

Sniper

Stephen Hunter

To Be a Military Sniper Gregory Mast, Hans Halberstadt, 2007-12-15 The training and character that make for success in one of the most challenging and mysterious jobs the military has to offer, clearly described and illustrated.

American Sniper Chris Kyle, Scott McEwen, Jim DeFelice, 2012-01-03 The #1 New York Times bestselling memoir of U.S. Navy SEAL Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." – PATRICIA CORNWELL, New York Times Book Review Jaw-dropping...Undeniably riveting. –RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

Sniper Peter Brooksmith, 2001-04-22 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

Sniper Gina Cavallaro, Matt Larsen, 2010-09-01 Heart-pounding real-life tales from the military's most experienced snipers, the best of the best snipers in action today. Gunfights, long distance shots, stalking, and more.

The Master Sniper Stephen Hunter, 2010-08-18 In the death throes of World War II, one man is still at war, and he's got the world's deadliest weapon in his hands . . . With a sniper's rifle he has calmly executed hundreds of enemy soldiers in a single battle, and gunned down thousands of innocent civilians in a single day, waiting patiently for the barrel of his gun to cool before resuming his craft . . . It is the spring of 1945. And Repp, the master sniper, is about to carry out his final mission—even as Germany's enemies overrun it, even while a tired, disorganized team of American and British agents tries everything in its power to stop him. Because for Repp, this is the one job at which he cannot fail. For this time, he possesses the ultimate killing tool. And with it, he will commit the ultimate crime. . . . Praise for *The Master Sniper* "Mesmerizing suspense."—Kirkus Reviews "Hunter is a deft craftsman with a sure sense of pace and scene. He also knows about irony and sprinkles just a bit over every corpse."—The Washington Post "Stephen Hunter is the best writer of straight-out thrillers working today."—Rocky Mountain News

Navy SEAL Sniper Glen Doherty, Brandon Webb, 2017-01-03 The sniper is a battlefield threat second to none.

Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty, the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper.

Stalkers and Shooters Kevin Dockery, 2007-07-03 Now in paperback! From the author of the Navy SEALs Oral History series—an intimate look at the world's most efficient and deadly warriors. Snipers have a rich history. This fascinating book follows their tasks and techniques from the Revolutionary and Civil Wars through both World Wars, to the Korean War and Vietnam—the genesis of modern sniping—to the current conflicts in the Middle East. Also, readers will see how sniping has evolved on the civilian side in law enforcement. Readers will learn about the tools of the trade, but most importantly, they will hear from the experts themselves: military snipers, as well as civilian police and SWAT snipers. Capturing the suspense and action of the hunt, the words of these men draw readers into the close-knit, little-known world of men who need only one bullet to get the job done.

The 21st Century Sniper Brandon Webb, Glen Doherty, 2010-09-15 Twenty-first-century sniping tactics by Navy SEAL military sniper Brandon Webb.

The Sniper Encyclopaedia John Walter, 2019-08-23 A complete guide to snipers, rifles, techniques, battles, and campaigns throughout history and around the world, by the author of *The Hand Gun Story*. The work features hundreds of snipers, including not only the best-known—world renowned gurus such as Vasilii Zaytsev and Chris Kyle—but also many crack shots overlooked by history. Among them are some of more than a thousand Red Army snipers—men and women, who amassed sufficient kills to be awarded the Medal for Courage and the Order of Glory. Also included are some of the best-known sniper victims, and the veracity of the most popular myths. The book thoroughly examines the history and development of the many specialist sniper rifles—some more successful than others—that have served the world's armies from the nineteenth-century American Wars to today's technology-based conflicts. Attention, too, is paid to the progress made with ammunition—without which, of course, precision shooting would be impossible. The development of aids and accessories, from camouflage clothing to laser rangefinders, is also considered. Finally, *The Sniper Encyclopedia* examines significant locations and specific campaigns—the way marksmen have influenced the course of the individual battles and places which have played a crucial part in the

history of sniping, from individual sites to sniper schools and training grounds. The book contains authors' biographies, a critical assessment of the many books and memoirs on the world of the sniper, and a guide to research techniques. "A remarkable work of research and an endless treasure trove of information for anyone with an interest in the subject." –Martin Pegler, author of *Out Of Nowhere: A History of the Military Sniper*

