**Oxford Thesaurus of English** Maurice Waite,2009-08-13 The leading single-volume English thesaurus explores the richness of the English language with hundreds of thousands of synonyms and antonyms, and thousands of example sentences drawn from the Oxford English Corpus; finds the word you need quickly with carefully chosen and arranged synonyms; broadens your vocabulary and finds solutions to word puzzles and crosswords with hundreds of thematic word lists; and helps express yourself more accurately with hundreds of 'Choose the Right Word' boxes exploring the difference between similar words. --Book Jacket.

**Oxford American Writer's Thesaurus** ,2012 Features more than three hundred thousand synonyms and ten thousand antonyms, as well as nearly two hundred collections of nouns to add detail to writing and quick guides to easily confused words.

**Webster's New Roget's A-z Thesaurus (Custom)** Charlton Laird,Agnes,2007-04-27 Webster's New Roget's A-Z Thesaurus opens up the world of words and leads you to more precise and more effective communication. Thousands of synonym entries include the broadest and most useful word comparisons and the greatest number of examples of any thesaurus, with more grammatical and usage information and a greater variety of related terms. Entries are arranged in alphabetical order, so synonyms are easy to find. A new index, based on Roget's original index and updated for the 21st century, now lets you browse the thesaurus by theme, directing you to related entries. Users accustomed to a Roget-style thesaurus will appreciate this alternate way to explore the A-Z listings. Word buffs will enjoy specialized word lists, such as phobias and animal group names. From the editors of Webster's New World®-the name millions of people trust for language reference books.

**Oxford American Desk Dictionary & Thesaurus** Oxford,2010-09-02 The Oxford American Desk Dictionary & Thesaurus Third Edition is a portable, all-in-one reference, seamlessly combining dictionary and thesaurus entries into one text. In addition to finding meanings, synonyms, and antonyms for a word together in one entry, users will appreciate a selection of the most helpful extra features. With up-to-date content backed by Oxford's language research program, and with an open, accessible new interior design, this is the ideal reference source for anyone requiring authoritative lexical information.

**Collins Concise Dictionary & Thesaurus** Collins Publishers Staff,1995 Combined dictionary and thesaurus provides spellings, meanings and synonyms all in the same place.

**Thesaurus Construction and Use** Jean Aitchison,Alan Gilchrist,David Bawden,2000 This handbook on thesaurus construction outlines the purposes and uses of thesauri, the planning and design of thesauri, and the standards for thesaurus construction and development. It also discusses specific elements of thesaurus construction, like vocabulary control, specificity and compound terms, structure and relationships, auxiliary retrieval devices, displays, reconciliation and integration. Consideration is also given to issues of thesaurus management, and the demands of multilingual thesauri. An appendix features the AAT Compound Term Rules. Aitchison and Gilchrist are each consultants. Bawden teaches information science at City University London. c. Book News Inc.

**The Oxford Thesaurus** Laurence Urdang,1997 First published in 1991, the very successful first edition of The Oxford Thesaurus has now sold over 126,000 copies. This new edition (NB new format), which for the first time includes antonyms in the main A-Z text, along with many additional new synonyms, broadens the book's appeal still further. The Oxford Thesaurus remains the most useful A-Z thesaurus available today, with more practical guidance for the user than any other competing title. Around 350,000 synonyms and antonyms, covering general English as well as thousands of regional and idiomatic words and expressions, are listed in A-Z form for ease of reference. Generous and detailed labelling shows how to use synonyms, and example sentences throughout make it even easier to select the correct synonym. The most useful synonyms (ie those that are closest in meaning to the headword) are listed first - a more helpful arrangement than a simple alphabetical listing under the headword. If the word for which you seek an alternative is not to be found as a headword, you can simply turn to the synonym index which lists 265,000 synonyms and shows you under which headword each synonym is located. In addition, all synonyms which also have their own headword entry (at which further related words may be found) are indicated by a simple cross-reference symbol. On the first edition: 'handier than Roget both in being alphabetical and in offering example-sentences. The mot juste in just a mo.' Prof. Sir Randolph Quirk, The Observer.

**The American Heritage College Thesaurus** ,2004 Presents synonyms and antonyms for thousands of slang and regional words along with the more stable lexicon of English words, all in an A-to-Z format.

**The Thinker's Thesaurus: Sophisticated Alternatives to Common Words (Expanded Third Edition)** Peter E. Meltzer,2015-08-03 With over twenty percent more material, a must for any lover of distinctive words. This entertaining and informative reference features sophisticated and surprising alternatives to common words together with no-fail guides to usage. Avoiding traditional thesauruses' mundane synonym choices, Peter E. Meltzer puts each word—whether it's protreptic, apostrophize, iracund, or emulous—in context by using examples from a broad range of contemporary books, periodicals, and newspapers. His new introduction makes the case for why we should widen our vocabulary and use the one right word. This groundbreaking thesaurus remains a unique venture, one that enriches your writing while helping you find the perfect word.
