The historical details and photographs of more than 65 wineries bring vision of the vibrant California wine industry of more than 100 years ago and the roots of many of today's great vintners are exposed in these photos and historical vignettes.

Sonoma County Wineries Gail G. Unzelman, 2006 Sonoma County, where Californias state flag first flew, is also the birthplace of Northern Californias wine industry. This vintage postcard journey reveals some of that rich history in its trek through Sonoma Countys fertile plains and sun-drenched hillsides, from the vintners cradle in the town of Sonoma, to its northernmost frontier near Cloverdale. Stops along the route include Glen Ellen and the Valley of the Moon, the Russian River valleys, and such industry giants as Italian-Swiss Colony and the California Wine Association. Once boasting the worlds largest vineyard, wine tank, and grape arbor, Sonoma County has long bested its more famous neighbor in number of wineries and grape acreage. Ohio's Canal Country Wineries Claudia J. Taller, 2015 In the early 18th century, pioneers cleared land in Ohio's Western Reserve and found it suitable for farming, but until the Ohio-Erie Canal opened, it was difficult for them to share the fruit of their labor. Ohio's Canal Country Wineries

captures the spirit of those who lived off the land from Cleveland to New Philadelphia along the Cuyahoga River and down to the Muskingum River--the path that the Ohio-Erie Canal took when it was built in 1832. As canal country began opening up, wineries along the Ohio River and the shores and islands of Lake Erie produced so much wine that Ohio became known as Vinland. Now, the rich and fertile farmland along the canal has also been cultivated with vineyards, and the region is home to close to 50 wineries.

Napa County Wineries Thomas Maxwell-Long,2002 Situated in one of the most beautiful valleys in the state, the Napa Valley Wine Country is home to many of California's premiere wineries. As the Native California population of the area declined, more and more of the land was transformed into an agricultural community, with viticulture quickly winning out. One of the unique features that has been defining California's wine history from the earliest days of its Spanish heritage has been both the variation of the vintages and the vintners. One need only to read the names of these visionaries and wineries to gain a sense of the diversity: Beringer, Far Niente, Beaulieu, Charles Krug, and Inglenook. The picturesque setting of the roaming vineyards, along with the attractive quality of the estates and tasting rooms, has made the Napa Valley wineries one of the most popular and fast-growing tourist destinations in the state of California. In this new book, America's most celebrated wine-producing region is presented for visitors and wine connoisseurs alike, using over 200 vintage images to showcase the area's heritage, Golden Age, and incredible expansion. Alongside these photographs are collages of the famous wine labels and illustrated maps.

Wineries of Santa Clara Valley Bev Stenehjelm,2015-04-13 The Santa Clara Valley was the first premier wine production region in California. The valley's history of winemaking dates back to 1777, when Spanish padres founded Mission Santa Clara and planted their grape cuttings in order to make wine for religious purposes. Immigrants from around the world, following the American dream, were soon lured to the Santa Clara Valley for its rich soil and ideal growing climate. These immigrants brought centuries of winemaking traditions, passed down through the generations.

Sonoma County Wineries Thomas Maxwell-Long,2001 As early as the California Gold Rush of the mid-19th century, the first settlers of Sonoma County recognized that the rich soil and unique array of climates of the region's valleys were particularly conducive for the ages-old livelihood of viticulture. Beginning in 1857 with Buena Vista Winery, Sonoma became one of the preeminent winemaking regions in the world. Chronicled here in over 200 vintage images is Sonoma's wine producing history, covering its many wineries, vineyards, towns, and townsfolk that grew up alongside the development of this fantastic agricultural enterprise. The first Sonoma Country venture was Buena Vista Winery, founded in 1857 by the eccentric Count Agoston Haraszthy. Since then, and over the course of the next 150 years, hundreds of wineries would dot the landscape; while some succeeded and lasted through the years, others fell in the face of life's trials, including earthquakes, wildfires, and Prohibition. Covering three centuries of award-winning winemaking, this new book captures in photographs the history of some of the world's most famous wineries, their proprietors, workers, and families, including those from Korbel, Geyser Peak, Simi, Sebastiani, Pedroncelli, Orr, Seghesio, and Ravenswood.

