The Breakaways Cathy G. Johnson, 2019-03-05 Quiet, sensitive Faith starts middle school already worrying about how she will fit in. To her surprise, Amanda, a popular eighth grader, convinces her to join the school soccer team, the Bloodhounds. Having never played soccer in her life, Faith ends up on the C team, a ragtag group that's way better at drama than at teamwork. Although they are awful at soccer, Faith and her teammates soon form a bond both on and off the soccer field that challenges their notions of loyalty, identity, friendship, and unity. *The Breakaways* is a raw, and beautifully honest graphic novel that looks into the lives of a diverse and defiantly independent group of kids learning to make room for themselves in the world.

Lore Olympus: Volume Three Rachel Smythe, 2022-10-11 NATIONAL BESTSELLER • Witness what the gods do after dark in the third volume of a stylish and contemporary reimagining of one of the best-known stories in Greek mythology, featuring a brand-new, exclusive short story from creator Rachel Smythe. "A refreshingly modern and surprisingly poignant take on the Hades and Persephone myth . . . steamy, often laugh-out-loud funny, and emotional."—Jennifer L. Armentrout, #1 New York Times bestselling author of *From Blood and Ash* "It is natural for a King to be curious about his future Queen. . . ." All of Olympus—and the Underworld—are talking about the God of the Dead and the sprightly daughter of Demeter. But despite the rumors of their romance, Hades and

Persephone have plenty to navigate on their own. Since coming to Olympus, Persephone has struggled to be the perfect maiden goddess. Her attraction to Hades has only complicated the intense burden of the gods' expectations. And after Apollo's assault, Persephone fears she can no longer bury the intense feelings of hurt and love that she's worked so hard to hide. As Persephone contemplates her future, Hades struggles with his past, falling back into toxic habits in Minthe's easy embrace. With all the mounting pressure and expectations—of their family, friends, and enemies—both Hades and Persephone tell themselves to deny their deepest desires, but the pull between them is too tempting, too magnetic. It's fate. This edition of Smythe's original Eisner-winning webcomic *Lore Olympus* brings Greek mythology into the modern age in a sharply perceptive and romantic graphic novel. This volume collects episodes 50-75 of the #1 WEBTOON comic *Lore Olympus*.

Always Human Ari North, 2021-10-19 *Always Human* is a beautifully drawn, sapphic graphic novel about a developing relationship between two young women in a near-future, soft sci-fi setting. First serialized on the popular app and website Webtoon, *Always Human* amassed over 51 million views and nearly 700,000 subscribers. Now, for the first time, this incredible story has been reformatted for a print edition! Along with the sequel *Love and Gravity*, get ready to fall in love with this ground-breaking story of support and romance. This beautifully illustrated slice-of-life tale that shows two young women of color getting to know each other and creating a relationship is so warm and charming that readers will hardly notice how much they are learning about how to better interact with folx who are different from themselves and the importance of not making assumptions. -- Kirkus Reviews ...soft, expressive art adds a visceral charge to the couple's very human experiences, which range from excitement and affection to pain and doubt. -- Publisher's Weekly

This wholesome plot focuses on building understanding, offering mutual support, and budding self-acceptance, as well as the importance of asking rather than making assumptions; avoiding othering; and regarding all those in one's orbit with compassion...A charming, sensitive story of love and acceptance. --School Library Journal In a technologically advanced near future, two young women bumble through their first dates and fights together as they enjoy the exhilaration of new love....Always Human by Ari North is an endearingly feel-good sapphic romance set against a diverting futuristic backdrop. --Samantha Zaboski, Shelf Awareness In the near-future, people use technology to give the illusion of all kinds of body modifications-but some people have Egan's Syndrome, a highly sensitive immune system that rejects these mods and are unable to use them. Those who are affected maintain a natural appearance, reliant on cosmetics and hair dye at most to help them play with their looks. Sunati is attracted to Austen the first time she sees her and is drawn to what she assumes is Austen's bravery and confidence to live life unmodded. When Sunati learns the truth, she's still attracted to Austen and asks her on a date. Gradually, their relationship unfolds as they deal with friends, family, and the emotional conflicts that come with every romance. Together, they will learn and grow in a story that reminds us no matter how technology evolves, we will remain . . . always human. Rendered in beautiful detail and an extraordinary color palette, Always Human is a sweet love story told in a gentle sci-fi setting by a queer woman cartoonist, Ari North. Published in partnership with media advocacy organization GLAAD, this empowering book positively represents LGBTQ families.

Understanding Korean Webtoon Culture Dal Yong Jin, 2022-11-15 The rise of webtoons has altered the Korean cultural market due to the growth of transmedia storytelling--the flow of a story from the original text to various other platforms, such as films, television, and games. Understanding

Korean Webtoon Culture demonstrates the dynamics between structural forces and textual engagement in global media.

South Korea's Webtooniverse and the Digital Comic Revolution Brian Yecies, Ae-Gyung Shim, 2021-04-09 This book investigates the meteoric rise of mobile webtoons – also known as webcomics – and the dynamic relationships between serialised content, artists, agencies, platforms and applications, as well as the global readership associated with them. It offers an engaging discussion of webtoons themselves, and what makes this new media form so compelling and attractive to millions upon millions of readers. Why have webtoons taken off, and how do users interact with them? Each of the case studies we explore raises interesting questions for both general readers and scholars of new media about how webtoons have become a modern form of popular culture. The book also addresses larger questions about East Asia's contributions to global popular culture and Asian society in general, as well as South Korea's rapid social and cultural transformation since the 1990s. This is a significant – and understudied – aspect of the new screen ecologies and their role in a new wave of media globalisation as we approach the end of the second decade of the 21st century.

With a local troublemaker, a princess, and a teacher who can see the future on their side, they might just be able to clear their names...but can they heal their torn kingdom?

Understanding Korean Webtoon Culture Dal Yong Jin, 2023-11-20 Webtoons—a form of comic

that are typically published digitally in chapter form—are the latest manifestation of the Korean Wave of popular culture that has increasingly caught on across the globe, especially among youth. Originally distributed via the Internet, they are now increasingly distributed through smartphones to ravenous readers in Korea and around the world. The rise of webtoons has fundamentally altered the Korean cultural market due to the growth of transmedia storytelling—the flow of a story from the original text to various other media platforms, such as films, television, and digital games—and the convergence of cultural content and digital technologies. Fans can enjoy this content anytime and anywhere, either purely as webtoons or as webtoon-based big-screen culture. *Understanding Korean Webtoon Culture* analyzes webtoons through the lens of emerging digital cultures and discusses relevant cultural perspectives by combining two different, yet connected approaches, political economy and cultural studies. The book demonstrates the dynamics between structural forces and textual engagement in global media flows, and it illuminates snack-culture and binge-reading as two new forms of digital culture that webtoon platforms capitalize on to capture people’s shifting media consumption.
