All the Way to the Top Annette Bay Pimentel, 2020-02-15 This is the story of a little girl who just wanted to go, even when others tried to stop her. Jennifer Keelan was determined to make a change--even if she was just a kid. She never thought her wheelchair could slow her down, but the way the world around her was built made it hard to do even simple things. Like going to school, or eating lunch in the cafeteria. Jennifer knew that everyone deserves a voice! Then the Americans with Disabilities Act, a law that would make public spaces much more accessible to people with disabilities, was proposed to Congress. And to make sure it passed, Jennifer went to the steps of the Capitol building in Washington DC to convince them. And, without her wheelchair, she climbed. ALL THE WAY TO THE TOP!

Ayoade on Top Richard Ayoade, 2019-09-03 Richard Ayoade - in this foren, perhaps one of the most 'insubstantial' people of our age, takes us on a journey from Peckham to Paris by way of Nevada and other places we don't care about. It's a journey deep within, in a way that's respectful and non-invasive; a journey for which we will all pay a heavy price, even if you've waited for the smaller paperback edition. Ayoade argues for the canonisation of this brutal masterpiece, a film that celebrates capitalism in all its victimless glory; one we might imagine Donald Trump himself half-watching on his private jet's gold-plated flat screen while his other puffy eye scans the cabin for fresh, young prey.

View From the Top D. Michael Lindsay, M. G. Hager, 2014-05-05 Learn leadership from the best-proven insights from the power elite in business, government, and beyond View from the Top brings readers inside the corridors of power and relates the personal stories and powerful findings from the Platinum Study, a groundbreaking study of 550 elite American CEOs, senior government leaders, and nonprofit executives based on ten years of research. The largest study of its kind, the Platinum Study delves into the domains of the elite with stories that illustrate both the use and misuse of power across the landscape of prominent American institutions such as AT&T, Harvard University, Under Armour, JP Morgan Chase, Bain & Company, and the White House. The book explores not only how leaders wield power, but it also provides readers with insight into applying the strategies of the successful in their own lives. In the United States, only a few thousand individuals make the decisions that influence the lives of over 300 million people. Whether in the government, business, higher education, or the arts, these individuals direct policy and set the terms of national debates, yet remain virtually unknown. View from the Top explores the real lives of the elite and the social worlds they inhabit, revealing lessons about influence at the top, and the seven principles that shape those in power. The results of the Platinum Study include unexpected truths such as: Being born into wealth is a poor predictor of leadership success One program can set you on the path to leadership It doesn't matter what college you attend A leader's best work never sees the light of day Time-crushed executives are better situated than most to manage their family lives Crisis is the quickest way for a leader to shape an institution Working longer does not mean working better The book examines the different paths to power and describes the essence of leadership and the fundamental traits that distinguish a leader from the pack. Top of the Rock Warren Littlefield, T. R. Pearson, 2013-02-12 Top of the Rock is an absorbing insiders' account of an incredible time and place in television history: the years when Must See TV--led by Cheers, Seinfeld, Friends, ER, and Law & Order--made NBC an unstoppable success. Here the story is vividly told through the words of the actors, writers, producers, creators, and network executives who helped the Peacock rise to its greatest heights--and then saw it all fall apart. Under the supervision of President of Entertainment Warren Littlefield, NBC went from being an also-ran, losing millions of dollars in failed shows, to the number one station, generating billions of dollars in profit. At its height, the Thursday night lineup alone brought in more revenue than the other six nights of programming combined. Top of the Rock dishes out behind-the-scenes stories from all the biggest shows, revealing the highly risky business decisions, creative passion, and blind leaps of faith that made Must See TV possible. The Inn at the Top Neil Hanson, 2013-09-24 The delightful tale of a young couple who in the late 1970s, on

impulse, became the new landlords of the most remote, bleak and lonely pub - The Tan Hill Inn - located in the bleak landscape of the Yorkshire Dales. Having seen an article in the newspaper about the pub's search for a new manager, they arrived just three weeks later as the new landlords of the The Tan Hill Inn. It is a wild, wind-swept place, set alone in a sea of peat bog and heather moorland that stretches unbroken as far as the eye can see. With only sheep and grouse for company, their closest neighbour was four miles away and the nearest town twelve. They had no experience of licensed trade or running a pub, no knowledge of farming and a complete inability to understand the dialect of the sheep farmers who were their local customers. Eager, well-meaning, but in over their heads, our two heroes embarked on a disaster-strewn career that somehow also turned into a lifelong love affair with the Dales. The Inn at the Top is an entertaining ramble around the Inn, the breath-taking Dales countryside and a remarkable array of local characters, giving an insight into life in a very different different time and place.

Top 40 Brandon Brown,2014 Poetry. California Interest. Like the wavering foliage which inspired William Wordsworth's autobiographical epic, America's Top 40 Countdown is the catchy Beatrice of Brandon Brown's new book. Writing through the Top 40 pop songs on the chart of September 14, 2013, Brown's poems track the life of a song as it resounds through an organism. An organism who bathes, reads, writes, likes, fights, loves, hates, and fucks seems human; the soundtrack never stops.
