmates: Best get moving. At nightfall they'll come for the rest of you. Nightfall is, indeed, fast descending when Ollie's previously broken digital wristwatch begins a startling countdown and delivers a terrifying message: RUN. Only Ollie and two of her classmates heed these warnings. As the trio head out into the woods—bordered by a field of scarecrows that seem to be watching them—the bus driver has just one final piece of advice for Ollie and her friends: Avoid large places. Keep to small. And with that, a deliciously creepy and hair-raising adventure begins.

The Small Book of Hip Checks Erica Rand,2020-11-23 In *The Small Book of Hip Checks* Erica Rand uses multiple meanings of hip check—including an athlete using their hip to throw an opponent off-balance and the inspection of racialized gender—to consider the workings of queer gender, race, and writing. Explicitly attending to processes of writing and revising, Rand pursues interruption, rethinking, and redirection to challenge standard methods of argumentation and traditional markers of heft and fluff. She writes about topics including a trans shout-out in a Super Bowl ad, the heyday of lavender dildos, ballet dancer Misty Copeland, the criticism received by figure skater Debi Thomas and tennis great Serena Williams for competing in bodysuits while Black, and the gendering involved in identifying the remains of people who die trying to cross into the United States south of Tucson, Arizona. Along the way, Rand encourages making muscle memory of experimentation and developing an openness to being conceptually knocked sideways. In other words, to be hip-checked.

Rational Recovery from Alcoholism Jack Trimpey,1989-01-01 THE SMALL BOOK is a no-nonsense, get-better-now directive to addicts who want a better life. No higher power is necessary to recover from alcoholism or other drug dependence, using this bold, new approach to addiction. THE SMALL BOOK, taking issue with 'The Big Book' of AA, is the core volume for members of the international network of Rational Recovery (RR) groups, founded by author Jack Trimpey, LCSW. It is a comprehensive guide to rational sobriety that directs addicts toward complete recovery through abstinence & the rational-emotive therapy (RET) of Albert Ellis. In his Introduction , Dr. Ellis says, One of the very best. Therapeutically, it is unusually sound. Self-inspired recovery is made possible through voice recognition, whereby the addict becomes vigilant for thoughts supporting further use of alcohol or drugs. These ideas are disputed by the addict, & the locus of control is found within. Trimpey discourages the self-label codependent but many people are so dependent on addicts (for love or approval) that self-interest is overshadowed. The chapter, To the Professionals, is a signal for change in AA-dominated addiction care system.

Papa Small Lois Lenski,2014-04-30 Lois Lenski resoundingly answers the question of many fans- Does Mr. Small have a family? Meet Mama Small and the small Smalls and see how they work and play as family. Over fifty years later, the day-to-day activities of the smalls are sure to strike a chord with children.

I Am Small Emma Dodd,2011 From the eyes of a baby penguin the world is a great big place. But in the eyes of its mother--this little penguin is the biggest, most important thing in the world!

Small Gina Perry,2017-08-01 In this empowering picture book, one spunky heroine realizes she is

anything but small. The city is big and I am small. While spending the day with her mom and baby sibling, one little girl feels overwhelmed by the big world that surrounds her. Tall buildings, noisy cars, and hungry ducks who want to eat her lunch all make her feel like she is small. Until . . . she dreams big by being an artist, plays big and makes the winning shot, and swings big because she is brave. Soon she realizes she IS big, and nothing can stand in her way!

Never Too Small Joe Beath, Elizabeth Price, 2023-04-19 Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m²/540ft². Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. *Never Too Small* proves living better doesn't have to mean living larger.

