

U2

Mark A. Wrathall

U2 by U2 U2, Neil McCormick, 2009-12-01 In 1975, four teenagers from Mount Temple School in Dublin gathered in a crowded kitchen to discuss forming a band. More than thirty years later, Bono, The Edge, Adam Clayton, and Larry Mullen Jr are still together, bound by intense loyalty, passionate idealism, and a relentless belief in the power of rock and roll to change the world. In an epic journey that has taken the band from the clubs of Dublin to the stadiums of the world, U2 has sold more than 130 million albums, revolutionized live performance, spearheaded political campaigns, and made music that defines the age in which we live. Told with wit, insight, and astonishing candor by the band members themselves and manager Paul McGuinness, with pictures from their own archives, **U2 by U2** allows unprecedented access into the inner life of the greatest rock band of our times.

U2 at the End of the World Bill Flanagan, 1996-10
U2 Show Diana Scrimgeour, 2006 Underpinning the popularity of U2 is their passion for touring. For the first time the band has agreed to allow a book on this vital part of their creative energy to be published. Photographs are hand-picked from their archive.

U2 Matt McGee, 2008 This new and updated edition of *U2: A Diary* brings U2's story up to date with information about the band's ground-breaking film, *U2 3D*, recording sessions for *No Line on the Horizon* and the story of how the album was leaked online twice before its official release, the *U2 360* world tour and Bono's back injury that forced an entire leg to be postponed and the band's

struggles to decide how to follow No Line on the Horizon and the 360 Tour with new material. Here is the complete history of U2 told exactly as it happened in day-by-day diary format. As well as following the mid-1970's birth of the band to the present day in journal form, U2: A Diary also includes new revelations and fresh insights into key moments of U2's development. Through interviews and extensive research, author Matt McGee sheds light on stories. Fully illustrated with pictures spanning the band's career, this is a fanatically detailed account of a legendary group's life!

U2 Peter Williams, 1988-11-19 Tells the behind the scenes story of an Irish rock and roll band in America.

The U2 Reader Hank Bordowitz, 2003 Collects more than seventy U2 articles, interviews, and reviews spanning 1978-2002, arranged by theme including the early days, stardom, experiment and backlash, touring, albums, video and film, politics, spirituality, and business matters, and includes comments from old friends and from peers such as Billy Corgan, Moby, and Salman Rushdie.

U2 Jennifer L. Huston, 2015 Describes the rise to fame and the lasting impact of the band U2--

U2 Brian Boyd, Niall Stokes, 2018 The ultimate celebration of U2 for the band's fans--with two great books in one. Cowritten by Brian Boyd, a leading music journalist and close associate of U2, and Niall Stokes, editor of Ireland's legendary Hot Press magazine, U2 Songs + Experience recounts the band's incredible career and analyzes the songs from all their studio

albums. Along with a discussion of the influences, inspiration, and origins of U2's immensely popular music, this volume covers the group's rise from its roots in post-punk and its socially and politically conscious music. Iconic and rare photographs showcase posters, backstage passes, classic flyers, and other rock memorabilia. Material compiled from U2 Experience and U2: The Stories Behind the Songs.

U2 Timothy D. Neufeld, 2017-04-01 U2's significant career far exceeds that of most average successful rock bands, with a prolific output of thirteen well-received studio albums and a sometimes relentless touring schedule. The band is famous for uniquely drawing together music, art, faith, and activism, all within a lucrative career that has given each of these elements an unusual degree of social and cultural resonance. Broad-minded musically and intellectually, U2's output is thematically rich, addressing a slew of topics, from questions of faith to anxieties about commercialism to outright political statements. With one of the largest fan bases in the history of rock music, U2 and their work require contextualization and exploration. In U2: Rock 'n' Roll to Change the World, Timothy D. Neufeld takes up this challenge. Neufeld explores U2's move from the youthful idealism of a band barely able to play instruments through its many phases of artistic expression and cultural engagement to its employment of faith and activism as a foundation for its success. This book outlines how U2 reshaped the very musical and even political culture that had originally shaped it,

demonstrating through close readings of its musical work the dynamic interplay of artistic expression and social engagement.

U2 by U2 ,2006 Overzicht in woord (interviews) en beeld van de wereldberoemde Ierse popband.

U2 David Kootnikoff,2009-12-30 This is the story of the phenomenally popular, critically acclaimed Irish band from its Dublin beginnings to the present. *U2: A Musical Biography* tells the story of the phenomenally popular Irish rock band whose passionate songs and performances have taken them from their Dublin upbringing to the Rock and Roll Hall of Fame—all with the band's original foursome of Bono, The Edge, Larry Mullen, and Adam Clayton intact. *U2* follows the band from the early talent show victory that got them their first recording contract to their 1987 worldwide breakout with *The Joshua Tree* and the string of critically acclaimed albums and sold-out stadium and arena tours that followed. As the story of *U2* unfolds, readers will get a sense of the strong interpersonal bonds and deep-rooted Christian faith that have kept the band together for over three decades. The book also highlights the group's ongoing commitment to supporting a variety of human rights causes worldwide.

One Step Closer Christian Scharen,2006-04 Examines how the music of *U2* points seekers to God through their lyrics and lives.

U2 and Philosophy Mark A. Wrathall,2012-03-30 Is it possible to be a committed Christian and a rock superstar? Can political activists make good music? Do hugely successful rock bands really care about AIDS and poverty in Africa, or is it just

another image-enhancing schtick? U2 and Philosophy ponders these and other seeming dichotomies in the career of the Irish supergroup. For over two decades, U2 has been one of the biggest acts in rock music. They've produced over a dozen platinum and multiplatinum records and won 15 Grammy Awards. Critics everywhere have praised the band's thoughtful, complex lyrics and the artistry of their music. At the same time, Bono, the group's lead singer, has dedicated himself to political and social causes, blurring the line between rock star and respected statesman. Offering fresh insight into the band's music and activism, these thought-provoking essays allows fans to discover philosophy through the eyes of U2, and rediscover U2 through the eyes of philosophers.

