### Xtreme! Extreme Sports Facts and Stats Mark

Woods,2011-01-01 Presents several mathematical concepts through facts about skiing, snowboarding, wakeboarding, and other extreme sports.

**Xtreme Sports** E. J. Maxwell,2003 Looks at a variety of extreme sports, including rock climbing, snowboarding, freestyle motocross, and surfing, and includes details on participants in each sport.

Xtreme Sports Rick McMillen,1998-10 Plenty of vicarious thrills abound in these colorful action photos of bungee jumping in Africa, snowboarding on Denali, shark wrestling in Australia, and more. Includes 30-minute video and CD-ROM.

**To the Xtreme** Em Petrova,2021-01-22 In the Alaskan wilderness, meeting their match takes on more than one meaning.Special Operative and second-in-command for the Xtreme Ops team, Harris Lipton, aka Lip, finds himself sidelined after an accident. While laid up, locating a loony in the national forest won't be easy, especially by shooting off text messages instead of bullets. To make his life more difficult, he's got a free-spirited granola-type park ranger nursing him-and she's driving him crazy

with a cute factor he never saw coming. Jenna is up to her neck in securing a national park from a lunatic with enough C4 to blow off the corner of Alaska, and now she has a better likelihood of surviving a grizzly attack than military man Lipton. The pain in the neck is demanding and bossy with monumental ideas...and enough fire in him to warm her through the coldest of Alaskan nights. Jenna and Lipton must band together to assist the Xtreme Ops team in stopping the criminal, but they have just enough time on their hands to discover that opposites DO attract. With sparks flying and a heavy mix of chemistry, what they're discovering is how to create some fireworks of their own.

**Xtreme Affairs** Em Petrova,2021-05-27 A scarred special operative meets his match with the woman determined to save him from himself. It was just a little accident-but it changed his life. Special Xtreme Ops team, River Hepburn wakes in the hospital to the sight of Sascha-his best friend's little sister-watching over him. Their emotional bond over her brother's death is undeniable, but he isn't prepared to feel more. All he wants to do is return to the line of duty. Accident and injuries are words Sascha Lacey understands, but the name connected with them take her by surprise. Agreeing to nurse River's injuries is the easy part-dealing with his brand of stubbornness is far from it. Nor is she prepared for his fiery kisses-or the emotions that blossom from the heat. Except River is different...a changed man from the boy who left a small town in Texas. Guilt and ghosts of the past can't stop River's

raw urges when it comes to keeping his hands off Sascha, but what are a few scorching nights of passion? Sascha may find his stubborn streak irritating, but can she trust the changed man with her heart? This steamy romance between a tough military man and his best friend's little sister will have you staying up all night to finish reading. Grab your copy now to experience Book 4 of the Xtreme Ops series!

**Xtreme Behavior** Em Petrova, 2021-03-16 This special operative and a K-9 handler must work in close proximity to solve a crime-and whether they kill each other or wind up in bed is anyone's guess. After a string of deaths are linked to a man locked up for another crime, Special Operative Alix Broshears and his team are racing against the clock to stop him before another person dies. Bringing in the gorgeous handler from a local K-9 unit makes sense-unless you ask Broshears' libido. When it comes to the intelligent woman who thinks on her feet, his control is tested every damn minute. Vivian Valentine is up for the challenge of joining the team on yet another mission with her K-9 partner, Zack. She's also determined to prove her worth to a certain special operative who takes arguing with her seriously. Sure, they hate each other. They're also friends. And there might have been one

encounter in a closet, but they don't discuss that. Despite their strained ties, when Broshears learns Vivian's in peril, the race is on to save her. Nothing can keep him from holding back his wrath against their enemies...or his feelings for the woman he's determined to rescue.

**X Games Xtreme Mysteries Book #6: Out of Line** Laban Hill, 1998-10-25 Kevin is hooked on a new discussion group on the Hoke Valley computer network, Extreme Sports Talk, but one kid in the discussion group is a little too extreme and thinks that any sports that are not extreme should be eliminated.

**Xtreme Pressure** Em Petrova, 2021-10-16 This special operative is her only chance. How can he refuse her? After a major leg wound, Special Operative Chris Paxton is about to finally leave the facility where he's been recovering. So when he wakes up with no clue where he's at or who's kidnapped him, things are about to get lethal. Jersey has no choice but to find herself a bodyguard. Who better than a man sporting enough military tattoos to be his own platoon? She hopes this guy's as badass as he looks because her family is out for blood-hers. Not only are they gunning for her, but the clock is ticking before more people die. With so much at stake, she doesn't have time for Paxton's cocky smiles or rough

hands...so why does she keep giving in? Saying no to Jersey's cry for help isn't an option, and Paxton's locked and loaded for an all-out war against her big gang family. What neither of them are prepared for is the tight bond their steamy encounters create, leaving them far too aware that when it's all over both of them have to walk away...and that bond will have to snap. If a big man kidnapped by a woman half his size, passionate encounters and all the heart-pounding danger are your thing, 1-click XTREME PRESSURE! BINGE THE ENTIRE XTREME OPS SERIES TODAY!
