Cytonic Brandon Sanderson, 2021-11-23 NEW YORK TIMES BESTSELLER • The third book in an epic series about a girl who will travel beyond the stars to save the world she loves from destruction from the author of the Reckoners series, the Mistborn trilogy, and the Stormlight Archive. Spensa's life as a Defiant Defense Force pilot has been far from ordinary. She proved herself one of the best starfighters in the human enclave of Detritus and she saved her people from extermination at the hands of the Krell—the enigmatic alien species that has been holding them captive for decades. What's more, she traveled light-years from home as an undercover spy to infiltrate the Superiority, where she learned of the galaxy beyond her small, desolate planet home. Now, the Superiority—the governing galactic alliance bent on dominating all human life—has started a galaxy-wide war. And Spensa's seen the weapons they plan to use to end it: the Delvers. Ancient, mysterious alien forces that can wipe out entire planetary systems in an instant. Spensa knows that no matter how many pilots the DDF has, there is no defeating this predator. Except that Spensa is Cytonic. She faced down a Delver and saw something eerily familiar about it. And maybe, if she's able to figure out what she is, she could be more than just another pilot in this unfolding war. She could save the galaxy. The only way she can discover what she really is, though, is to leave behind all she knows and enter the Nowhere. A place from which few ever return. To have courage means facing fear. And this mission is terrifying.

Starsight Brandon Sanderson, 2019-11-26 The #1 New York Times bestseller! From the #1 New York Times bestselling author of the Reckoners series, the Mistborn trilogy, and the Stormlight Archive comes the second book in an epic series about a girl with a secret in a dangerous world at war for humanity's future. All her life, Spensa's dreamed of becoming a pilot and proving herself a hero like her father. She made it to the sky, but the truths she learned there were crushing. The rumors of her father's cowardice are true—he deserted his Flight during battle against the Krell. Worse, though, he turned against his team and attacked them. Spensa is sure that there's more to the story. And she's sure that whatever happened to her father that day could happen to her. When she made it

outside the protective shell of her planet, she heard the stars--and what they revealed to her was terrifying. Everything Spensa has been taught about her world is a lie. Humankind has always celebrated heros, but who defines what a hero is? Could humanity be the evil the galaxy needs to be protected from? Spensa is determined to find out, but each answer she discovers reveals a dozen new questions: about the war, about her enemies, and even, perhaps, about Spensa herself. But Spensa also discovered a few other things about herself--and she'll travel to the end of the galaxy to save humankind if she needs to. Sanderson delivers a cinematic adventure that explores the defining aspects of the individual versus the society. . . . Fans of Sanderson will not be disappointed. --SLJ It is impossible to turn the pages fast enough. --Booklist He's simply a brilliant writer. Defending Elysium Brandon Sanderson, 2021-11-23 As Brandon Sanderson's #1 bestselling Skyward series celebrates its third volume, Cytonic, travel back in time to the origin of Cytonics in the novella Defending Elysium. Centuries before Spensa looked skyward from the planet Detritus—back on Old Earth before it was lost—Jason Write faced a crucial question: was humanity ready to join galactic society? When faster-than-light communications were discovered by a small telephone company in 2071, alien species such as the Tenasi and Varvax overheard them and came to visit Earth. Because the Phone Company controls all communications with the aliens, their operatives like Jason operate above the law. Now, on the space platform Evensong, one of the Phone Company's scientists has gone missing before surfacing in a hospital with amnesia, and Jason is sent to investigate. Right as he arrives, the body of a murdered Varvax ambassador is discovered, sure to cause a galactic incident. Coln Abrams of the United Intelligence Bureau seizes the opportunity to investigate Jason as he deals with the crisis. This could be the UIB's chance to discover the Phone Company's secrets—how does FTL communication work, and what is Jason hiding? Winner of Spain's UPC Award for Science Fiction in 2007.

ReDawn (Skyward Flight: Novella 2) Brandon Sanderson, Janci Patterson, 2021-10-26 From #1 bestselling author Brandon Sanderson and Janci Patterson comes the second of three Skyward series novellas, each told from the perspective of a different member of the team back on Detritus. Read Alanik's story between Starsight and Cytonic. "Don't trust their lies. Don't trust their false peace." That is the warning that Alanik of the planet ReDawn gave the human pilot Spensa after Alanik's ship crash-landed on Detritus. While accepting an invitation to meet with her people's enemy, the Galactic Superiority, Alanik heard Spensa's cry for help across the vastness of space, and she used her cytonic powers to hyperjump her ship to the source of that cry. What she found there was a shock—a whole planet of free humans fighting against the Superiority. Were they the allies her people desperately needed? When she recovered from her injuries and met the friendly humans Jorgen and FM of Skyward Flight, she found that her warning to Spensa had gone unheeded by the government of Detritus, and they were considering a peace overture from the Superiority. Now having returned to ReDawn, Alanik is dismayed to learn that her own people are falling into the exact same trap. The faction in ReDawn's government that wants to appease the Superiority has gained the upper hand. With Alanik's mentor, Renakin captured, she has no one to turn to but Jorgen, FM, and their friend Rig. An ancient technology may have the power to save both of their planets from disaster, but can they discover its secrets before it's too late?
