

Vietnam

G. Simons

Vietnam and America Marvin E. Gettleman,1995 No single event since World War II has marked this country's foreign policy and national image as deeply as did the war in Vietnam. Vietnam and America is a complete history of the war, as documented in essays by leading experts and in original source material. With generous selections from the documentary records, the book dispels distortions and illuminates in depth the many facets of the war, from Vietnam's history before the war, to Washington's insider policy making, to troop perspectives, to the impact back on the home front. In essays introducing each major stage of the war, the editors elucidate the issues, foreign policy choices, and consequences of U.S. involvement. Substantial headnotes put each document in historical perspective. This comprehensive anthology is an invaluable reference for anyone who wants to understand the Vietnam War.

Vietnam Christopher Goscha,2016-09-13 The definitive history of modern Vietnam, lauded as groundbreaking (Guardian) and the best one-volume history of modern Vietnam in English (Wall Street Journal) and a finalist for the Cundill History Prize In Vietnam, Christopher Goscha tells the full history of Vietnam, from antiquity to the present day. Generations of emperors, rebels, priests, and colonizers left complicated legacies in this remarkable country. Periods of Chinese, French, and Japanese rule reshaped and modernized Vietnam, but so too did the colonial enterprises of the Vietnamese themselves as they extended their influence southward from the Red River Delta. Over the centuries, numerous kingdoms, dynasties, and states have ruled over -- and fought for -- what is now Vietnam. The bloody Cold War-era conflict between Ho Chi Minh's communist-backed Democratic Republic of Vietnam and the American-backed Republic of Vietnam was only the most recent instance when war divided and transformed Vietnam. A major achievement, Vietnam offers the grand narrative of the country's complex past and the creation of the modern state of Vietnam. It is the definitive single-volume history for anyone seeking to understand Vietnam today.

The ARVN and the Fight for South Vietnam Nghia M. Vo,2021-08-26 With the withdrawal of French forces from South Vietnam in 1955, the U.S. took an ever-widening role in defending the country against invasion by North Vietnam. By 1965, the U.S. had Americanized the war, relegating the Army of the Republic of Vietnam (ARVN) to a supporting role. While the U.S. won many tactical victories, it had difficulty controlling the territory it fought for. As the war grew increasingly unpopular with the American public, the North Vietnamese launched two large-scale invasions in 1968 and 1972--both tactical defeats but strategic victories for the North that precipitated the U.S. policy of Vietnamization, the drawdown of American forces that left the ARVN to fight alone. This book examines the maturation of the ARVN, and the major battles it fought from 1963 to its demise in 1975. Despite its flaws, the ARVN was a well-organized and disciplined force with an independent spirit and contributed enormously to the war effort. Had the U.S. Vietnamized the war earlier, it might have been won in 1967-1968.

Vietnam, an American Ordeal George Moss,1990

The Vietnam War Edward Miller,2016-01-19 The Vietnam War is an outstanding collection of primary documents related to America's conflict in Vietnam which includes a balance of original American and Vietnamese perspectives, providing a uniquely varied range of insights into both American and Vietnamese experiences. Includes substantial non-American content, including many original English translations of Vietnamese-authored texts which showcase the diversity and complexity of Vietnamese experiences during the war Contains original American documents germane to the continuing debates about the causes, consequences and morality of the US intervention Incorporates personal histories of individual Americans and Vietnamese Introductory headnotes place each document in context Features a range of non-textual documents, including iconic photographs and political cartoons

The Path to Vietnam Andrew J. Rotter,1989 What path led Americans to Vietnam? Why and how did the United States become involved in this

conflict? Drawing on materials from published and unpublished sources in America and Great Britain, historian Andrew Rotter uncovers and analyzes the surprisingly complex reasons for America's fateful decision to provide economic and military aid to the nations of Southeast Asia in May 1950.

America, the Vietnam War, and the World Andreas W. Daum, Lloyd C. Gardner, Wilfried Mausbach, 2003-07-14 Publisher's description: This book presents new perspectives on the Vietnam War, its global repercussions, and the role of this war in modern history. The volume reveals 'America's War' as an international event that reverberated all over the world: in domestic settings of numerous nation-states, combatants and non-combatants alike, as well as in transnational relations and alliance systems. The volume thereby covers a wide geographical range-from Berkeley and Berlin to Cambodia and Canberra. The essays address political, military, and diplomatic issues no less than cultural and intellectual consequences of 'Vietnam'. The authors also set the Vietnam War in comparison to other major conflicts in world history; they cover over three centuries, and develop general insights into the tragedies and trajectories of military conflicts as phenomena of modern societies in general. For the first time, 'America's War' is thus depicted as a truly global event whose origins and characteristics deserve an interdisciplinary treatment.

What Was the Vietnam War? Jim O'Connor, Who HQ, 2019-05-07 Learn how the United States ended up fighting for twenty years in a remote country on the other side of the world. The Vietnam War was as much a part of the tumultuous Sixties as Flower Power and the Civil Rights Movement. Five US presidents were convinced that American troops could end a war in the small, divided country of Vietnam and stop Communism from spreading in Southeast Asia. But they were wrong, and the result was the death of 58,000 American troops. Presenting all sides of a complicated and tragic chapter in recent history, Jim O'Connor explains why the US got involved, what the human cost was, and how defeat in Vietnam left a lasting scar on America.

