A Handful of Happiness Massimo Vacchetta,Antonella Tomaselli,2018-07-10 A feel-good memoir about a man and his hedgehog Massimo Vacchetta, an Italian veterinarian specializing in large animals, is recently divorced and feeling heartbroken and depressed—until the day that someone brings an orphaned baby hedgehog into his clinic. As the tiny hedgehog cries and whimpers, Massimo immediately understands the extent of the animal’s vulnerability and isolation. Recognizing her helplessness and desperation in himself, he connects with her in a way he’s never connected with any other animal. In caring for this hedgehog, Massimo uncovers her vibrant personality, and rediscovers his own. Soon, another sick hedgehog lands in his lap. And then another. As people begin to seek him out to heal and care for their injured or orphaned animals, Massimo finally discovers his life’s mission. As other sick hedgies are healed and released, Massimo continues to dote on Ninna like a child, constantly fretting about her health and happiness, caring about her in a way he’s never cared about anyone or anything else. But the cage that once kept her safe soon becomes a prison, and as much as it breaks Massimo's heart to let her go, he knows she longs to be free. Through this life-affirming story of a man and his hedgehog, we learn that no love is too great and no creature is too small.

Iter Italicum Paul Oskar Kristeller,1977-12 Provides a list of Renaissance manuscripts (1350-1600), mostly in Latin or Italian, of philosophical, scientific, philological or literary content. The list is arranged by countries, cities, libraries, collections and shelf-marks, and is an indispensable work tool for Renaissance scholars.

The "Other Tuscany" Thomas W. Blomquist,Maureen Fennell Mazzaoui,1994 Studies of late medieval Tuscany have traditionally relied on historiographical premises derived from the experience of its intensely investigated capital city. Specifically, normative and quantitative data from Florentine sources have been employed to chart demographic, social, and economic trends during the communal age and across the period of the Black Death and its aftermath. The results have invited instructive comparisons with other regions of Italy, as well as other parts of Europe. At the same time, however, the focus on Florence in its role as a metropolitan center belies the conceptual problems inherent in the modern definition of region, applicable only with hindsight to medieval juridical and topographical boundaries. The essays in this volume offer non-Italian scholars a representative sample of current European research and a summary of recent debates regarding the historical evolution of those republics that posed the most formidable obstacles to the extension of Florentine hegemony. While they cover a range of topics, they all provide evidence of the important resources available to scholars working in provincial Tuscan archives and the volume offers an excellent sampling of the state of scholarship on these Italian communities.

A Handful of Happiness Massimo Vacchetta,Antonella Tomaselli,2019-03-21 The heart-warming story of how a tiny hedgehog helped one man find hope. 'Could you look after it for a couple of days? . . .' So begins the extraordinary friendship between veterinarian Massimo, who is at a low spot in his life, and a tiny, orphaned hedgehog. Only a few days old, covered with soft, white quills and mewling quietly, this little creature will turn around his life forever. Through the sheer force of Ninna's personality - curious, playful, affectionate - and the sudden, unexpected paternal protectiveness he feels nursing her back to health, Massimo reconnects with the world - and finally begins to feel like home. But as Ninna wakes from her first hibernation, she grows up, like any teenager, longing for freedom. A creature of the wild, she craves the free range of the woods beyond Massimo's house. Massimo must accept that Ninna is ready to move on . . . but one little hedgehog saved and released into her natural habitat is a new beginning for Massimo: setting up a sanctuary for the injured, orphaned, fragile - but with a will to live so strong it is truly contagious. A Handful of Happiness is their funny and life-affirming story - a celebration of our favourite prickly wildlife creature, which will make you laugh and cry. Perfect for animal lovers and fans of A Streetcat Named Bob, Arthur, Finding Gobi and Monty Don's Nigel.

