Taurus Joanna Martine Woolfolk, 2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

The New Astrology Taurus Chinese and Western Zodiac Signs Suzanne White, 2018-08-31 Find out how Taurus Blends with all 12 Chinese animal signs. It's astounding! A TAURUS born in a DRAGON year does not have the same basic character as a TAURUS/DOG or TAURUS/ROOSTER. It's uncanny. But it's true. TAURUS - Taureans never slap or sting. Rather, they creep up slowly and affect you deeply. Taureans who touch your heart will leave their indelible impression on your soul. Think of Taurus as a long sensual kiss. A huge tender bear hug. Or an eiderdown on a cold alpine night. Taureans are warm (but sometimes stodgy) customers. Taurus people make excellent executives.

They love money and enjoy earning piles of it. When a Taurus person gets rich, he hangs on to his money, investing it in sound stocks and bonds, building solid houses, and even storing gold sovereigns in a mattress. The key word here is substantial. Taureans do not have confidence in lightheadedness. Frivolity doesn't come naturally to them. Many Taureans work with their hands. Even if a Taurus seems more cerebral than manual, there is probably a hidden craft or hobby lurking behind the scenes. Taureans are attracted to all sorts of beauty. Music thrills them. Flowers enchant them. The countryside seduces them. Art is their natural habitat. In this book, you will discover how a TAURUS is altered when he or she is born in a DRAGON year. What is an TAURUS born RAT like? How does being born in a DOG year affect a TAURUS person's character? What is a TAURUS/TIGER like? And how does he or she get along with other New Astrology(TM) signs? Which New Astrology(TM) signs make TAURUS' best sexual partners? And which ones should they marry? Who are our Taurus/Pig celebrities? Which ones are Taurus/Goat, Taurus/ Dog, Taurus/Snake and/or Taurus/Dragon or even Taurus/Horse? Suzanne White's combined signs are uncannily accurate. Gift a friend with their SUN SIGN NEW ASTROLOGY BOOK and watch their eyebrows leap to the tip top of their forehead when they read what The New Astrology(TM) reveals about their most intimate, basic character.

Taurus Secrets Bree Mia,2023-11-10 The second sign in the modern zodiac is Taurus (♉), which is Latin for bull and originated from the Ancient Greek word Ταῦρος (Romanized: Taûros). It covers the zodiac's 30° to 60°. This sign is associated with a stable modality, quality, or quadruplicity; it also belongs to the Earth element or triplicity. This sign, which is ruled by Venus, has the Moon at precisely 3° in its exaltation. In western astrology, the Sun transits this sign from roughly April 20 to May 20.

Taurus is linked to a number of mythologies and ancient cultures' veneration of bulls. Known as The Great Bull of Heaven, it was the first sign of the zodiac to be created among the Mesopotamians. This was because the Sun rose through this constellation during the vernal equinox, which occurred during the Early Bronze Age, which lasted from around 4000 BC to 1700 BC. Taurus want both financial and professional stability. To genuinely succeed, a Taurus needs a regular routine, dependably dependable coworkers, and a healthy work environment. Earthy Taureans usually value material comforts as well, thus a reliable source of money is crucial to their mental health; less reliable employment, such as independent contracting or freelancing, may cause anxiety in the average Taurus. Those who are Tactile Taurus would probably do well in jobs involving cuisine, art, architecture, or the outdoors. Given their propensity for pragmatism, systematic approach, and financial acumen, Taureans may find success in the financial industry.
