Jamie Glowacki

The Honest Toddler Bunmi Laditan, 2013-05-07 As seen on Good Morning America, the irreverent, bracingly honest, and “awfully funny” (The Boston Globe) satirical parenting guide from the Internet’s most infamous tot, whose unchecked sense of entitlement and undeniable charm have captivated hundreds of thousands of fans. Are you the confused parent of a toddler? Are you constantly disappointing the 2T in your life? Are you tired, stressed out, and looking for relief? I can’t help you with that last one, but if you want to become an A+ servant to your small child, this book is for you. Who better to teach you about toddlers than another toddler? In this book you’ll learn: • How time-outs make you look like a fool • Why potty training is not only unnecessary but unrealistic for children under eighteen • Why toddler beds are OUT and letting your child sleep on the diagonal in your bed is IN • The best way to apologize to your toddler for all of those Pinterest casseroles • That when you love someone, you accept them as they are, pants or no pants The hard-hitting knowledge in The Honest Toddler will save you thousands of dollars in unnecessary whole grains and toothbrushes. Happy reading. You’re doing the right thing. For once.

Oh Crap! I Have a Toddler Jamie Glowacki, 2019-06-04 Real-world, from-the-trenches toddler parenting advice from the author of the bestselling Oh Crap! Potty Training. Toddlers—commonly defined as children aged between two and five years old—can be a horribly misunderstood bunch. What most parents view as bad behavior is in fact just curious behavior. Toddlerdom is the age of individuation, seeking control, and above all, learning how the world works. But this misunderstanding between parents and child can

lead to power struggles, tantrums, and even diminished growth and creativity. The recent push of early intellectualism coupled with a desire to “make childhood magical” has created a strange paradox—we have three-year-olds with math and Mandarin tutors who don’t know how to dress themselves and are sitting in their own poop. We are pushing the toddler mind beyond its limit but simultaneously keeping them far below their own natural capabilities. In the frank, funny, and totally authentic Oh Crap! I Have a Toddler, social worker Jamie Glowacki helps parents work through what she considers the five essential components of raising toddlers: —Engaging the toddler mind —Working with the toddler body —Understanding and dealing with the toddler behavior —Creating a good toddler environment —You, the parent Oh Crap! I Have a Toddler is about doing more with less—and bringing real childhood back from the brink of over-scheduled, over-stimulated, helicopter parenting. With her signature down-and-dirty, friend-to-friend advice, Jamie is here to help you experience the joy of parenting again and giving your child—and yourself—the freedom to let them grow at their own pace and become who they are.
