

WAR

Sebastian Junger

On War Carl von Clausewitz,1908

War Sebastian Junger,2010-05-27 From the author of *The Perfect Storm*, a gripping book about Sebastian Junger's almost-fatal year with the 2nd battalion of the American Army.

War without Mercy John Dower,2012-03-28 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD AN AMERICAN BOOK AWARD FINALIST Now in paperback, *War Without Mercy* has been hailed by The New York Times as “one of the most original and important books to be written about the war between Japan and the United States.” In this monumental history, Professor John Dower reveals a hidden, explosive dimension of the Pacific War—while writing what John Toland has called “a landmark book . . . a powerful, moving, and evenhanded history that is sorely needed in both America and Japan.” Drawing on American and Japanese songs, slogans, cartoons, propaganda films, secret reports, and a wealth of other documents of the time, Dower opens up a whole new way of looking at that bitter struggle of four and a half decades ago and its ramifications in our lives today. As Edwin O. Reischauer, former ambassador to Japan, has pointed out, this book offers “a lesson that the postwar generations need most . . . with eloquence, crushing detail, and power.”

The War That Will End War H.G. Wells,2021-01-01 H.G. Wells was one of the greatest writers of the 20th century. Wells was a prolific author in many genres including history, politics, and social commentary.

A World at Arms Gerhard L. Weinberg,2005-03-28 A

truly global account of WWII - the war that encompassed six continents.

What Do We Know about War? John A.

Vasquez, 2012-03-16 **What Do We Know about War?** reviews the research on causes of war and the conditions of peace over the past forty-five years. Leading scholars explore the critical roles of territorial disputes, alliances, arms races, rivalry, and nuclear weapons in bringing about war as well as the factors promoting peace, including democracy, norms, stable borders, and capitalist economies. Considering what has been learned about the causes of war and the conditions of peace in the ten years since the publication of the first edition, this invaluable text offers an accessible and up-to-date overview of current knowledge and an agenda for future research. Contributions by: Brett V. Benson, Paul F. Diehl, Colin Flint, Daniel S. Geller, Douglas M. Gibler, Gary Goertz, Paul R. Hensel, Choong-Nam Kang, Jack S. Levy, Zeev Maoz, Sara McLaughlin Mitchell, Michael Mousseau, Karen Rasler, Susan G. Sample, William R. Thompson, Brandon Valeriano, John A. Vasquez, and Peter Wallensteen.

The New Rules of War Sean McFate, 2019-01-22

Stunning. Sean McFate is a new Sun Tzu. -Admiral James Stavridis (retired), former Supreme Allied Commander at NATO An Economist Book of the Year 2019 Some of the principles of warfare are ancient, others are new, but all described in *The New Rules of War* will permanently shape war now and in the future. By following them Sean McFate argues, we can prevail. But if we do not, terrorists, rogue states, and others who do not

fight conventionally will succeed—and rule the world. *The New Rules of War* is an urgent, fascinating exploration of war—past, present and future—and what we must do if we want to win today from an 82nd Airborne veteran, former private military contractor, and professor of war studies at the National Defense University. War is timeless. Some things change—weapons, tactics, technology, leadership, objectives—but our desire to go into battle does not. We are living in the age of Durable Disorder—a period of unrest created by numerous factors: China’s rise, Russia’s resurgence, America’s retreat, global terrorism, international criminal empires, climate change, dwindling natural resources, and bloody civil wars. Sean McFate has been on the front lines of deep state conflicts and has studied and taught the history and practice of war. He’s seen firsthand the horrors of battle and understands the depth and complexity of the current global military situation. This devastating turmoil has given rise to difficult questions. What is the future of war? How can we survive? If Americans are drawn into major armed conflict, can we win? McFate calls upon the legends of military study Carl von Clausewitz, Sun Tzu, and others, as well as his own experience, and carefully constructs the new rules for the future of military engagement, the ways we can fight and win in an age of entropy: one where corporations, mercenaries, and rogue states have more power and ‘nation states’ have less. With examples from the Roman conquest, World War II, Vietnam, Afghanistan and others, he tackles the differences between

conventional and future war, the danger in believing that technology will save us, the genuine leverage of psychological and 'shadow' warfare, and much more. McFate's new rules distill the essence of war today, describing what it is in the real world, not what we believe or wish it to be.

War Matters Joan E. Cashin, 2018

The War for the Common Soldier Peter S.

