Rising Strong Brené Brown,2017-04-04 #1 NEW YORK TIMES BESTSELLER • When we deny our stories, they define us. When we own our stories, we get to write the ending. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! Social scientist Brené Brown has ignited a global conversation on courage, vulnerability, shame,

and worthiness. Her pioneering work uncovered a profound truth: Vulnerability—the willingness to show up and be seen with no guarantee of outcome—is the only path to more love, belonging, creativity, and joy. But living a brave life is not always easy: We are, inevitably, going to stumble and fall. It is the rise from falling that Brown takes as her subject in *Rising Strong*. As a grounded theory researcher, Brown has listened as a range of people—from leaders in Fortune 500 companies and the military to artists, couples in long-term relationships, teachers, and parents—shared their stories of being brave, falling, and getting back up. She asked herself, What do these people with strong and loving relationships, leaders nurturing creativity, artists pushing innovation, and clergy walking with people through faith and mystery have in common? The answer was clear: They recognize the power of emotion and they're not afraid to lean in to discomfort. Walking into our stories of hurt can feel dangerous. But the process of regaining our footing in the midst of struggle is where our courage is tested and our values are forged. Our stories of struggle can be big ones, like the loss of a job or the end of a relationship, or smaller ones, like a conflict with a friend or colleague. Regardless of magnitude or circumstance, the rising strong process is the same: We reckon with our emotions and get curious about what we're feeling; we rumble with our stories until we get to a place of truth; and we live this process, every day, until it becomes a practice and creates nothing short of a revolution in our lives. Rising strong after a fall is how we cultivate wholeheartedness. It's the process, Brown writes, that teaches us the most about who we are. ONE OF GREATER GOOD'S FAVORITE BOOKS OF THE YEAR "[Brené Brown's] research and work have given us a new vocabulary, a way to talk with each other about the ideas and feelings and

fears we've all had but haven't quite known how to articulate. . . . Brené empowers us each to be a little more courageous.”—The Huffington Post

Head Strong Dave Asprey, 2017-04-04 From the creator of Bulletproof Coffee and author of the bestselling *The Bulletproof Diet* comes a revolutionary plan to upgrade your brainpower—in two weeks or less. For the last decade, Silicon Valley entrepreneur Dave Asprey has worked with world-renowned doctors and scientists to uncover the latest, most innovative methods for making humans perform better—a process known as biohacking. In his first book, *The Bulletproof Diet*, he shared his biohacking tips for taking control of your own biology. Now, in *Head Strong*, Asprey shows readers how to biohack their way to a sharper, smarter, faster, more resilient brain. Imagine feeling like your mind is operating at its clearest and sharpest, and being able—possibly for the first time in your life—to do more in less time? What it suddenly became easier to do the very hardest things you do? Or if you could feel 100% confident about your intellect, and never again fear being the

person in the room who just isn't smart enough, or can't remember something important? How would you treat people if the mood swings, short temper, and food cravings that disrupt your day could simply disappear? In *Head Strong*, Asprey shows us that all of this is possible—and more. Using his simple lifestyle modifications (or hacks) to take advantage of how the structure of your brain works, readers will learn how to take their mental performance to the next level. Combining the latest findings in neuroscience and neurobiology with a hacker-inspired get it done now perspective, Asprey offers a program structured around key areas of brain performance that will help you: Power the brain with exactly what it needs to perform at its best all day long Eliminate the sources of kryptonite, both nutritional and environmental, that make the brain slower. Supercharge the cellular powerhouses of our brains, the mitochondria, to eliminate cravings and turn up mental focus. Reverse inflammation to perform better right now, then stay sharp and energized well into your golden years. Promote neuron growth to enhance processing speed and reinforce new learning—hotwiring your brain for success. Asprey's easy to follow, two-week program offers a detailed plan to supercharge brain performance, including: which foods to eat and which ones to avoid, how to incorporate the right kinds of physical activity into your day, a detox protocol for your home and body; meditation and breathing for performance, recommended brain-boosting supplements; and how to adjust the lighting in your home and work space to give your brain the quality light it thrives on. A better brain—and a happier, easier, more productive life—is within reach. You just need to get *Head Strong*.

