

Treasure

W. Craig Gaines

The Secret Byron Preiss, 2016-10-05 The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. *The Secret* is a field guide to them all. Many armchair treasure hunt books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams. *Masquerade* promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to

match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

Love and Treasure Ayelet Waldman, 2014-04-01 A spellbinding new novel of contraband masterpieces, tragic love, and the unexpected legacies of forgotten crimes, Ayelet Waldman's *Love and Treasure* weaves a tale around the fascinating, true history of the Hungarian Gold Train in the Second World War. In 1945 on the outskirts of Salzburg, victorious American soldiers capture a train filled with unspeakable riches: piles of fine gold watches; mountains of fur coats; crates filled with wedding rings, silver picture frames, family heirlooms, and Shabbat candlesticks passed down through generations. Jack Wiseman, a tough, smart New York Jew, is the lieutenant charged with guarding this treasure—a responsibility that grows more complicated when he meets Ilona, a fierce, beautiful Hungarian who has lost everything in the ravages of the Holocaust. Seventy years later, amid the shadowy world of art dealers who profit off the sins of previous generations, Jack gives a necklace to his granddaughter, Natalie Stein, and charges her with searching for an unknown woman—a woman whose portrait and fate come to haunt Natalie, a woman whose secret may help Natalie to understand the guilt her grandfather will take to his grave and to find a way out of the mess she has made of her own life. A story of brilliantly drawn characters—a suave and shady art historian, a delusive and infatuated Freudian, a family of singing circus dwarfs fallen into the clutches of Josef

Mengele, and desperate lovers facing choices that will tear them apart—Love and Treasure is Ayelet Waldman’s finest novel to date: a sad, funny, richly detailed work that poses hard questions about the value of precious things in a time when life itself has no value, and about the slenderest of chains that can bind us to the griefs and passions of the past. This eBook edition includes a Reading Group Guide.

Blood and Treasure Bob Drury,Tom Clavin,2021-04-20 The Instant New York Times Bestseller National Bestseller [The] authors’ finest work to date. —Wall Street Journal The explosive true saga of the legendary figure Daniel Boone and the bloody struggle for America's frontier by two bestselling authors at the height of their writing power—Bob Drury and Tom Clavin. It is the mid-eighteenth century, and in the thirteen colonies founded by Great Britain, anxious colonists desperate to conquer and settle North America’s “First Frontier” beyond the Appalachian Mountains commence a series of bloody battles. These violent conflicts are waged against the Native American tribes whose lands they covet, the French, and the mother country itself in an American Revolution destined to reverberate around the world. This is the setting of Blood and Treasure, and the guide to this epic narrative is America’s first and arguably greatest pathfinder, Daniel Boone—not the coonskin cap-wearing caricature of popular culture but the flesh-and-blood frontiersman and Revolutionary War hero whose explorations into the forested frontier beyond the great mountains would become the stuff of legend. Now,

thanks to painstaking research by two award-winning authors, the story of the brutal birth of the United States is told through the eyes of both the ordinary and larger-than-life men and women who witnessed it. This fast-paced and fiery narrative, fueled by contemporary diaries and journals, newspaper reports, and eyewitness accounts, is a stirring chronicle of the conflict over America's "First Frontier" that places the reader at the center of this remarkable epoch and its gripping tales of courage and sacrifice.

It can lead you on a terrific family adventure to discover real treasure. Scribe's Treasure Marion H. Gwynn, 2012-02 As both chemist and priest your scribe believes that the current gap between science and religion can be bridged largely by revelation. Revelation is a select part of religion, often beyond the ken or competence of

qualified science. Types of revelation comprise the manifest supernatural and prophecy, fulfilled prophecy supporting what is yet to be fulfilled. The book offers answers and asks a variety of questions. This book is written in four sections, each with chapter-like and numbered subsections: Section 1 the most scriptural and salvational Section 2 the most prophetic or revelatory Section 3 the most scientific and integrative knowledge Section 4 the most semantic and hypothetic Section 1 Scripture, Old and New Testament, appears to be a rich source of revelation and other reliable spiritual reality. Its integrity distinguishes divine and human reporting, also religion versus irreligion. Jesus' early advent fulfilled dozens of Old Testament prophecies; divine evidence for the reliability of its revelation. Scripture reveals that Jesus of Nazareth walked among us, both man and God. Section 2 Section 2 comprise a commentary upon the Revelation to John. The prophecy concentrated therein is mysterious in part yet relatively ordered and culminating. It helps to organize other prophecy revealed in Scripture. And it serves to guide our on-going participation with the ascended Christ as Lord. Prophecy reveals that God has operated mightily in and on history, that he has revealed essential parts of his plan and care for mankind. Section 3 Without religion, science, particularly inanimate science, tends to support determinism, also a relatively rigid causation or rationalism. Science develops knowledge more than understanding. Section 3 attempts to assemble salient science together with a minor proportion of related hypotheses. Your scribe believes that God's concern and involvement and control of life is more intimate and profound than most science and philosophy has indicated. Section 4 The relatively hypothetic Section 4 comprises much supposition, some semantically treated. Suppositions are offered concerning material or systematic

structures for said living sub matter in body, mind and soul. Life after first death is a gift from the soul's Creator. Spirits just and unjust await resurrection in the spirit, not in the flesh, not in reincarnation. The soul is foundational to theology and tends to respond to spiritual reality, to living sub matter, particularly to God and other souls.