Carmichael, 2018-11-02 How did Civil War soldiers endure the brutal and unpredictable existence of army life during the conflict? This question is at the heart of Peter S. Carmichael's sweeping new study of men at war. Based on close examination of the letters and records left behind by individual soldiers from both the North and the South, Carmichael explores the totality of the Civil War experience--the marching, the fighting, the boredom, the idealism, the exhaustion, the punishments, and the frustrations of being away from families who often faced their own dire circumstances. Carmichael focuses not on what soldiers thought but rather how they thought. In doing so, he reveals how, to the shock of most men, well-established notions of duty or disobedience, morality or immorality, loyalty or disloyalty, and bravery or cowardice were blurred by war. Digging deeply into his soldiers' writing, Carmichael resists the idea that there was a common soldier but looks into their own words to find common threads in soldiers' experiences and ways of understanding what was happening around them. In the end, he argues that a pragmatic philosophy of soldiering emerged, guiding members

of the rank and file as they struggled to live with the contradictory elements of their violent and volatile world. Soldiering in the Civil War, as Carmichael argues, was never a state of being but a process of becoming.

War Is a Force that Gives Us Meaning Chris Hedges, 2014-04-08 As a veteran war correspondent, Chris Hedges has survived ambushes in Central America, imprisonment in Sudan, and a beating by Saudi military police. He has seen children murdered for sport in Gaza and petty thugs elevated into war heroes in the Balkans. Hedges, who is also a former divinity student, has seen war at its worst and knows too well that to those who pass through it, war can be exhilarating and even addictive: "It gives us purpose, meaning, a reason for living." Drawing on his own experience and on the literature of combat from Homer to Michael Herr, Hedges shows how war seduces not just those on the front lines but entire societies—corrupting politics, destroying culture, and perverting basic human desires. Mixing hard-nosed realism with profound moral and philosophical insight, *War Is a Force that Gives Us Meaning* is a work of terrible power and redemptive clarity whose truths have never been more necessary.

The Routledge Introduction to American War Literature Jennifer Haytock, 2018-05-11 War and violence have arguably been some of the strongest influences on literature, but the relation is complex: more than just a subject for storytelling, war tends to reshape literature and culture. Modern war literature necessarily engages

with national ideologies, and this volume looks at the specificity of how American literature deals with the emotional, intellectual, social, political, and economic contradictions that evolve into and out of war. Raising questions about how American ideals of independence and gender affect representations of war while also considering how specifically American experiences of race and class interweave with representations of combat, this book is a rich and coherent introduction to these texts and critical debates.

The Longest Year Victor Brooks, 2015-08-25 The D-Day invasion of Nazi-occupied Europe, launched on June 6, 1944, is widely referred to as the longest day of World War Two. Historian Victor Brooks argues that 1944 was, in effect, "the longest year" for Americans of that era, both in terms of United States casualties and in deciding the outcome of war itself. Brooks also argues that only the particular war events of 1944 could have produced the "reshuffling" of the cards of life that, in essence, changed the rules for most of the 140 million Americans in some fashion. Rather than focusing on military battles and strategy alone, the author chronicles the year as a microcosm of disparate military, political, and civilian events that came together to define a specific moment in time. As war was raging in Europe, Americans on the home front continued to cope (with some prospering). As U.S. forces launched an offensive against the Japanese in the Mariana Islands and Palau, folks at home enjoyed morale-boosting movies and songs such as *To Have and Have Not* and "G.I. Jive." And as American

troops invaded the island of Leyte—launching the largest naval battle during the war—President Franklin D. Roosevelt and Thomas E. Dewey were in the home stretch leading up to the election of 1944. It has been said that the arc of history is long. Throughout American history, however, some years have been truly momentous. This book makes the case that 1944 was one such year. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The War of the Rebellion United States. War Department, 1886 Official records produced by the armies of the United States and the Confederacy, and the executive branches of their respective governments, concerning the military operations of the Civil War, and prisoners of war or prisoners of state. Also annual reports of military departments, calls for troops, correspondence between national and state governments, correspondence between Union and Confederate officials. The final volume includes a synopsis, general index, special index for various military divisions, and background information on how these

documents were collected and published.
Accompanied by an atlas.

Making War at Fort Hood Kenneth T.