Ohio's Lake Erie Wineries Claudia J. Taller,2011 Ohio's Lake Erie wineries

and vineyards are rooted in tradition. European immigrants settled on the Lake Erie islands and nearby shoreline in the mid-1800s, and the grape industry flourished in Ohio into the early 20th century. Industrialization from Cleveland to Toledo swallowed up prime growing property along the lakeshore, but many farms continued to grow grapes. During Prohibition, wine making went underground. When it ended, restaurant owners bottled their own fortified wines and some of the wineries started mass producing wine with new equipment. The wines of Ohio, like those all over the eastern United States, were mostly sweet and made from native labrusca grapes. In the 1960s, Ohio's serious winemakers learned how to cultivate European-style vinifera grapes along Lake Erie's shore and on the islands. Chardonnay and cabernet sauvignon grapes now grow alongside Concord and Catawba. Today, more than 40 wineries stretch across northern Ohio.

Wineries of Wisconsin and Minnesota Patricia Monaghan, 2008 Wine. The word calls to mind vineyards descending stark Spanish hills, vats lining Tuscan villages, fashionable singles crowding California tasting rooms. But anyone who hikes or bikes back roads in the Upper Midwest sees grapevines twining over fence posts and twisting up trees. Smooth, delicious wines are made from those grapes, and from the wild berries and cultivated fruits grown in the region. *Wineries of Wisconsin and Minnesota* is a user-friendly guide to fifty-five wineries, ranging from small family-farm operations to the largest, best-known wine producers. The book's centerpiece is a series of thirteen wine trails that paints a picture of each winery's setting and unique flavor and includes detailed information and maps for visiting the wineries. Author and wine expert Patricia Monaghan explores the colorful history of Wisconsin and Minnesota wines, including the geology and climate of the region; the history of Upper Midwest grape growing; the heritage of country wines; and the major wine regions in the area. Delightful sidebars feature tidbits of wine information, from recommended pairings of food and wine to unusual local wine lore. Patricia Monaghan, a member of the interdisciplinary faculty at DePaul University in Chicago, is the author of more than a dozen books. She and her husband grow northern grapes on their land in Black Earth, Wisconsin.

New Jersey Wineries Jennifer Papale Rignani, 2008 New Jersey, the fifth-largest wine-producing state in the country, has been making wine since 1864. While perhaps not as well known as other wine-producing states, New Jersey is home to many premier varieties. Award-winning chardonnay, syrah, marechal foch, viognier, traminette, merlot, cabernet, and dozens of others are produced in the state. Particularly unique to New Jersey wineries is an array of fruit wines, such as raspberry, cherry, and blueberry, which are exported all over the world. Because of the climate and conditions of the state, New Jersey wines are most often compared by viticulturists and enologists to the wines of France and Italy. From Cape May County up to the northernmost tip of Sussex County, New Jersey wineries offer more than 200 varieties of wine.

Temecula Valley Wineries Rob Crisell,

The New Architecture of Wine Heather Hebert, 2019-12-17 Celebrate the sophisticated blend of agriculture and style that defines California wine country. With well-told stories and stunning photography, author Heather Hebert features the architecture of 25 California wineries in her alluring new book, *The New Architecture of Wine*. As wine tourism has increased, California vintners have embraced the call to create splendid spaces where

visitors can taste their unique varieties and enjoy conversation about wine. In place of imitating old-world European estates, grand architectural statements or quirky forays into bohemianism, the new architecture of wine has evolved into a celebration of California's topography, agricultural heritage, historic architectural vernacular, and forward-thinking passion for sustainability and design. The 25 wineries featured in *The New Architecture of Wine*, all built within the last ten years, include buildings designed by top architects Juan Carlos Fernandez and Howard Backen, among others. Together, these wineries form an authentic expression of the winemakers' passion for the land and its heritage—an homage to California. Heather Hebert, formerly the director of marketing for a San Francisco-based architecture firm with an international practice, spent 25+ years guiding the firm's marketing, brand identity, and positioning on a global scale. She works directly with clients to develop their brand strategy and design stories for their hotel, resort, winery, multi-family residential and urban mixed-use projects. Heather lives in Marin County, California, with her husband and four children. *The New Architecture of Wine* is her first book.