Sniper Martin Pegler, 2011-08-20 Following the success of *Out of Nowhere: A History of the Military Sniper*, sniper expert Martin Pegler gives us an in-depth study of the emergence of American rifleman, sharpshooter and sniper. Pegler examines the evolution of the rifle in America from the earliest firearms of the 15th century to the highly accurate sniping rifles of the 21st century. He also analyses the technological development of the rifle, sighting systems and ammunition and uses contemporary accounts to describe how the use of the rifle during the Revolutionary War, Civil War and the conflicts of the 20th and 21st centuries have impacted on US military history. This detailed account concludes with a study of the American sniper in modern warfare, including Afghanistan and the ongoing conflict in Iraq, providing an overview of the march of weapons technology, as well as an unusual insight into the lives and the motives of the men who used them.

The Killing School Brandon Webb, John David Mann, 2017-05-09 As a SEAL sniper and combat veteran, Webb was tapped to revamp the U.S. Naval Special Warfare (SEAL) Scout/Sniper School, incorporating the latest advances in technology and ballistics software to create an entirely new course that continues to test the skills and even the best warriors. In this revealing new book, Webb takes readers through every aspect of this training, describing how Spec Ops snipers are taught each dimension of their art. Trainees learn to utilize every edge possible to make their shot--from studying crosswinds, barometric pressure, latitude, and even the rotation of the Earth to becoming ballistic experts. But marksmanship is only one aspect of the training. Each SEAL's endurance, stealth and mental and physical stamina are tested and pushed to the breaking point. Webb also shows how this training plays out in combat, using real-life exploits of the world's top snipers, including Jason Delgado, who led a Marine platoon in the Battle of Husaybah and made some of the most remarkable kill shots in the Iraq War; Nicholas Irving, the U.S. Army Ranger credited with thirty-three kills in a single three-month tour in Afghanistan; and Rob Furlong, who during Operation Anaconda delivered the then-longest kill shot in history. During Webb's sniper school tenure, the course graduated some of the deadliest and most skilled snipers of this generation, including Marcus Luttrell (*Lone Survivor*), Adam Brown (*Fearless*), and Chris Kyle (*American Sniper*). From recon and stalk, to complex last minute adjustments, and finally the moment of taking the shot, *The Killing School* demonstrates how today's sniper is trained to function as an entire military operation rolled into a single individual--an army of one.

The Sniper at War Michael E Haskew, 2012-07-18 *The Sniper at War* looks at the impact and role of the sniper from the American Revolutionary War to the present day. Packed with first hand accounts from snipers and those who have faced them, this is the definitive guide to these secretive and deadly individuals and the role they have played in battle over the last three centuries.

The Sniper Encyclopaedia John Walter, 2019-02-28 The Sniper Encyclopaedia is an indispensable alphabetical, topic-by-topic guide to a fascinating subject. It is intended as a companion volume to John Walter's *Snipers at War* (Greenhill Books, 2017) and is another addition to the Greenhill Sniper Library which includes a series of first-person memoirs. This is a comprehensive work that covers virtually every aspect of sniping. The work contains personal details of hundreds of snipers, including world-renowned gurus such as Vasiliy Zaytsev and Chris Kyle as well as many crack shots generally overlooked by history. Among them are some of more than a thousand Red Army snipers, men and a surprising number of women, who amassed sufficient kills to be awarded the Medal for Courage and, later, the Order of Glory. Some of the best-known victims of snipers are identified, and the veracity of some of the most popular myths is explored. The book pays special attention to the history and development of the many specialist sniper rifles - some more successful than others - that have served the world's armies since the American Wars of the nineteenth century to today's technology-based conflicts. Attention, too, is paid to the progress made with ammunition—without which, of course, precision shooting would be impossible and the development of aids and accessories, from camouflage clothing to laser rangefinders. Finally, *The Sniper Encyclopaedia* examines place and specific campaigns - the way marksmen have influenced the course of the individual battles and locations which have played a crucial part in the history of sniping, from individual sites to sniper schools and training grounds. The book contains authors' biographies, a critical assessment of the many books and memoirs from the world of the sniper, and a guide to research techniques.