Red Gadiantons Zack Strong, 2018-06-16 Since the beginning of time, Satan has

labored to subjugate humanity, destroy the work of God, and crown himself king of the earth. To carry on his work of destruction, he employs oath-bound secret societies, referred to in the holy scriptures as secret combinations. Through revolution, deception, and subversion, this Satanic Brotherhood attempts to consolidate the nations of the globe into a Luciferian world order. Ancient prophets foresaw and forewarned of the desolation this clandestine cabal would cause and modern prophets have identified this awful entity as the communist conspiracy. Under the inspiration of the Almighty, modern seers have singled out communism as the greatest evil threatening the world today. They have described communism as an ancient plan - the very plan set forth by Lucifer in the beginning. Communism represents Satan's state religion. It is a perverse counterfeit of the true Gospel of the Lord Jesus Christ. The most important initiates of this conspiracy serve as Satan's high priests - false prophets to a false god. These occult zealots have waged holy war against Christianity, the traditional family unit, and the Freedom of mankind. The communist conspiracy is patterned after the ancient secret societies handed down by Satan from the beginning. One such murder cult was known as the Gadianton Robbers. The doctrine of Gadiantonism was established by Satan and the society operated in a clandestine fashion to subvert governments, destroy culture, pervert morals, plunder society, and destroy true religion. Because of the stunning similarities of contemporary communism and ancient Gadiantonism, I have titled this work Red Gadiantons. Humanity finds itself on the precipice of annihilation. Everyone senses that something is amiss, but few understand the genesis of the problems. As the holy scriptures demonstrate, and as the prophets have taught, the impetus for the ruin we see around us are the Satanic secret

societies in our midst. Unless we identify this Luciferian cabal as the cause of our hardships, we will continue to lose ground and suffer great losses. It is impossible to fight any enemy you cannot identify. This book traces the origin of conspiracy from the dawn of time to the present as told from the point of view of the scriptures and God's prophets. From his original conspiracy with Cain, to the corruption of the people of Shinar who built the Tower of Babel, to the Jaredite and Nephite secret societies in the New World, to the modern manifestation of the Order of Illuminati which morphed into communism, Satan's hand has guided the wicked to destroy entire civilizations and enslave the world. Red Gadiantons traces this history and shows why this information is relevant today. Among other topics, this work discusses communist front movements and ploys such as feminism, drug trafficking, and political correctness. The book shows the devastating effect these movements have had upon American culture and traditional Western values and institutions. A special emphasis is placed upon debunking the myth of the Soviet Union's collapse. I endeavor to show that communism is not dead and that the USSR faked its own demise in order to fool the West and lull us into a false sense of security. This story is not Russia-gate paranoia or a fabled red scare - it is scripturally-substantiated truth. The world finds itself in the grasp of a Satanic conspiracy precisely because they don't want to believe such a conspiracy exists. Red Gadiantons rips the mask off this monstrous scheme and shows that it not only exists, but that it is the dominant force manipulating world events today. The first step in combating this cabal is to be informed about its existence, its goals, and its methods. Red Gadiantons presents this information in a straightforward manner and from a Christian viewpoint. Arm yourself with the sword of truth and be

prepared to defend your faith, family, and Freedom.

The Language of Strong Black Womanhood Karla D. Scott, 2017-09-07 In *The Language of Strong Black Womanhood: Myths, Models, Messages, and a New Mandate for Self-Care*, Black women of the Baby Boomer generation and Hip Hop generation share messages communicated and models witnessed in their socialization for strength revealing how this mandate endures in Black women's lived experiences. They also express concern that self-care was not presented as critical for sustaining life as a strong Black woman—a concern shared by Black women bloggers who advocate resisting the myth and redefining strength for self-care. This Black feminist exploration of strong Black womanhood provides an alternative to harmful perceptions, constructions, and representations of Black women and suggests a mandate to move toward the revolutionary act of Black women's self-care.
