The Book Of You Claire Kendal,2014-04-29 Like the bestselling novels of Gillian Flynn and S. J. Watson, *The Book of You*—an utterly original fiction debut—is a sophisticated psychological thriller that will haunt you long after it reaches its terrifying, breathtaking conclusion. Most people dread the prospect of jury duty, but university administrator Clarissa wants nothing more than to be selected for a trial. Every day she serves means a day away from her job and, more important, the unwanted attentions of her colleague Rafe. An academic expert on the darker side of folk tales, he has always unnerved Clarissa. She spent one drunken night with him while mourning the demise of a previous relationship, an inexplicable decision she can only attribute to her break-up. Rafe, however, sees things differently. The encounter, which may not have been as consensual as Clarissa originally believes, only serves to fuel his growing obsession with her—and he is not about to let her slip away. *The Book of You* is a visceral, riveting portrait of a woman terrorized—emotionally and physically—by a man bent on possessing her completely. It is a chilling saga of predator and prey; as a disturbingly violent crime unfolds in front of her in court, Clarissa finds herself experiencing a different, but equally harrowing, nightmare in real life. Rafe's taunts become more sinister by the day, but each carefully calibrated assault is designed to devastate her without ever crossing the line of the law. Realizing that she bears the burden of proof, Clarissa knows she is powerless unless she can hold out long enough to amass sufficient evidence against him. Piece by piece, she uncovers the twisted, macabre fairytale Rafe has spun around them both, discovering that the happy ending he envisions is more awful than she could have ever imagined. Deftly constructed around an achingly convincing narrative, *The Book of You* explores the darkest corners of the human heart, where the lines between love and suffocation, fantasy and reality, can become dangerously blurred. A riveting story about Clarissa's desperate attempts to escape the nightmare in which Rafe traps her, it is also a profoundly moving story about one woman's will to survive.

This Book Loves You PewDiePie,2015-10-20 *This Book Loves You* by PewDiePie is a collection of beautifully illustrated inspirational sayings by which you should live your life. Imagine what a chilled-out and wonderful human being people would think you were if you lived by the simple principle You can never fail if you never try. Your wasted life would be an inspiration to others. Think of all the pointless, unhappy striving you could simply give up. Throw away that guitar! Give up on your dreams! Embrace your astounding mediocrity. *This Book Loves You* has something for everyone--or at least everyone willing to give up and stop caring. If all else fails, remember: Don't be yourself. Be a pizza. Everyone loves pizza.

Don't miss the latest thriller in Caroline Kepnes's compulsively readable *You* series, with an all-new plot not seen in the blockbuster Netflix show. Far From You Tess Sharpe, 2014-04-08 Don't miss Tess Sharpe's new novel, *6 Times We Almost Kissed (and One Time We Did)*. The truth won't let her go. Sophie Winters nearly died. Twice. The first time, she's fourteen, and escapes a near-fatal car accident with scars, a bum leg, and an addiction to Oxy that'll take years to kick. The second time, she's seventeen, and it's no accident. Sophie and her best friend Mina are confronted by a masked man in the woods. Sophie survives, but Mina is not so lucky. When the cops deem Mina's murder a drug deal gone wrong, casting partial blame on Sophie, no one will believe the truth: Sophie has been clean for months, and it was Mina who led her into the woods that night for a meeting shrouded in mystery. After a forced stint in rehab, Sophie returns home to a chilly new reality. Mina's brother won't speak to her, her parents fear she'll relapse, old friends have become enemies, and Sophie has to learn how to live without her other half. To make matters worse, no one is looking in the right places and Sophie must search for Mina's murderer on her own. But with every step, Sophie comes closer to revealing all: about herself, about Mina---and about the secret they shared.