I, Sniper Stephen Hunter, 2009-12-15 Bob Lee Swagger, former Marine Corps sniper, is back. And this time Swagger's facing an adversary whose trigger finger may be even faster than his own. When four famous 1960s radicals are gunned down, including the wife of an international media mogul, it would appear to be an open-and-shut case. A wealth of evidence ties the chief suspect, retired Marine sniper Carl Hitchcock, to the murders. Holder, until recently, of the record number of kills in Vietnam and anxious to reclaim his title, Hitchcock's subsequent suicide would seem to confirm his guilt. But FBI assistant director Nick Memphis has his doubts – and calls on former Marine Corps sniper Bob Lee Swagger to investigate. As Swagger digs deeper, it becomes clear that matters are more complicated than would initially appear. The shots were not executed with the scope of a 1972 rifle, Hitchcock's weapon of choice, but by a high-tech scope used by active Marines. But as Swagger starts to unravel the tangled web of connections surrounding the murders, he finds his own days may be numbered. Because he's about to face one of his most ruthless adversaries yet – a sniper whose keen intellect and pinpoint accuracy rivals his own. The end result will be a bloody confrontation that only one of them can survive. What people are saying about *I, Sniper*: 'Stephen Hunter's *I, Sniper* brings back one of the great characters in modern thrillerdom, Bob Lee Swagger, everyone's favourite lethal, dour Southerner. I kind of want Swagger to meet up with Lee Child's Jack Reacher one day, in a contest to see who could say the least while doing the most damage.' Malcolm Gladwell 'The tension never lets up' New York Times 'Stephen Hunter is an Elmore Leonard on steroids' John Sandford 'As all Bob Lee fans know, it comes down to 'straight killing time.' And so it does, in a ramped-up, high-tech High Noon

finale. As always, Hunter makes it work with precise, detail-rich prose that strips the faux glamour from gun fighting and leaves only the skills of the combatants set against the horrors they wreak.' Booklist 'Hunter is back at the top of his game.' Publisher's Weekly 'In his guns-a-poppin' latest, Hunter pits his series hero against a nest of sharp-shooting vipers. Dust off the OK Corral. Even the somewhat squeamish, and even certifiable gun-dummies, may once again find chivalric, heroic Bob Lee just about irresistible.' Kirkus Reviews 'Hunter's thrillers are always taut, exciting, and well written, and his latest is no exception. There's also a lot of gun and tech talk as Swagger uses decades' worth of skills to stay a step or three ahead of the baddies. Swagger fans will not be disappointed.' Library Journal 'Hunter has a unique writing style that thrills and captivates from the opening scene to deliver an exciting whodunit' The Sun 'Stories of passion, guilt and redemption that jump right off the page and smack the reader clean between the eyes' Independent on Sunday 'American hardboiled at its very best, full of taciturn and stoical characters and plotting in explosive overdrive' The Times 'Hunter choreographs the violence in steely prose and Swagger ... remains one of crime fiction's most engaging heroes' Irish Independent

Sniper, 2nd Edition Peter Brookesmith, 2007-04-03 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

Trigger Men Hans Halberstadt, 2008-03-18 Both a uniquely intimate look at what makes a sniper tick and a harrowing read filled with dramatic war tales, Trigger Men is a book about killing and what it takes to be the ultimate warrior. Hans Halberstadt takes readers deeper inside the elusive world of snipers than ever before, from recruitment and training to the brutality of the killing fields. Mixed into the thrilling narrative, for the first time ever in their own words, American combat snipers talk about what it is like to kill a man and what it takes to become one of the elite. Based on hundreds of hours of exclusive interviews, Halberstadt gets inside the sniper mind and shows how Shadow Team confidence led to success that led to even more aggressive operations. Readers will learn how snipers think and interact as a team, how missions are planned and executed, how the weapons work, and even what happens when a bullet strikes its target.