MacLeish, 2015-03-01 An intimate look at war through the lives of soldiers and their families at Fort Hood Making War at Fort Hood offers an illuminating look at war through the daily lives of the people whose job it is to produce it. Kenneth MacLeish conducted a year of intensive fieldwork among soldiers and their families at and around the US Army's Fort Hood in central Texas. He shows how war's reach extends far beyond the battlefield into military communities where violence is as routine, boring, and normal as it is shocking and traumatic. Fort Hood is one of the largest military installations in the world, and many of the 55,000 personnel based there have served multiple tours in Iraq and Afghanistan. MacLeish provides intimate portraits of Fort Hood's soldiers and those closest to them, drawing on numerous in-depth interviews and diverse ethnographic material. He explores the exceptional position that soldiers occupy in relation to violence--not only trained to fight and kill, but placed deliberately in harm's way and offered up to die. The death and destruction of war happen to soldiers on purpose. MacLeish interweaves gripping narrative with critical theory and anthropological analysis to vividly describe this unique condition of vulnerability. Along the way, he sheds new light on the dynamics of military family life, stereotypes of veterans, what it means for civilians to say thank you to soldiers, and other questions about the sometimes ordinary, sometimes

agonizing labor of making war. Making War at Fort Hood is the first ethnography to examine the everyday lives of the soldiers, families, and communities who personally bear the burden of America's most recent wars.

Parity and War Jacek Kugler, Douglas Lemke, 1996
Formal and empirical explanations of peace and war

Wars within a War Joan Waugh, Gary W. Gallagher, 2009-06-01 Comprised of essays from twelve leading scholars, this volume extends the discussion of Civil War controversies far past the death of the Confederacy in the spring of 1865. Contributors address, among other topics, Walt Whitman's poetry, the handling of the Union and Confederate dead, the treatment of disabled and destitute northern veterans, Ulysses S. Grant's imposing tomb, and Hollywood's long relationship with the Lost Cause narrative. The contributors are William Blair, Stephen Cushman, Drew Gilpin Faust, Gary W. Gallagher, J. Matthew Gallman, Joseph T. Glatthaar, Harold Holzer, James Marten, Stephanie McCurry, James M. McPherson, Carol Reardon, and Joan Waugh.

War! What Is It Good For? Ian Morris, 2014-04-15
Examining how war has positively changed our society, a renowned historian and archaeologist tells the riveting story of 15,000 years of war, going beyond the battles and brutality to reveal what war has really done to and for the world. 50,000 first printing.

Germany and the Next War Friedrich von Bernhardi, 1914 Brilliant and bellicose book on the divine nature of warfare and the proper place of Germany in the modern world by a leading Prussian

militarist. Bernhardt viewed war as a biological necessity based upon the natural law ... the law of the struggle for existence. Originally published in 1911, the book influenced German military thinking in both World War I and World War II.

Ends of War Caroline E. Janney, 2021-09-13 The Army of Northern Virginia's chaotic dispersal began even before Lee and Grant met at Appomattox Court House. As the Confederates had pushed west at a relentless pace for nearly a week, thousands of wounded and exhausted men fell out of the ranks. When word spread that Lee planned to surrender, most remaining troops stacked their arms and accepted paroles allowing them to return home, even as they lamented the loss of their country and cause. But others broke south and west, hoping to continue the fight. Fearing a guerrilla war, Grant extended the generous Appomattox terms to every rebel who would surrender himself. Provost marshals fanned out across Virginia and beyond, seeking nearly 18,000 of Lee's men who had yet to surrender. But the shock of Lincoln's assassination led Northern authorities to see threats of new rebellion in every rail depot and harbor where Confederates gathered for transport, even among those already paroled. While Federal troops struggled to keep order and sustain a fragile peace, their newly surrendered adversaries seethed with anger and confusion at the sight of Union troops occupying their towns and former slaves celebrating freedom. In this dramatic new history of the weeks and months after Appomattox, Caroline E. Janney

reveals that Lee's surrender was less an ending than the start of an interregnum marked by military and political uncertainty, legal and logistical confusion, and continued outbursts of violence. Janney takes readers from the deliberations of government and military authorities to the ground-level experiences of common soldiers. Ultimately, what unfolds is the messy birth narrative of the Lost Cause, laying the groundwork for the defiant resilience of rebellion in the years that followed.

to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free WAR PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-

friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights

from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or

simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on

extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to

become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free WAR PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for

distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of WAR free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of

charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About WAR Books

What is a WAR PDF? A PDF

(Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a WAR PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a

"Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters:

There are various online tools that can convert different file types to PDF.
How do I edit a WAR PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a WAR PDF to another file format?

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a WAR PDF?** Most PDF editing software allows

you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs.

Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, I LovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or

various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances

and local laws.