The Vietnam Syndrome G. Simons, 1997-10-27 This book focuses on the 'Vietnam Syndrome' - the effects for the United States of the American defeat in the Vietnam War. It argues that a full understanding of the Syndrome requires a proper appreciation of key shaping elements in Vietnamese and American history. Attention is given to the racial genocide that attended the birth of the United States, to US imperialism and capitalism, and to the Cold War framework. The nature of America as a plutocracy is emphasised, followed by profiles of policy options and three specific issues: post-war Vietnam, El Salvador and Iraq.

A Brief History of Vietnam Bill Hayton, 2022-10-25 This accessible guide is your one-stop shop for discovering Vietnamese history. A Brief History of Vietnam explores the fascinating, turbulent history of a land that has risen from the ashes of war to become a leading economic power. This book expertly examines the history of a people and a nation with ancient roots but which only took its current shape in the 19th century under French colonial rule and its current name in 1945. Before that landmark year, Vietnam was known by many names, under many rulers. Located in the geographical center of Southeast Asia, the country we call Vietnam was ruled by China, a series of Vietnamese emperors, and the French. A devastating, decades-long conflict for independence ensued, ending with the conclusion of the Vietnam War in 1975. Key topics include: China's ancient conquest of Vietnam and the millennia-long struggle of the Vietnamese for independence from its powerful neighbor to the north. The reign of the Nguyen dynasty, the last dynasty to rule Vietnam, with its capital at the ancient city of Hue, today a UNESCO world heritage site. France's eventual colonization of Vietnam, which lasted for over 60 years, culminating in the dramatic Battle of Dien Bien Phu. The story of Ho Chi Minh, educated in France, who attended the Treaty of Versailles to advocate for independence and became Vietnam's first President after the Vietnam War. The violent political split between North and South, which resulted in a devastating war with the United States and eventual victory by the Communists. The country's miraculous emergence from three decades of war and its path to becoming one of the world's fastest-growing economies today. Perfect for history buffs of all kinds, the book includes 32 pages of vivid color photos that depict the country's rich history. Journalist Bill Hayton's accessible prose

makes *A Brief History of Vietnam* an essential study of a beautiful, complex land in the heart of Southeast Asia and its worldwide influence.

A Companion to the Vietnam War Marilyn B. Young, Robert Buzzanco, 2008-04-15 *A Companion to the Vietnam War* contains twenty-four definitive essays on America's longest and most divisive foreign conflict. It represents the best current scholarship on this controversial and influential episode in modern American history. Highlights issues of nationalism, culture, gender, and race. Covers the breadth of Vietnam War history, including American war policies, the Vietnamese perspective, the antiwar movement, and the American home front. Surveys and evaluates the best scholarship on every important era and topic. Includes a select bibliography to guide further research.

The Vietnam War Michael Burgan, 2006-12-15 Explores the origins of the conflict in Vietnam and the events that led to the United States taking a leading role in it, follows the major events of the war and American reactions to it, and examines the ending of the war and its consequences.

Understanding Vietnam Neil L. Jamieson, 2023-11-10 The American experience in Vietnam divided us as a nation and eroded our confidence in both the morality and the effectiveness of our foreign policy. Yet our understanding of this tragic episode remains superficial because, then and now, we have never grasped the passionate commitment with which the Vietnamese clung to and fought over their own competing visions of what Vietnam was and what it might become. To understand the war, we must understand the Vietnamese, their culture, and their ways of looking at the world. Neil L. Jamieson, after many years of living and working in Vietnam, has written the book that provides this understanding. Jamieson paints a portrait of twentieth-century Vietnam. Against the background of traditional Vietnamese culture, he takes us through the saga of modern Vietnamese history and Western involvement in the country, from the coming of the French in 1858 through the Vietnam War and its aftermath. Throughout his analysis, he allows the Vietnamese—both our friends and foes, and those who wished to be neither—to speak for themselves through poetry, fiction, essays, newspaper editorials and reports of interviews and personal experiences. By putting our old and partial perceptions into this new and broader context, Jamieson provides positive insights that may perhaps ease the lingering pain and doubt resulting from our involvement in Vietnam. As the United States and Vietnam appear poised to embark on a new phase in their relationship, Jamieson's book is particularly timely.