I Love You, However! Andy Bethea,

It Didn't Start with You Mark Wolynn, 2016-04-26 A groundbreaking approach to transforming traumatic legacies passed down in families over generations, by an acclaimed expert in the field Depression. Anxiety. Chronic Pain. Phobias. Obsessive thoughts. The evidence is compelling: the roots of these difficulties may not reside in our immediate life experience or in chemical imbalances in our brains—but in the lives of our parents, grandparents, and even great-grandparents. The latest scientific research, now making headlines, supports what many have long intuited—that traumatic experience can be passed down through generations. *It Didn't Start with You* builds on the work of leading experts in post-traumatic stress, including Mount Sinai School of Medicine neuroscientist Rachel Yehuda and psychiatrist Bessel van der Kolk, author of *The Body Keeps the Score*. Even if the person who suffered the original trauma has died, or the story has been forgotten or silenced, memory and feelings can live on. These emotional legacies are often hidden, encoded in everything from gene expression to everyday language, and they play a far greater role in our emotional and physical health than has ever before been understood. As a pioneer in the field of inherited family trauma, Mark Wolynn has worked with individuals and groups on a therapeutic level for over twenty years. *It Didn't Start with You* offers a pragmatic and prescriptive guide to his method, the Core Language Approach. Diagnostic self-inventories provide a way to uncover the fears and anxieties conveyed through everyday words, behaviors, and physical symptoms. Techniques for developing a genogram or extended family tree create a map of experiences going back through the generations. And visualization, active imagination, and direct dialogue create pathways to reconnection, integration, and reclaiming life and health. *It Didn't Start With You* is a transformative approach to resolving longstanding difficulties that in many cases, traditional therapy, drugs, or other interventions have not had the capacity to touch.

I Will Not Leave You Comfortless Jeremy Jackson, 2012-10-02 This memoir of “a happy childhood in rural Missouri just before the digital revolution [is] a sweet record of a time and a place that was not Always On.” —St. Louis Post-Dispatch Spanning one year of the author's life—1984—I Will Not Leave You Comfortless is the intimate memoir of a young boy coming to consciousness in small-town Missouri. The year will bring ten-year-old Jeremy first loves, first losses, and a break from the innocence of boyhood that will never be fully repaired. For Jeremy, the seeming security of his life on the family farm is forever shaken by the life-altering events of that pivotal year. Throughout, he recalls the deeply sensual wonders of his rural Midwestern childhood—bicycle rides in September sunlight; the horizon vanishing behind tall grasses—while stories both heart-wrenching and humorous, tragic and triumphant, Jackson weaves past, present, and future into the rich Missouri landscape. “I could smell the mulberries crushed underfoot and the sweet steam of the cinnamon roll Grandma heated in the toaster oven just for Jeremy, hear the ever-increasing volume of an approaching late-spring storm . . . The year of Jeremy Jackson's life on which he meditates in *I Will Not Leave You Comfortless* marked his transition from the perfect happiness of childhood to the much more complex reality of adulthood. It records, as well, the abiding comfort that remains—family, home and love.” —Wichita Eagle “Jackson writes about Missouri as the young Hemingway wrote about Michigan: with a clear eye; with hard-edged nostalgia; and (here's the thing) with brilliance.” —Darin Strauss, author of *Half a Life*

Be.You.Tiful sunita k. mani,2016-10-14 Wouldnt it be awesome if you could have a conversation with someone about anything no matter how tricky the topic and still not be judged? Growth and conversations go hand in hand. Both represent each other. In a classical conversation, our aspirations, our thoughts, our sense of responsibility can all shift because we begin to perceive life differently after meeting different people. This allows us to arrive at new interpretations and choices that truly make greater sense and impact. As we dwell in a technology-driven era, our conversations are endangered because we have abandoned face-to-face conversations in the name of mere connections. If you are wanting, struggling, trying to find a place where you can learn and have conversations (even the hard ones), if you are ready to deepen your awareness, develop emotional flexibility, or simply tease your curiosity, this book is for you. In the book Be.you.tiful, author and counselor Sunita K. Mani offers practical guidelines on how to deal with everyday issuesbig or small, addiction, infatuation, career, body image, parents, friendships, and more. It contains chunks of conversations related to different aspects that define the life of a young adult. Divided into short crisp segments of dialogues pertaining to a concerned topic, Sunita journeys through the minds of youngsters. Sunita has helped many young adults search their souls and find their answers to complex problems and a way out of tricky situations. She presents Be.you.tiful to help young people build their self-confidence, dismantle inner obstacles, and find the courage to chase their passion.