Sniper's Honor Stephen Hunter, 2014-05-20 In this tour de force—part historical thriller, part modern adventure—from the New York Times bestselling author of I, Sniper, Bob Lee Swagger uncovers why World War II's greatest sniper was erased from history...and why her disappearance still matters today. Ludmilla "Mili" Petrova was once the most hunted woman on earth, having raised the fury of two of the most powerful leaders on either side of World War II: Joseph Stalin and Adolf Hitler. But Kathy Reilly of The Washington Post doesn't know any of that when she encounters a brief mention of Mili in an old Russian propaganda magazine, and becomes interested in the story of a legendary, beautiful female sniper who seems to have vanished from history. Reilly enlists former marine sniper Bob Lee Swagger to parse out the scarce details of Mili's military service. The more Swagger learns

about Mili's last mission, the more he's convinced her disappearance was no accident—but why would the Russian government go to such lengths to erase the existence of one of their own decorated soldiers? And why, when Swagger joins Kathy Reilly on a research trip, is someone trying to kill them before they can find out? As Bob Lee Swagger, “one of the finest series characters ever to grace the thriller genre, now and forever” (Providence Journal-Bulletin), races to put the pieces together, Sniper's Honor takes readers across oceans and time in an action-packed, compulsive read.

Sniper Adrian Gilbert, 1996-02-15 From the evolution of the art, to firsthand accounts of legendary exploits, through the basics of sniper training, Sniper traces the development of these most feared hunters, marking their historical battles and their pivotal role in modern forces. Includes eight pages of authentic action photos.

Sniper in Action Charles Stronge, 2014-03-05 Packed with first hand accounts, Sniper in Action is the definitive guide to these secretive and deadly individuals and the role they have played in conflicts over the last three hundred years.

Long Shot Jack Coughlin, Donald A. Davis, 2016-08-16 A Russian defector baits the U.S. in an attempt to regain its empire in this enthralling new novel in the bestselling Kyle Swanson sniper series.

This Engaging Realm of E-book Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A Realm of Ease and Versatility Kindle books, with their inherent mobility and simplicity of availability, have freed readers from the limitations of physical books. Gone are the days of carrying bulky novels or carefully searching for particular titles in shops. E-book devices, sleek and lightweight, seamlessly store an extensive library of books, allowing readers to indulge in their preferred reads anytime, everywhere. Whether traveling on a busy train, lounging on a sunny beach, or just cozying up in bed, Kindle books provide an unparalleled level of ease. A Reading Universe Unfolded: Exploring the Wide Array of Kindle Sniper Sniper The E-book Store, a digital treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every reader's taste and choice. From captivating fiction and thought-provoking non-fiction to timeless classics and modern bestsellers, the E-book Shop offers an exceptional variety of titles to explore. Whether seeking escape through immersive tales of imagination and exploration, diving into the depths of historical narratives, or expanding one's understanding with insightful works of science and philosophy, the E-book Store provides a gateway to a bookish universe brimming with limitless possibilities. A Revolutionary Force in the Literary Scene: The Lasting Impact of E-book Books Sniper The advent of Kindle books has certainly reshaped the bookish landscape, introducing a model shift in the way books are published, disseminated, and consumed. Traditional publishing houses have embraced the online revolution, adapting their approaches to accommodate the growing demand for e-books. This has led to a rise in the availability of E-book titles, ensuring that readers have entry to a vast array of bookish works at their fingertips. Moreover, Kindle books have equalized access to literature, breaking down geographical barriers and

providing readers worldwide with equal opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now immerse themselves in the captivating world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience Sniper E-book books Sniper, with their inherent ease, versatility, and wide array of titles, have certainly transformed the way we experience literature. They offer readers the freedom to discover the boundless realm of written expression, whenever, everywhere. As we continue to travel the ever-evolving online landscape, E-book books stand as testament to the enduring power of storytelling, ensuring that the joy of reading remains accessible to all.

Sniper Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Sniper free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to

providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Sniper free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Sniper free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Sniper. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and

Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Sniper any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Sniper Books

1. Where can I buy Sniper books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Sniper book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Sniper books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Sniper audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Sniper books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project

Gutenberg or Open Library.
