This book “Stop da Warz - Listen to the Bird that Sings in Your Heart” calls for us to wake up one more time to hear our inner voice, and understand the god-awfulness of our many wars against ourselves, our neighbors and our planet. Understanding the dimension of wars in stark brutality leaves us only with one alternative; CEASE FIRE! The book analyzes the folly of war, nuclear energy, emphasizes correct knowledge on the use of pesticides and sustainable agriculture, humane management of natural resources, the values of love and concern and empathy.

**A Dark View From The Tower** Alshaun Dixon, 2021-11-18 A collection of 50 poetic short stories from a retired correctional officer's perspective. These rhymes were written during breaks and lockdowns from high above, inside towers and control booths within the institution. The dark view refers to the hostile environment, dire conditions and destructive behaviors inside and outside of the prison system. These words are full of Ebonics, urban slang, broken English and satire. The lyrics are inspired by a love of Hip Hop music and artistic expressions. Part 1 is all about the prison life. The interactions, experiences and conversations with inmates and staff give the reader a glimpse behind the wall. Part 2 deals with the struggle and strife of systemic racism and its devastating effects on black communities worldwide. Mass incarceration, police brutality, gang life and drug addiction are some of the issues addressed in this politically incorrect, grammatically incorrect and unapologetically Black collection of PRISON BARZ AND POETIC WARZ. Some much-needed humor is sprinkled in to enhance the flavor of this boiling mixture of hope and despair. This is A DARK VIEW FROM THE TOWER.

**World War Z** Max Brooks, 2013 It began with rumours from China about another pandemic. Then the cases started to multiply and what had looked like the stirrings of a criminal underclass, even the beginnings of a revolution, soon revealed itself to be much, much worse. Faced with a future of mindless, man-eating horror, humanity was forced to accept the logic of world government and face events that tested our sanity and our sense of reality. Based on extensive interviews with survivors and key players in the 10-year fight-back against the horde, World War Z brings the very finest traditions of American journalism to bear on what is surely the most incredible story in the history of civilisation.

**High School** Sara Quin,Tegan Quin,2020-10-06 NEW YORK TIMES AND NATIONAL BESTSELLER First loves, first songs, and the drugs and reckless high school exploits that fueled them—meet music icons Tegan and Sara as you’ve never known them before in this intimate and raw account of their formative years. High School is the revelatory and unique coming-of-age story of Sara and Tegan Quin, identical twins from Calgary, Alberta, growing up in the height of grunge and rave culture in the '90s, well before they became the celebrated musicians and global LGBTQ icons we know today. While grappling with their identity and sexuality, often alone, they also faced academic meltdown, their parents’ divorce, and the looming pressure of what might come after high school. Written in alternating chapters from both Tegan’s point of view and Sara’s, the book is a raw account of the drugs, alcohol, love, music, and friendships they explored in their formative years. A transcendent story of first loves and first songs, it captures the tangle of discordant and parallel memories of two sisters who grew up in distinct ways even as they lived just down the hall from one another. This is the origin story of Tegan and Sara.

**Turf Warz** C. J. Hudson,2015-01-01 For the past few years, Roscoe Crawford has played second fiddle to Cleveland's current kingpin Sam Thornton. But when the chance to supplant slingin' Sam presents itself, Roscoe and his ruthless band of thugs pounce on the

opportunity. Everything seems to be running smoothly until they run into a crew with a similar agenda. Richard Rock Harris isn't the type of hustler who waits for something to be given to him. Whatever he wants, he takes and with a deadly squad of goons around him he has no trouble getting what he wants. With the two crews on a major collision course, bloodshed is inevitable. Terror sweeps the city as innocent bystanders and petrified residents get caught up in the crossfire. But as the two crews battle for supremacy, a vengeful third party sits back and waits for them to destroy each other so that they can swoop in and pick the bones clean.

**World War II at Sea** Craig L. Symonds, 2018-04-02 Author of *Lincoln and His Admirals* (winner of the Lincoln Prize), *The Battle of Midway* (Best Book of the Year, Military History Quarterly), and *Operation Neptune*, (winner of the Samuel Eliot Morison Award for Naval Literature), Craig L. Symonds has established himself as one of the finest naval historians at work today. *World War II at Sea* represents his crowning achievement: a complete narrative of the naval war and all of its belligerents, on all of the world's oceans and seas, between 1939 and 1945. Opening with the 1930 London Conference, Symonds shows how any limitations on naval warfare would become irrelevant before the decade was up, as Europe erupted into conflict once more and its navies were brought to bear against each other. *World War II at Sea* offers a global perspective, focusing on the major engagements and personalities and revealing both their scale and their interconnection: the U-boat attack on Scapa Flow and the Battle of the Atlantic; the miracle evacuation from Dunkirk and the pitched battles for control of Norway fjords; Mussolini's Regia Marina-at the start of the war the fourth-largest navy in the world-and the dominance of the Kidō Butai and Japanese

naval power in the Pacific; Pearl Harbor then Midway; the struggles of the Russian Navy and the scuttling of the French Fleet in Toulon in 1942; the landings in North Africa and then Normandy. Here as well are the notable naval leaders-FDR and Churchill, both self-proclaimed Navy men, Karl Dönitz, François Darlan, Ernest King, Isoroku Yamamoto, Erich Raeder, Inigo Campioni, Louis Mountbatten, William Halsey, as well as the hundreds of thousands of seamen and officers of all nationalities whose lives were imperiled and lost during the greatest naval conflicts in history, from small-scale assaults and amphibious operations to the largest armadas ever assembled. Many have argued that World War II was dominated by naval operations; few have shown and how and why this was the case. Symonds combines precision with story-telling verve, expertly illuminating not only the mechanics of large-scale warfare on (and below) the sea but offering wisdom into the nature of the war itself.