Vietnam War Martin Gitlin, 2013-09-01 This book explores the causes of and events leading to the Vietnam War. Easy-to-read, engaging text discusses major battles and key figures of the war and the technology and weapons used during the war. Through primary source quotes, readers will discover the experiences of soldiers and people on the home front. Readers will learn what impact the Vietnam War had on US history and the country's development. Oversized photographs and informative sidebars enhance and support the text. Features include a timeline, facts page, glossary, bibliography, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

The First Vietnam War Shawn F. McHale, 2021-08-26 Shawn McHale explores why the communist-led resistance in Vietnam won the anticolonial war against France (1945–54), except in the south. He shows how broad swaths of Vietnamese people were uneasily united in 1945 under the Viet Minh Resistance banner, all opposing the French attempt to reclaim control of the country. By 1947, resistance unity had shattered and Khmer-Vietnamese ethnic violence had divided the Mekong delta. From this point on, the war in the south turned into an overt civil war wrapped up in a war against France. Based on extensive archival research in four countries and in three languages, this is the first substantive English-language book focused on southern Vietnam's transition from colonialism to independence.

A Time for Peace Robert D. Schulzinger, 2006 The Vietnam War left wounds that have taken three decades to heal—indeed some scars remain even today. In *A Time for Peace*, prominent American historian Robert D. Schulzinger sheds light on how deeply etched memories of this devastating conflict have altered America's political, social, and cultural landscape. Schulzinger examines the impact of the war from many angles. He traces the

long, twisted, and painful path of reconciliation with Vietnam, the heated controversy over soldiers who were missing in action, the influx of over a million Vietnam refugees into the US, and the plight of Vietnam veterans, many of whom returned home alienated, unhappy, and unappreciated. Schulzinger looks at how the controversies of the war have continued to be fought in books and films and, perhaps most important, he explores the power of the Vietnam metaphor on foreign policy, particularly in Central America, Somalia, the Gulf War, and the war in Iraq. Using a vast array of sources, *A Time for Peace* provides an illuminating account of a war that still looms large in the American imagination.

The Uncensored War Daniel C. Hallin, 1989-04-14 Vietnam was America's most divisive and unsuccessful foreign war. It was also the first to be televised and the first of the modern era fought without military censorship. From the earliest days of the Kennedy-Johnson escalation right up to the American withdrawal, and even today, the media's role in Vietnam has continued to be intensely controversial. *The Uncensored War* gives a richly detailed account of what Americans read and watched about Vietnam. Hallin draws on the complete body of the New York Times coverage from 1961 to 1965, a sample of hundreds of television reports from 1965-73, including television coverage filmed by the Defense Department in the early years of the war, and interviews with many of the journalists who reported it, to give a powerful critique of the conventional wisdom, both conservative and liberal, about the media and Vietnam. Far from being a consistent adversary of government policy in Vietnam, Hallin shows, the media were closely tied to official perspectives throughout the war, though divisions in the government itself and contradictions in its public relations policies caused every administration, at certain times, to lose its ability to manage the news effectively. As for television, it neither showed the literal horror of war, nor did it play a leading role in the collapse of support: it presented a highly idealized picture of the war in the early years, and shifted toward a more critical view only after public unhappiness and elite divisions over the war were well advanced.

Everything We Had Al Santoli, 1985-03-12 Here is an oral history of the Vietnam War by thirty-three American soldiers who fought it. A 1983 American Book Award nominee.

The Irony of Vietnam Leslie H. Gelb, Richard K. Betts, 2016-05-31 If a historian were allowed but one book on the American involvement in Vietnam, this would be it. — *Foreign Affairs* When first published in 1979, four years after the end of one of the most divisive conflicts in the United States, *The Irony of Vietnam* raised eyebrows. Most students of the war argued that the United States had stumbled into a quagmire in Vietnam through hubris and miscalculation, as the New York Times's Fox Butterfield put it. But the perspective of time and the opening of documentary sources, including the Pentagon Papers, had allowed Gelb and Betts to probe deep into the decisionmaking leading to escalation of military action in Vietnam. The failure of Vietnam could be laid at the door of American foreign policy, they said, but the decisions that led to the failure were made by presidents aware of the risks, clear about their aims, knowledgeable about the weaknesses of their allies, and under no illusion about the outcome. The book offers a picture of a steely resolve in government circles that, while useful in creating consensus, did not allow for alternative perspectives. In the years since its publication, *The Irony of Vietnam* has come to be considered the seminal work on the Vietnam War.

The Sorrow of War Bao Ninh, 2017-03-14 During the Vietnam War Bao Ninh served with the Glorious 27th Youth Brigade. Of the five hundred men who went to war with the brigade in 1969, he is one of only ten who survived. *The Sorrow of War* is his autobiographical novel. Kien works in a unit that recovers soldiers' corpses. Revisiting the sites of battles raises emotional ghosts for him and the memory of war scenes are juxtaposed with dreams and remembrances of his childhood sweetheart. *The Sorrow of War* burns the tragedy of war in our minds.

This is likewise one of the factors by obtaining the soft documents of this **Vietnam** by online. You might not require more mature to spend to go to the

Vietnam Introduction

In the digital age, access to information has become easier than ever before. The ability to download Vietnam has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Vietnam has opened up a world of possibilities. Downloading Vietnam provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Vietnam has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Vietnam. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Vietnam. Some websites may offer pirated or illegally obtained copies of copyrighted

material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Vietnam, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Vietnam has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Vietnam Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What

the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Vietnam is one of the best book in our library for free trial. We provide copy of Vietnam in digital format, so the resources that you find are reliable.