Exploring U2 Scott D. Calhoun, 2012 *Exploring U2: Is This Rock 'n' Roll?* features new writing in the growing field of U2 studies. In keeping with U2's own efforts to remove barriers that have long prevented dialogue for understanding and improving the human experience, this collection of essays covers such disciplines as literature, music, philosophy, and theology.

U2 Live Pimm Jal de la Parra, 2003 Since their formation in 1976, U2 have played over 1,000 concerts to millions of fans around the world. Now updated to include their PopMart and Elevation tours, *U2 Live: A Concert Documentary* takes you along to every single U2 live performance - from 1976 to 2003. With over 500 colour and black & white photographs.

U2 Bill Flanagan, 1996-07-16 The most intimate and appreciative biography of the mega rock band

U2 to date--by the author to whom the band gave complete access. When U2 took the stage for their three-year Zoo TV world tour in 1991, Bill Flanagan was there--in the bus, on the plane, in the recording studio and well after hours with the biggest rock band in the world. A tour that began to support the hugely successful Achtung Baby record and ended with a second, even more successful record, Zooropa, took U2 to the far reaches of the world, playing to over a hundred sold-out arenas in over forty cities. U2 At The End Of The World takes you on the world tour and drops you off at the cultural intersection where rock stars meet politicians; where writers, directors, and models all wind up backstage with U2. You're there when the band meets Bill Clinton in a Chicago hotel room; when Salman Rushdie comes out of hiding to join the band onstage at Wembley Arena in London; when Frank Sinatra and Bono record their famous duet, I've Got You Under My Skin. And finally, when the band performs their last Zoo TV concert in Tokyo in 1993 and nearly collapses from physical and mental exhaustion, you are there with them waiting for the end of the world. Augmented with sleek photos by renowned photographer Anton Corbijn, U2 At The End Of The World is the most definitive book on the band to date.

U2 and the Religious Impulse Scott

Calhoun, 2018-02-08 U2 and the Religious Impulse examines indications in U2's music and performances that the band work at conscious and subconscious levels as artists who focus on matters of the spirit, religious traditions, and a

life guided by both belief and doubt. U2 is known for a career of stirring songs, landmark performances and for its interest in connecting with fans to reach a higher power to accomplish greater purposes. Its success as a rock band is unparalleled in the history of rock 'n' roll's greatest acts. In addition to all the thrills one would expect from entertainers at this level, U2 surprises many listeners who examine its lyrics and concert themes by having a depth of interest in matters of human existence more typically found in literature, philosophy and theology. The multi-disciplinary perspectives presented here account for the durability of U2's art and offer informed explanations as to why many fans of popular music who seek a connection with a higher power find U2 to be a kindred spirit. This study will be of interest to scholars and students of religious studies and musicology, interested in religion and popular music, as well as religion and popular culture more broadly.

U2 Niall Stokes, 2005 Featuring original and revealing interviews with band members and key people close to them, and tracing the band's meteoric rise from the early days to a group that has galvanized the pop music scene for more than twenty years, *Into the Heart* was the first book to explore the background and inspiration behind every song written by U2, and is the definitive text on the subject. Hitting No. 1 on both sides of the Atlantic with *How to Dismantle an Atomic Bomb*, and winning three Grammys for hit single 'Vertigo', U2 remains in every sense a world-class rock 'n' roll band, and this book takes you into

the heart of the group, to reveal the inspiration behind their music.

On the Road with U2 Deena Dietrich, 2015-04-12

Join me on my musical journey on the road with U2 to the 75 shows I have seen since the Zoo TV tour in 1992. Meeting Bono in Jersey, hugging Larry in Baltimore, having a drink with Larry in Providence, talking with Bono in Seattle, hugging Larry again in Pittsburgh - just to name a few.

The World and U2 Alan McPherson, 2015-06-04 The Irish rock band U2, and especially its frontman Bono, are among the most effective activists ever. U2 has convinced wealthy governments to forgive tens of billions of dollars in loans while spreading its activist messages to billions of people, helping save millions of lives. So how did four boys from one of the poorest countries in the West achieve this? Who and what influenced them? What strategies did they use to succeed as much as they did as activists, and how did those strategies change over time? In particular, how did lead singer Bono make the leap into superstar lobbying? And, with so much attention on him, how has he handled critics who have taken to task his work on behalf of developing countries? In *The World and U2: One Band's Remaking of Global Activism*, Alan McPherson trains a historian's eye on the evolution and influence of the band's activism from its formation in 1976 to its most recent album and concert tour. Throughout its nearly four decades, the band has held up a mirror to the increasing selfishness in the world while at the same time working to fill the void left by those who have abandoned the world's poor to their

plight. From raising awareness about war and human rights in the 1980s to engaging in direct action in the 1990s to moving mountains of cash for the planet's poorest in the twenty-first century, the band, and especially Bono, have both raised the bar and set the example for other celebrity activists. But it is also a success that has brought a greater scrutiny to bear on U2's activism and initiated a healthy debate about the merits of Western development aid. *The World and U2: One Band's Remaking of Global Activism* tells this story of U2's successful storming of the world's philanthropic stage. It will enchant the band's fans, engage its critics, and offer lessons—and warnings—to activists seeking to change things for the better.

Reviewing **U2**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**U2**," an enthralling opus penned by a highly acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book's central motifs, appraise its distinctive narrative style, and gauge its

overarching influence on the minds of its readers.
