The Wiz Biz Rick Cook,2016-01-16 It all began when the wizards of the White League were under attack by their opponents of the Black League and one of their most powerful members cast a spell to bring forth a mighty wizard to aid their cause. What the spell delivered was master hacker Walter Wiz Zumwalt. The wizard who east the spell was dead and nobody—not the elves, not the dwarves, not even the dragons—could figure out what the shanghaied computer nerd was good for. But spells are a lot like computer programs, and, in spite of the Wiz's unprepossessing appearance, he was going to defeat the all-powerful Black League, win the love of a beautiful red-haired witch, and prove that when it comes to spells and sorcery, nobody but nobody can beat a Silicon Valley computer geek! At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Sor-Wiz and the Painted Lady Johnathan Phillip Blackwell,2022-11-16 The Sor-Wiz and the Painted Lady: Book Three of Whisper By: Johnathan Phillip Blackwell When you think you have it all, think again. Today you are here, but where is here? Between fantasy and fiction lies the reality of the mind and the truth of us all. All is an illusion and in constant change, manifested to serve a purpose of intent. Be of thyself that the perception of others knows not an illusion. Magic, the effect of an intentional cause. What does time have to do with anything? Only that it changed every part of my life and because of that, I totally lost track of a lot of it. For some of it I didn't know where I had been, who I was, or what had happened during that time. Some of it I didn't want to remember! The answers I often got were as horrific and confusing as the questions I asked. After that, I had to put some space between me and people, and discovered I wanted more than my freedom. So I began to travel, on foot! You learn about the town you live in if you stay in one place long enough. You learn a lot about the hearts and hate of people this way. Who they really are, other than the illusions they manifest before you! You learn about animals; their ways of living and their regards too and of you. You learn quickly to pay attention to nature's sounds, smells, and how things feel. The power of wind and water. But the toughest part to deal with is what you find out about yourself! My name is Stethan Barton Scythe. With a last name like that, you make a lot of people more than a little nervous, and my father did!

The Wonderful Wizard of Oz Frank L. Baum,L. Frank Baum,2010-07-01 The Wonderful Wizard of Oz has been enchanting audiences since it was first published in 1900.

While many fans may know the work only by its movie counterpart, the world L. Frank Baum built within the books is much more elaborate. Since the more recent publication of Gregory Maguire's *Wicked: The Life and Times of the Wicked Witch of the West* and the Broadway play of the same name, fans have had a rekindled interest in Baum's original works from which the retellings draw heavily. Anyone interested in fantasy, magic, and silliness is sure to love this American classic. L. Frank Baum (1856-1919) is one of the most recognized and beloved children's authors, though he is often recognized for only one of his many stories. *The Wonderful Wizard of Oz* is easily his most popular work, though Baum actually wrote 13 sequels in Oz. His writings consist of practically every genre: Baum wrote 55 novels in total, 82 short stories, more than 200 poems, as well as scripts, and other miscellaneous writings. Interestingly, many of his non-Oz works were published under pseudonyms. Baum made many attempts to bring his work to stage and screen, but the most successful productions were not made until after his death.

Wiz II Shante F. Green, 2016-01-21 Queen Dorothy has proven herself to be a caring, powerful, brave leader for her planet, Optimum Zoe. By leaning on God for strength, she has defended her people from evil forces across the galaxy. How will she react when the planet she grew up on, the planet she left, comes under attack as well? Although she is still recovering from her time in battle, Dorothy seems to be leading a charmed life on O.Z.: her grandmother is with her, Aaron appears to be the perfect suitor, and her planet is rebuilding to be stronger than ever. But, her utopia quickly begins to unravel when her grandmother's health is again in crisis and some of Earth's citizens, including Dorothy's best friend, begin asking questions about the mysterious government operation that has touched the Roberts family. In a fast-paced sequel to the first WIZ, Dorothy finds that O.Z. might not be the only planet she loves that is vulnerable to attack from alien armies, and that her perfect love affair just might be rockier than she thought. Will she be able to save both planets? How will she possibly unite her loyalty to the crown with her feelings for her old life?
