Warriors of Ultramar Graham McNeill,2003-03

Versus: Warriors Hannah Wilson,Catherine Brereton,2009-11-10 Ten warriors are gathered from across time to fight five epic battles.

The Warriors Sol Yurick,2007-12-01 The basis for the cult-classic film The Warriors chronicles one New York City gang’s nocturnal journey through the seedy, dangerous subways and city streets of the 1960s. “Warriors, come out to play-yay!” Every gang in the city meets on a sweltering July 4 night in a Bronx park for a peace rally. The crowd of miscreants turns violent after a prominent gang leader is killed and chaos prevails over the attempt at order. The Warriors follows the Dominators making their way back to their home territory without being killed. The police are prowling the city in search of anyone involved in the mayhem. An exhilarating novel that examines New York City teenagers, left behind by society, who form identity and personal strength through their affiliation with their “family,” The Warriors “goes to the core of the heart of darkness” as it weaves together social commentary with ancient legends for a classic coming-of-age tale (Flyer). This edition includes a new introduction by the author. “It seems to me the best novel of its kind I’ve ever read, an altogether perfect achievement. I’m sure that to many it will sound like sacrilege but I have to say that I think it a better novel than Lord of the Flies.” —Warren Miller, author of The Cool World

Strength in Numbers ,2015-09-01 Strength In Numbers is the Golden State Warriors official team commemorative, celebrating the historic games, plays, and personalities that brought an NBA championship back to the Bay Area. This is the story of how the Warriors came together to realize their potential, becoming a powder keg on offense and unleashing synchronized chaos on defense. The Warriors unique blend of efficiency on both ends of the floor resulted in a franchise record 67-win season, a 16-game winning streak, and a 39-2 regular season home record powered by the most electric-and ear-splitting-crowd in basketball.

The Victory Machine Ethan Sherwood Strauss,2021-03-02 The Golden State Warriors are the envy of the modern NBA. Chasing their third consecutive championship, they have assembled an incredible wealth of athletic talent, lead the league in merchandise sales, and are planning to move into a glitzy new stadium next season. Their owner, Joe Lacob, regularly hosts the top CEOs and influencers of Silicon Valley in his box, fashioning himself into one of the most powerful men in the world. Yet inside the organization, there is considerably more strife. In this breakthrough work of reportage, star NBA reporter Ethan Sherwood Strauss investigates the team's culture, its financial ambitions and struggles, and the toll that being a super-team can take. In so doing, he not only rewrites the story of the Warriors, but reveals how the Darwinian business of NBA basketball really works. Reconstructing the deals that lured Steph Curry away from Nike and Kevin Durant away from Oklahoma City, Strauss shows how the smallest mistakes can define success or failure for years. And, as he looks ahead to the 2020 season, Strauss ponders whether this organization can survive its own ambitions--

The Queue L. Michael Hager,2011-05 Aging, generational conflict and mortality are the themes of The Queue, a novella and Warriors, a trilogy of plays. Set in the not-too-distant future, The Queue describes the horrors faced by citizens of advanced age when they are forced by a planetary leader into a seemingly endless line toward an unknown destination. Joining the queue to assist his parents, a middle-aged narrator describes the ordeals that he and his companions endure over a challenging 40 days. In a trilogy of absurdist drama, Warriors offers three humorist takes on aging, each of them grappling with end-of-life scenarios.

Warriors and Citizens Jim Mattis,Kori N. Schake,2016-08-01 A diverse group of contributors offer different perspectives on whether or not the different experiences of our military and the broader society amounts to a gap—and if the American public is losing connection to its military. They analyze extensive polling information to identify those gaps between civilian and military attitudes on issues central to the military profession and the professionalism of our military, determine which if any of these gaps are problematic for sustaining the traditionally strong bonds between the American military and its broader public, analyze whether any problematic gaps are amenable to remediation by policy means, and assess potential solutions. The contributors also explore public disengagement and the effect of high levels of public support for the military combined with very low levels of trust in elected political leaders—both recurring themes in their research. And they reflect on whether American society is becoming so divorced from the requirements for success on the battlefield that not only will we fail to comprehend our military, but we also will be unwilling to endure a military so constituted to protect us. Contributors: Rosa Brooks, Matthew Colford,Thomas Donnelly, Peter Feaver, Jim Golby, Jim Hake, Tod Lindberg, Mackubin Thomas Owens, Cody Poplin, Nadia Schadlow, A. J. Sugarman, Lindsay Cohn Warrior, Benjamin Wittes

The wild cats have flourished in their new home on the banks of the lake for several seasons, and the Clans are growing strong and healthy with new kits. The time has come for three kits of ThunderClan to become apprentices. around the three, and a mysterious prophecy hints at trouble to come. An undercurrent of rage is rising against those who are not Clanborn, and the warrior code is in danger of being washed away by a river of blood. Combat Warriors Who Matter Most Lt Gen Sube Singh Ahlawat,2022-01-01 The Indian military is the most loyal institution of the country. Indian’s two neighbours, China and Pakistan keep troubling the country. China has got an unsatiable desire to gobble up our territory by salami slicing, where as Pakistan is all out to harm India by waging an ill conceived and irrational religious war, simply to avoid its own fragmentation. China has developed its technological weaponry and Pakistan had been enjoying the largesse of USA and Saudi Arabia for the last so many years and has raised a large military force. There is a threat from the duo and India is putting its act together to face a two front war.
