Tap Anindya Ghose, 2017-04-14 How the smartphone can become a personal concierge (not a stalker) in the mobile marketing revolution of smarter companies, value-seeking consumers, and curated offers. Consumers create a data trail by tapping their phones; businesses can tap into this trail to harness the power of the more than three trillion dollar mobile economy. According to Anindya Ghose, a global authority on the mobile economy, this two-way exchange can benefit both customers and businesses. In *Tap*, Ghose welcomes us to the mobile economy of smartphones, smarter companies, and value-seeking consumers. Drawing on his extensive research in the United States, Europe, and Asia, and on a variety of real-world examples from companies including Alibaba, China Mobile, Coke, Facebook, SK Telecom, Telefónica, and Travelocity, Ghose describes some intriguingly contradictory consumer behavior: people seek spontaneity, but they are predictable; they find advertising annoying, but they fear missing out; they value their privacy, but they increasingly use personal data as currency. When mobile advertising is done well, Ghose argues, the smartphone plays the role of a personal concierge—a butler, not a stalker. Ghose identifies nine forces that shape consumer behavior, including time, crowdedness, trajectory, and weather, and he examines these how these forces operate, separately and in combination. With *Tap*, he highlights the true influence mobile wields over shoppers, the behavioral and economic motivations behind that influence, and the lucrative opportunities it represents. In a world of artificial intelligence, augmented and virtual reality, wearable technologies, smart homes, and the Internet of Things, the future of the mobile economy seems limitless.

Tainted Tap Katrinell M. Davis,2021-04-06 After a cascade of failures left residents of Flint, Michigan, without a reliable and affordable supply of safe drinking water, citizens spent years demanding action from their city and state officials. Complaints from the city's predominantly African American residents were ignored until independent researchers confirmed dangerously elevated blood lead levels among Flint children and in the city's tap water. Despite a 2017 federal court ruling in favor of Flint residents who had demanded mitigation, those efforts have been incomplete at best. Assessing the challenges that community groups faced in their attempts to advocate for improved living conditions, Tainted Tap offers a rich analysis of conditions and constraints that created the Flint water crisis. Katrinell Davis contextualizes the crisis in Flint's long and troubled history of delivering essential services, the consequences of regional water-management politics, and other forms of systemic neglect that impacted the working-class community's health and well-being. Using ethnographic and empirical evidence from a range of sources, Davis also sheds light on the forms of community action that have brought needed changes to this underserved community.

What the Eye Hears Brian Seibert,2015-11-17 Magisterial, revelatory, and-most suitably-entertaining, What the Eye Hears offers an authoritative account of the great American art of tap dancing. Brian Seibert,

a dance critic for The New York Times, begins by exploring tap's origins as a hybrid of the jig and clog dancing from the British Isles and dances brought from Africa by slaves. He tracks tap's transfer to the stage through blackface minstrelsy and charts its growth as a cousin to jazz in the vaudeville circuits and nightclubs of the early twentieth century. Seibert chronicles tap's spread to ubiquity on Broadway and in Hollywood, analyzes its decline after World War II, and celebrates its rediscovery and reinvention by new generations of American and international performers. In the process, we discover how the history of tap dancing is central to any meaningful account of American popular culture. This is a story with a huge cast of characters, from Master Juba (it was probably a performance of his in a Five Points cellar that Charles Dickens described in American Notes for General Circulation) through Bill Robinson and Shirley Temple, Fred Astaire and Ginger Rogers, and Gene Kelly and Paul Draper to Gregory Hines and Savion Glover. Seibert traces the stylistic development of tap through individual practitioners, vividly depicting dancers both well remembered and now obscure. And he illuminates the cultural exchange between blacks and whites over centuries, the interplay of imitation and theft, as well as the moving story of African-Americans in show business, wielding enormous influence as they grapple with the pain and pride of a complicated legacy. What the Eye Hears teaches us to see and hear the entire history of tap in its every step.