Long Road to the Circus Betsy Bird, 2023-08-08 NAMED ONE OF THE BEST CHILDREN'S BOOKS OF THE YEAR BY THE NEW YORK TIMES The story of a girl who rides an ostrich straight to her dreams from the award-winning writer and librarian Betsy Bird, illustrated by Caldecott Medalist David Small. [A] charming, wacky novel. —The New York Times Twelve-year-old Suzy Bowles is tired of summers filled with chores on her family farm in Burr Oak, Michigan, and desperate to see the world. When her wayward uncle moves back home to the farm, only to skip his chores every morning for mysterious reasons, Suzy decides to find out what he's up to once and for all. And that's when she meets legendary former circus queen Madame Marantette and her ostriches. Before long, Suzy finds herself caught-up in the fast-paced, hilarious world of ostrich riding, a rollicking adventure that just might be her ticket out of Burr Oak. "Beautifully told by one of our best librarians." —Jon Scieszka, First National Ambassador of Young People's Literature

Time Eva Hoffman, 2010-07-09 Time has always been the great Given, a fact of existence which cannot be denied or wished away; but the character of lived time is changing dramatically. Medical advances extend our longevity, while digital devices compress time into ever briefer units. We can now exist in several time-zones simultaneously, but we suffer from endemic shortages of time. We are working longer hours and blurring the distinctions between labour and leisure. For many, in an inversion of the old adage, time has become more valuable than money. In this look at life's most ineffable element, spanning fields from biology and culture to psychoanalysis and neuroscience, Eva Hoffman asks: are we coming to the end of time as we know it?

Small Teaching James M. Lang, 2016-03-07 Employ cognitive theory in the classroom every day Research into how we learn has opened the door for utilizing cognitive theory to facilitate better student learning. But that's easier said than done. Many books about cognitive theory introduce radical but impractical theories, failing to make the connection to the classroom. In *Small Teaching*, James Lang presents a strategy for improving student learning with a series of modest but powerful changes that make a big difference—many of which can be put into practice in a single class period. These strategies are designed to bridge the chasm between primary research and the classroom environment in a way that can be implemented by any faculty in any discipline, and even integrated into pre-existing teaching techniques. Learn, for example: How does one become good at retrieving knowledge from memory? How does making predictions now help us learn in the future? How do instructors instill fixed or growth mindsets in their students? Each chapter introduces a basic concept in cognitive theory, explains when and how it should be employed, and provides firm examples of how the intervention has been or could be used in a variety of disciplines. Small teaching techniques include brief classroom or online learning activities, one-time interventions, and small modifications in course design or communication with students.

Small Space Style Whitney Leigh Morris, 2018-11-13 In her debut book, Whitney shares her ideas and practices for making any tiny space efficient and stylish—whether it's a rustic A-frame in the woods or a chic microapartment in the city. Featuring more than 200 tips for making the most of your little home, *Small Space Style* is the must-have, incredibly inspirational guide for living large in compact quarters. Join small space lifestyle expert Whitney Leigh Morris as she demonstrates how to keep clutter to a minimum, craft double duty layouts, personalize chic storage, go vertical when surfaces are limited, DIY clever custom built-ins, and even entertain a crowd within confined square footage. With chapters centered around the essentials—living, sleeping, eating, and bathing—*Small Space Style* features real-life examples from Whitney's own delightful and sophisticated cottage in Venice Beach, California, as well as home tours of some of her favorite tiny houses, micro apartments, and beautiful, efficient small spaces.

Think Small Owain Service, Rory Gallagher, 2017-04-06 'Governments around the world are using behavioural insights to help people achieve their goals. This great new book shows how you can use the same tools in your own life. Go nudge yourself!' - Richard Thaler, winner of the 2017 Nobel Prize in Economics A simple and accessible plan for success, based on seven scientifically tested steps that really work. We're often told to dream big, the sky's the limit and that nothing is impossible. While it is

undoubtedly good advice to set yourself goals that have the potential to make you and those around you healthier and happier, how to reach those goals is often less clear. From getting fit or securing a new job to becoming a better manager or parent, simply setting your mind to something will rarely get you where you want to be, and big plans can quickly become overwhelming, leaving us feeling as though we've failed. Most of us set goals with very good intentions, so why do our best-laid plans so often go awry? When we're so committed to making positive changes and fulfilling our ambition at the outset, is there a way of avoiding the common roadblocks that stand between our goals and us? Thankfully, the answer is yes - and it's much easier to achieve than you might think. Working inside the world's first Nudge Unit, Owain Service and Rory Gallagher know the huge impact that small changes and clear plans, based on a scientific understanding of human behaviour, can have from an individual to an international level. For the first time, Think Small takes these successful approaches and translates them into an easy, simple framework that has the potential to make a big difference to all our lives.

