Educating the Enemy Jonna Perrillo,2022-02-25 In *Educating the Enemy*, Jonna Perrillo not only tells this fascinating story of Cold War educational policy, she draws an important comparison to another population of children in the El Paso public schools who received dramatically different treatment: Mexican Americans. Like everywhere else in the Southwest, Mexican children in El Paso were segregated into Mexican schools, as opposed to the American schools the German students attended. In these Mexican schools, children were penalized for speaking Spanish, which, because of residential segregation, was the only language all but a few spoke. They also prepared students for menial jobs that would keep them ensconced in Mexican American enclaves. .

The Governor of Goat Hill Eddie Curran,2009-12-31 I think this will make Watergate look like child's play. Former Alabama

Gov. Don Siegelman, on Karl Roves alleged involvement in his prosecution Was Don Siegelman the victim of a Republican conspiracy led by Karl Rove, or was he perhaps the most corrupt governor in Alabama history? On February 24, 2008, 60 Minutes delivered a bombshell claims that President Bushs political advisor Karl Rove had assigned an Alabama woman to tail Governor Don Siegelman and take photos of him having extramarital sex. The piece also presented an open and shut case that powerful Republicansincluding Rove and Bob Riley, Siegelmans successor as Alabamas governorhad somehow ordered the Justice Department to prosecute Siegelman. In this book, Eddie Curranthe investigative reporter whose stories initiated the criminal investigationdelivers a far different portrait of the one-time golden boy of Alabama Democratic politics. Curran leads readers on a first-person account of his discoveries, including Siegelmans use of his office to collect more than \$1.3 million in legal fees while governor; the sale of his home through a straw man for twice its value; and a host of scandals involving the likes of Waste Management Inc., and Richard Scrushy, the deeply corrupt HealthSouth Corp. chairman prosecuted along with Siegelman. The Governor of Goat Hill is both a scathing portrayal of a New South governor gone bad and an indictment of some of the top names in American journalism, who bought into a bogus conspiracy for no reason other than it led to Karl Rove. This is a book you will either love or hate. One thing you definitely wont find it to be is boring. If you believe Don Siegelman got shafted by over-zealous, intensely partisan prosecutors you will find the case presented against him in great detail, making it easier for you to contradict with opposing evidence. I consider Don Siegelman a personal friend and this book has not changed my mind. He is a man of great ability and it will be up to the reader to decide if he abused the trust that was placed in himor was the victim of a witch hunt orchestrated at the highest levels of American government. An Irresistible History of Alabama Barbecue: From Wood Pit to White Sauce Mark A. Johnson, 2017-08-07 From Muscle Shoals to Mobile, Alabamians enjoy fabulous barbecue at home, at club meetings and at countless eateries. In the 1820s, however, a group of reformers wanted to eliminate the southern staple because politicians used it to entice voters. As the state and nation changed through wars and the civil rights movement, so did Alabama barbecue. Alabama restaurants like Big Bob Gibson's, Dreamland and Jim 'n Nick's have earned fans across the country. Mark A. Johnson traces the development of the state's famous food from the earliest settlement of the state to the rise of barbecue restaurants.

Starry Messenger Neil deGrasse Tyson, 2022-09-20 NEW YORK TIMES BESTSELLER Bringing his cosmic perspective to civilization on Earth, Neil deGrasse Tyson shines new light on the crucial fault lines of our time—war, politics, religion, truth, beauty, gender, and race—in a way that stimulates a deeper sense of unity for us all. In a time when our political and cultural views feel more polarized than ever, Tyson provides a much-needed antidote to so much of what divides us, while making a passionate case for the twin chariots of enlightenment—a cosmic perspective and the rationality of science. After thinking deeply about how science sees the world and about Earth as a planet, the human brain has the capacity to reset and recalibrates life's priorities, shaping the actions we might take in response. No outlook on culture, society, or civilization remains untouched. With crystalline prose, *Starry Messenger* walks us through the scientific palette that sees and paints the world differently. From insights on resolving global conflict to reminders of how precious it is to be alive, Tyson reveals, with warmth and eloquence, an array of brilliant and beautiful truths that apply to us all, informed and enlightened by knowledge of our place in the universe.

Hidden History of North Alabama Jacquelyn Procter Reeves, 2010-05-06 The tranquil waters of the Tennessee River hide a horrible tragedy that took place one steamy July day when co-workers took an excursion aboard the SCItanic. Lawrence County resident Jenny Brooks used the skull of one of her victims to wash her hands, but her forty-year quest for revenge cost more than she bargained for. Granville Garth jumped to his watery grave with a pocketful of secrets--did anyone collect the \$10,000 reward for the return of the papers he took with him? Historian Jacquelyn Procter Reeves transports readers deep into the shadows of the past to learn about the secret of George Steele's will, the truth behind the night the Stars Fell on Alabama and the story of the Lawrence County boys who died in the Goliad Massacre. Learn these secrets--and many more--in Hidden History of North Alabama.

Meeting the Psychoeducational Needs of Minority Students Craig L. Frisby, 2013-03-11 Dr. Frisby focuses a bright light on issues that often remain obscured in a fog of polemics, deeply held convictions, and genuine concern for the plight of minority students. Meeting the Psychoeducational Needs of Minority Students cuts through this fog with intense, sharp, clear thinking and data-driven conclusions. —Jeffrey P. Braden, PhD, Professor of Psychology and Dean of the College of Humanities and Social Sciences, North Carolina State University Going beyond superficial 'feel good' or 'feel bad' ideologies to probe what really makes a difference in meeting the needs of often underserved populations, Craig Frisby provides a comprehensive, rigorous, well-written, and

entertaining (honest!) work that addresses the intersection of race, ethnicity, and education. —Betty Henry, PhD, School Psychologist, California School for the Blind

Dr. Frisby makes a perceptive and incisive assessment of much of the multicultural ideology currently propagated in professional psychology and education and directly confronts some of the major issues surrounding multiculturalism. Unlike many other critiques that have been proffered over the last few decades, however, *Meeting the Psychoeducational Needs of Minority Students* also provides many concrete solutions for how to begin changing the current milieu. —A.