Tap Dancing America Constance Valis Hill, 2010-01-22 Here is the vibrant, colorful, high-stepping story of tap -- the first comprehensive, fully documented history of a uniquely American art form, exploring all aspects of the intricate musical and social exchange that evolved from Afro-Irish percussive step dances like

the jig, gioube, buck-and-wing, and juba to the work of such contemporary tap luminaries as Gregory Hines, Brenda Bufalino, Dianne Walker, and Savion Glover. In *Tap Dancing America*, Constance Valis Hill, herself an accomplished jazz tap dancer, choreographer, and performance scholar, begins with a dramatic account of a buck dance challenge between Bill Bojangles Robinson and Harry Swinton at Brooklyn's Bijou Theatre, on March 30, 1900, and proceeds decade by decade through the 20th century to the present day. She vividly describes tap's musical styles and steps -- from buck-and-wing and ragtime stepping at the turn of the century; jazz tapping to the rhythms of hot jazz, swing, and bebop in the '20s, '30s and '40s; to hip-hop-inflected hitting and hoofing in heels (high and low) from the 1990s right up to today. Tap was long considered a man's game, and Hill's is the first history to highlight such outstanding female dancers as Ada Overton Walker, Kitty O'Neill, and Alice Whitman, at the turn of the 20th century, as well as the pioneering women composers of the tap renaissance, in the 70s and 80s, and the hard-hitting rhythm-tapping women of the millennium such as Chloe Arnold, Ayodele Casel, Michelle Dorrance, and Dormeshia Sumbry Edwards. Written with uncanny foresight, the book features dancers who have become international touring artists and have performed on Broadway, won Emmy and Tony Awards, and received the prestigious Dance Magazine, Adele and Fred Astaire, and Jacob's Pillow Dance awards. Presented with all the verve and grace of tap itself and drawing on eyewitness accounts of early performances as well as interviews with today's greatest tappers, *Tap Dancing America* fills a major gap in American dance history and places tap firmly center stage.

Brotherhood in Rhythm Constance Valis Hill, 2021-09-28 When the Nicholas Brothers danced, uptown at the Cotton Club, downtown at the Roxy, in segregated movie theatres in the South, and dance halls across the country, audiences cheered, clapped, stomped their feet, and shouted out uncontrollably. Their exuberant style of American theatrical dance--a melding of jazz, tap, acrobatics, black vernacular dance, and witty repartee--was dazzling. Though daredevil flips, slides, and hair-raising splits made them show-stoppers, the Nicholas Brothers were also highly sophisticated dancers who refined a centuries-old tradition of percussive dance into the rhythmic brilliance of jazz tap. In *Brotherhood in Rhythm*, author Constance Valis Hill interweaves an intimate portrait of these great performers with a richly detailed history of jazz music and jazz dance, both bringing their act to life and explaining their significance through a colourful analysis of their eloquent footwork, their full-bodied expressiveness, and their changing style. Hill vividly captures their soaring careers, from the Cotton Club appearances with Duke Ellington, Cab Calloway, and Jimmy Lunceford, to film-stealing big-screen performances with Chick Webb, Tommy Dorsey, and Glenn Miller. Drawing on a deep well of research and endless hours of interviews with the Nicholas brothers themselves, she also documents their struggles against the nets of racism and segregation that constantly enmeshed their careers and denied them the recognition they deserved. More than a biography of two immensely talented but underappreciated performers, *Brotherhood in Rhythm* offers a profound understanding of this distinctively American art and its intricate links to the history of jazz.

Alice and Pops Dr. Karen Campbell Kuebler, 2021-10-15 Inspired by the HERstory of Alice Whitman (1900-1969) and her son Pops Whitman (1916-1950), this rhythmic story will have readers tapping their feet, learning some dance history, and meeting new friends. Alice danced in her family company so she was able to do tap dance solos and hooper style tapping. In all the other companies, women could only perform with a chorus line and did not do the hooper style. Alice passed her tapping talent to her son Pops Whitman who started performing solos at age four and was the first tap dancer to include acrobatics in addition to the rhythms of the feet. Other than a few outside performances, Alice remained with the family company for thirty years. Pops left the family company at seventeen with Louis Williams. Pops and Louis toured America and Europe for over twenty years. Both Alice and Pops need their dancing stories to be told so other children are inspired to move to the beat and share their unique dancing stories.
