The Fair Tax Book Neal Boortz,John Linder,2009-03-17 Wouldn't you love to abolish the IRS . . .Keep all the money in your paycheck . . .Pay taxes on what you spend, not what you earn . . .And eliminate all the fraud, hassle, and waste of our current system? Then the FairTax is for you. In the face of the outlandish American tax burden, talk-radio firebrand Neal Boortz and Congressman John Linder are leading the charge to phase out our current, unfair system and enact the FairTax Plan-replacing the federal income tax and withholding system with a simple 23 percent retail sales tax. This dramatic revision of the current system, which would eliminate the reviled IRS, has already caught fire in the American heartland, with more than 600,000 taxpayers signing on in support of the plan. As Boortz and Linder reveal in this first book on the FairTax, this radical but eminently sensible plan would end the annual national nightmare of filing income tax returns, while at the same time enlarging the federal tax base by collecting sales tax from every retail consumer in the country. The FairTax, they argue, would transform the fearsome bureaucracy of the IRS into a more transparent, accountable-and equitable-tax collection system. Endorsed by scores of leading economists-and supported by a huge and growing grassroots movement-the FairTax Plan could revolutionize the way America pays for itself.

Collecting Taxes Derek Miller,2018-12-15 Taxes are often regarded as a dreaded topic, but in reality, the revenue from taxes is what keeps the United States government running. Money from taxes helps the government to provide essential services, such as schools, roads, and Social Security benefits. Through accessible explanations that align with the C3 Framework for Social Studies State Standards, this volume illustrates how the president, Congress, and the IRS work together to fund the federal government, as well as the people and processes behind state and local taxes. This book paints a vivid and engaging picture of the people who levy taxes and legislate tax reforms, imparting the necessity of tax collection.