Washington Wines and Wineries Paul Gregutt, 2007-10-19 Unquestionably the most comprehensive book on the topic, *Washington Wines and Wineries* is a new benchmark in learning about this exciting wine region.—Evan Goldstein, author of *Perfect Pairings* I never miss a chance for lunch or a tasting with Paul Gregutt. He is an eclectic student of wine and an astute taster who never takes himself too seriously. But his *Washington Wines & Wineries* is a serious publication. The number of Washington wineries has exploded since the turn of the millennium. There are several important new AVAs. Many wonderful wines are being made. So there was an urgent need for this splendid new guide, written with passion and authority. No one who loves Washington wines—in fact, no one serious about wine—should fail to get a copy.—Oz Clarke

Wineries of the Gold Country Sarah Lunsford, 2013-09-02 Say the words California Gold Rush, and images of miners plying glittering gold from streams and mines come to mind. But there is a larger story in the California Gold Country than just the discovery of this precious metal. Immigrants from around the world rushed into the area, bringing with them their own languages and traditions in a quest for riches. One of those traditions was wine making, which, for some, would prove to be a greater boon than panning for gold as they discovered that the regions soils and microclimates were ideal for vineyards.

Texas Hill Country Wineries Russell D. Kane, 2015-01-19 The Texas Hill Country wineries have roots as old as any around. Texas grapes grow in soils made from ancient sea deposits, similar to the grape-growing regions of Europe. Texas wine culture arrived in the 1600s with Spanish missionaries who settled and planted vineyards in El Paso del Norte. The 1800s brought German and Italian immigrant farmers to Texas; they considered wine a staple of everyday life. In what is now America's No. 5 wine-producing state, the Texas Hill Country was named by *Wine Enthusiast* magazine to its 2014 list of best international wine destinations. It may surprise some, but not the wine aficionados who have visited the Texas Hill Country's 50 or more wineries, that wine-and-culinary tourism is currently the Texas Hill Country's fastest growing sector. This book is your guide to the Texas Hill Country winery experience. It is time to sip and savor Texas for yourself.

Wineries of the Texas Hill Country Plus One Fine Brewery John F.

Aceti,2016-11-29 Many people who visit wineries in the Texas Hill Country know and enjoy the social aspect of drinking a glass of exquisite wine along with some delicious food. Friends, spouses and even family members consider wineries as a sophisticated place to interact and socialize in a comfortable setting. Many of the owners have designed their tasting areas as places of enjoyment and cheerfulness. While drinking quality wines one can also view pieces of art on the walls, a great variety of wine related gifts, clothing and books. Many tour vehicles for special groups can be seen in parking areas at all the wineries. On some days one needs to drive around awhile to find an open space. For those who have not visited a winery, I can assure you that it is a unique experience and you will probably make some repeated visits. People who drink wine and travel in the United States or abroad tend to visit wineries wherever they travel. You may even walk out with a bottle or two of your favorite wine!!

Willamette Valley Wineries Barbara Smith Randall,2017-07-10 Despite its short, 50-year history, Oregon's Willamette Valley was named Wine Region of the Year in 2016 by Wine Enthusiast, besting Champagne, France; Crete, Greece; and Sonoma, California. Credit for the award can be traced to the pioneer winemakers, a small group of dreamers who--through grit and determination--succeeded in growing grapes where it was considered impossible. Wine has been made in Oregon since the mid-1800s, but it was not until 1965 that winemaking began in earnest in the region. That year, David and Diana Lett planted 3,000 pinot noir vines on a carefully selected south-facing slope. Others joined the adventure, and through collaboration and a passion for making the best wine possible, the Willamette Valley's wine industry was born. This book presents a history of the challenges, hardships, and ultimate success of Willamette Valley wineries.