La Libreria privata del Marchese Suddecano Gabriello Riccardi Bartoletti, Guglielmo,2017-09-27 Questo volume ricostruisce le vicende della libreria privata del marchese suddecano Gabriello Riccardi (1705-1798), che alla fine del suo sviluppo confluirà e si fonderà con quella della Famiglia, oggi nota come Biblioteca Riccardiana. La ricerca si è concentrata in particolare sul fondo manoscritti, che ne costituiva decisamente la parte più rilevante e preziosa. Il risultato finale del presente studio ha prodotto sia un catalogo topografico, che ricostruisce la disposizione fisica che tali manoscritti avevano nella loro sede originaria, sia un catalogo alfabetico, secondo l'originale settecentesco. Nel saggio storico si evidenziano infine le vicende che hanno portato questa celebre libreria, ormai unificata per volontà di Gabriello, a salvarsi dalla dispersione e a rimanere intatta quale noi oggi la conosciamo. La pubblicazione è arricchita da una Parte Repertoriale, disponibile ad accesso aperto nella versione digitale del volume (eBook), che presenta una serie di documenti, cataloghi e indici ricavati dallo studio sulla Libreria di Gabriello Riccardi.

Commerce, Peace, and the Arts in Renaissance Venice Linda L. Carroll,2016-05-05 With the Paduan playwright Angelo Beolco, aka Ruzante, as a focal point, this book sheds new light on his oeuvre and times - and on Venetian patrician interest in him - by embedding the Venetian aspects of his life within the monumental changes taking place in fifteenth- and sixteenth-century Venice, politically, economically, socially, and artistically. In a study of patronage in the broadest sense of the term, Linda Carroll draws on vast quantities of new archival information; and by reading the previously unpublished primary sources against each other, she uncovers remarkable and heretofore unsuspected coincidences and connections. She documents the well-known links between the increasingly fruitless trade to the north and the need for new investments in land (re)gained by Venice on the mainland, links between problems of governance and political networks. She unveils the significance and potential purposes of those who invited Ruzante to perform in what are interpreted as rudely metaphorical truth-telling plays for Venetians at the highest social and political levels. Focusing on a group of patrons of art works in S. Maria Gloriosa

dei Frari, the first chapter establishes their numerous interrelated commercial and political interests and connects them to the content of the works and artists chosen to execute them. The second chapter demonstrates the economic interests and related political tensions that lay behind the presence of many high-ranking government officials at a scandalous 1525 Ruzante performance. It also draws on these and materials concerning previous generations of the Beolco family and Venetian patricians to provide an entirely new picture of Beolco's relationships with his Venetian supporters. The third chapter analyzes an important Venetian literary manuscript of the period in the Bodleian Library of Oxford University whose copyist had remained unknown and whose contents have been little studied. The identity of the copyist, a central figure in the worlds of theatrical and historical and, now, literary writing in early sixteenth century Venice, is clarified and the works in the manuscript connected to the cultural worlds of Venice, Padua and Rome.

Il teatro romano di Augusta Bagiennorum. Dallo studio dei resti all'ipotesi ricostruttiva del progetto architettonico Eduardo Rulli,Massimo

Limoncelli,2016-02-09 Gli scavi e i restauri del teatro di Augusta Bagiennorum ripresi a partire dagli anni cinquanta del Novecento dalla Soprintendenza alle Antichità del Piemonte mirarono a consolidare le sostruzioni della cavea e a riqualificare l'edificio scenico con un moderno palcoscenico ligneo e l'installazione di finti portali in cemento a imitazione di quelli in marmo lunense, oggi conservati nel locale museo archeologico insieme ai frammenti della decorazione architettonica scolpita nelle pietre tra le più belle e pregiate dell'Antichità .In anni recenti, le nuove indagini della Soprintendenza e la collaborazione iniziata con l'allora funzionario responsabile dell'area archeologica Maria Cristina Preacco hanno fornito interessanti risultati sulla provenienza dei materiali che, unitamente ai recenti studi multidisciplinari sulle scaenae frontes dei teatri romani, hanno incoraggiato l'elaborazione di una ipotesi ricostruttiva della scena prima e dell'intero edificio poi. Questo volume vuole dare continuità a un progetto di Maria Cristina, dedicato alla restituzione dei singoli monumenti che verosimilmente qualificarono Augusta Bagiennorum.
