**Official UEFA Champions League Treasures** Keir Radnedge, 2011-12 This is a celebration of the UEFA Champions League. As well as providing a brief running history of the European Cup and a season-by-season review of the Champions League, great clubs and players are highlighted.

*The Fix* James Dixon, 2021-09 *The Fix: How the First Champions League Was Won and Why We All Lost* is an engrossing examination of the 1992/93 UEFA Champions League season. In 1980s Europe, revolution was in the air and the corridors of footballing power were not immune from the forces sweeping the continent. The breakup of Czechoslovakia, Yugoslavia and the USSR gave UEFA a problem. There were more national teams and league champions than their post-war competitions were designed to handle. Rather than the collapse of communism, the bigger headache for administrators was the success of capitalism. Gordon Gekko-styled businessmen like Silvio Berlusconi (AC Milan) and Bernard Tapie (Marseille) were beginning to involve themselves in football with less than benign motives. Against the backdrop of constant threats from the continent's most powerful clubs

to form a breakaway super league, the UEFA Champions League was born. The Fix looks at that infamous first season, from its humble beginning on a Faroese hillside to its ultimate conclusion in a French courtroom.

**60 Years of the Champions League** Keir Radnedge, 2015-10 Celebrate the 60th anniversary of the Union of European Football Associations Champions League with this handsome history, including new interviews and a stats section The UEFA (Union of European Football Associations) Champions League celebrated its diamond jubilee in 2005. The first match was played on September 4, 1955, when Sporting Lisbon played Partizan Belgrade. The Yugoslavs advanced to the next round by winning 8-5 on aggregate, but lost to the eventual champions, Real Madrid, giving the first glimmering

of the Spanish club's legendary status. Real have won the Champion Clubs Cup/UEFA Champions League (the name changed in 1992) 10 times, three more successes than their nearest rival, Milan. Fully updated, this book covers every season's competition with a full report and statistical summary of the Final up to, and including, the 2015 final in Berlin. There are specially commissioned interviews with a soccer legend from each decade from the 1950s to the present. **Football in Neo-Liberal Times** Peter Kennedy, David Kennedy, 2016-02-05 This book offers an original Marxist critique of the European football business. It argues that the Marxist account of the difference between profits and surplus value is crucial to an understanding of the fluid and contradictory nature of the commodification of football. Section one analyses the nature of modern professional football and section two highlights attempts, via government agency and football clubs, to

corral fans into ever greater identification with business logic aimed at breaking traditional social relations. Section three draws on a number of cases studies across Europe, to analyse how some fans are attempting to mount a counter ideological response to the assault of neo-liberalism on the game.

**Out of the Blue** Gary Thacker, 2022-04-11 By the early months of 2012, it was clear that the appointment of Andre Villas-Boas as head coach at Chelsea wasn't delivering the required success. Instead, the club was spiralling towards its worst season of the Roman Abramovich era. On 4 March,

Villas-Boas was dismissed, with his former assistant Roberto Di Matteo made interim head coach until the end of the season. Struggling in the league and with their place in the Champions League in peril, it was an appointment designed to make the best of things until a permanent replacement could be sought in the summer. Instead, under Di Matteo's guidance, Chelsea embarked on a run of performances that not only led to an FA Cup triumph, but resurrected their European hopes with improbable victories over Napoli, Benfica and Guardiola's all-conquering Barcelona before, against all odds, winning the Champions League by defeating Bayern Munich in their own stadium. This is the story of a triumph that came out of the blue.