Mini Philosophy Jonny Thomson, 2021-08-05

The Little Book of Living Small Laura Fenton, 2020-06-08 A comprehensive guide to small-space secrets and real-life solutions for living in 1,200 square feet or less. The Little Book of Living Small shows readers how to make the most of limited square footage—with grace and style—and serves as the cheerleader readers need to help themselves feel satisfied and proud of their choice to live with less. In addition to exploring both the motivation behind choosing to live in a small space, as well as the practical, everyday advice for managing a tight footprint, The Little Book of Living Small also includes case studies: 12 style-savvy, small-space dwellers open their doors and share their design secrets. Author Laura Fenton covers a range of homes including studio apartments, one- and two-bedroom houses, a tiny house, a co-living space, and even whole houses. Stylistically these homes range from urban, rural, minimalist, and country, with the unifying thread that they are all real homes of less than 1,200 square feet that offer clever solutions that readers can use in their own homes. Laura Fenton is the lifestyle director at Parents magazine. With more than fifteen years of experience, her work has appeared in major publications including Better Homes & Gardens, Country Living, Good Housekeeping, and on leading home websites including Remodelista.com, HGTV.com, ElleDecor.com, HouseBeautiful.com, Refinery29, and elsewhere. Through her writing she has explored the topic of living small for more than a decade. She lives small with her husband, a photographer, and their son in Jackson Heights, Queens, in New York.

Certificates of Competency United States. Small Business Administration,1977

Small Things Mel Tregonning,2018-03-01 n this wordless graphic picture book, a young boy feels alone with his worries. He isn't fitting in well at school. His grades are slipping. He's even lashing out at those who love him. Talented Australian artist Mel Tregonning created *Small Things* in the final year of her life. In her emotionally rich illustrations, the boy's worries manifest as tiny beings that crowd around him constantly, overwhelming him and even gnawing away at his very self. The striking imagery is all the more powerful when, overcoming his isolation at last, the boy discovers that the tiny demons of worry surround everyone, even those who seem to have it all together. This short but hard-hitting wordless graphic picture book gets to the heart of childhood anxiety and opens the way for dialogue about acceptance, vulnerability, and the universal experience of worry.

Stitches David Small,2012-07-17 A Publishers Weekly Top Ten Best Book of the Year An Amazon.com Top Ten Best Book of 2009 A Washington Post Book World's Ten Best Book of the Year A California Literary Review Best Book of 2009 An L.A. Times Top 25 Non-Fiction Book of 2009 An NPR Best Book of the Year, Best Memoir With this stunning graphic memoir, David Small takes readers on an unforgettable journey into the dark heart of his tumultuous childhood in 1950s Detroit, in a coming-of-age tale like no other. At the age of fourteen, David awoke from a supposedly harmless operation to discover his throat had been slashed and one of his vocal chords removed, leaving him a virtual mute. No one had told him that he had cancer and was expected to die. The resulting silence was in keeping with the atmosphere of secrecy and repressed frustration that pervaded the Small household and revealed itself in the slamming of cupboard doors, the thumping of a punching bag, the beating of a drum. Believing that they were doing their best, David's parents did just the reverse. David's mother held the family emotionally hostage with her furious withdrawals, even as she kept her emotions hidden — including from herself. His father, rarely present, was a radiologist, and although David grew up looking at X-rays and drawing on X-ray paper, it would be years before he discovered the shocking consequences of his father's faith in science. A work of great bravery and humanity, *Stitches* is a gripping and ultimately redemptive story of a man's struggle to understand the past and reclaim his voice.

Right here, we have countless ebook **Small** and collections to check out. We additionally pay for variant types and plus type of the books to browse. The adequate book, fiction, history, novel, scientific research, as capably as various other sorts of books are readily easy to use here.

As this Small, it ends occurring innate one of the favored ebook Small collections that we have. This is why you remain in the best website to look the amazing books to have.
