This book entitled HUMAN AND FAITH, which is an explanatory work based on the 23rd Word of the Book of Words of Risale-i Nur, elaborates on the high value of the human that appears together with Faith and the beauties of the faith. 23. This book is a part of our larger work, the book called “A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program” which is the basic/source and the curriculum of “The Journeys of Discovery Risale-i Nur Training Program” This work is a part of our basic/source book called “A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program” upon which our “Journeys of Discovery, Risale-i Nur Training Program” is constructed and it is “Man’s High Value That Becomes Apparent with Faith and the Beauties of the Being Faithfull”, which is the third discovery of the five discovery, dealt with in the first main part of that book, which is called “Discovering the Value of the Treasure of Faith”. We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are “felt truths”, and in opening the door for new perspectives for them. We keenly believe that with this method of reinforcement (Allah willing) highest level of benefit will be realized in terms of understanding Risale-i Nur and the universe. When you open Pdf document on your computer with Adobe Reader you can read it better by choosing “two pages” option and zooming in. Since full-screen mode of the “Microsoft Word” changes the places of the visuals, you should read it in page format by zooming in. We would rather prefer if you would download it in Pdf format and read it with Adobe Acrobat due to both its small size and readability it in this way. It is possible to click links and open the word and Pdf files and videos within this interactive book in your computers and cell phones. (In your cell phone use Wps Office for Word and Adobe Acrobat Reader for Pdf files. Wps Office is a useful program which opens the footnotes when clicked upon but it can’t open the links in this way. For this reason, we suggest that you use Adobe Acrobat Reader in order to benefit from the interactive features of the book.) There is only one fixed price for a ticket of the Journey: A strong

sense of wonder in the search for truth. In this book, which is an explanatory work based on the 26th Word, that is, the Treatise of Divine Determining (Qadar) of Risale-i Nur, the issue of how to differentiate between the Divine Determining and free will is addressed; and the evidences as to the fact that things could take place only with the will of Allah are dealt with. In addition, the questions related to the fact that Qadar does not give anybody any discomfort or strain, on the contrary it provides a perfect ease of mind and convenience and to the reconciliation of the ugliness of the troubles/evils that we see in the world with the fact that everything coming from Qadar is good” are answered with such a proficiency that has not been witnessed in the history of Islam. In this book, you will see the explanations in relation to the essence of Qadar and Free Will; how they could be reconciled, the meaning of the belief in Qadar for human life, and the evidences of the existence of Qadar. Moreover, you will witness the harmonious friendship of a persuasive, crystal clear and fluent style with the logical inferences satisfying both mind and the heart. This work is part of our source book “Journey of Discovery for an Extraordinary Treasure: Risale-i Nur Training Program”, over which our “Journeys of Discovery Risale-i Nur Training Program” is based and it is “The Truth of Divine Determining and Free Will”, which is the “Fifth Truth” of the six “truths” in that Book’s the second part called “Proving the Treasury of Faith with Evidences” We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled “Your Journey Just Begins Now!” is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. We have to state and admit the following sincerely: although we did not have any idea about what to write before explanatory notes came into the being, (every time without any exception) , we were astonished by the resultant texts and realized that we had never understood these issues this clear before. While controlling the texts, we had great joy and pleasure and we were reading the texts as if they were written by someone else. The writings were helping us, in an unexpected way, in overcoming our greatest distresses, giving us a strong state of faith. Because, what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person. Therefore, the beauty and the excellence of these truths must have been reflected in our word as well. For sure, we were pursuing an immensely difficult and tedious effort; sometimes it was taking 3-5 hour to complete 1-2 pages of explanatory notes. We were spending an equal amount of time for footnotes and the glossary of concepts. But, the feeling of joy, happiness and spiritual satisfaction were exceedingly worth this effort. At this stage, we realized and felt the reason behind Bediüzzaman’s saying: “I am also a student of Risale-i Nur. I am your classmate in learning the Teachings of Quran, I am also in need of Risale-i Nur.” And we understood that he was not trying to be humble while saying this. Although we had an humble purpose of “conducting to a higher level of our comprehension than the reader could get on his or her own, we achieved better results than our expectations. All praise is due to Allah, so we praise him. In deed our share is only that of praising. Now if you look at our personality, you may not see much value. This is normal, because neither could we see any. What we see is just this: our weakness in our distressed search, our needs, our sincere wishes and our actual prayers (prayers supported with actions). As a requirement of being a human, we wanted to share what we had found and felt, with those who had the same needs and who were in the same search. This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you. Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody, and he is sincerely inviting you to this dining table. Or maybe we are like a curious kid, who has found the key of a magnificent and inexhaustible treasure, and who wants to inform others of its existence and share it with them. And 13. Words Risale-i Nur (Treatise of Light) Training Program We are inviting you for an utterly different experience, an interactive book full of incredible discoveries, where you will come to an impressive visual journey. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 318 visuals and 17 videos utilized (rate of visuality is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area

worldwide. This book which is entitled Qur'an, Modern Science and Philosophy and which is an explanatory work based on 11th, 12th and 13th Words of Risale-i Nur, comparatively deals with the perspectives of the universe by Qur'an, modern science and philosophy; and the differences of interpretation they develop and the different meanings they make out of the same information they have. When you complete the book, you will have a striking appreciation of the profound differences of the lessons given by the philosophy and science which look at the universe from an ungodly perspective and you will have acquired the most basic and accurate Qur'anic terms in making sense of this universe. In 11. Word: We discover the hidden secret of the creation of man and the universe with the help of a wonderful example (The Story of the Creation of Our Universe) and we invite you to a completely different mental journey and we promise that we will go to places you have never travelled before on this imaginary journey that we will start together. Here are some of the questions we ask: Why are we here, who sent us here, and where do we go from here? Who are we and what is required of us? Why couldn't the mind find its way on its own, alone? What is the true form of the universe and the cause of man's creation? From which perspective should we look at the universe in order to discover the truth about it? What do we see if we look at the world as a new visitor? Why are we in need of the creatures/created things which come into existence by chance? Why is the nature, existing in the world and in the universe, so beautiful? In 12. Word: We compare Qur'an, philosophy, and modern science in terms of understanding and giving meaning to the universe. Thus, the profound difference between, on the one hand Qur'an and on the other hand, philosophy and science, which look at the universe from an irreligious perspective, emerges strikingly. Our A Gift Pack, however, will take you to another world, with the strength of its logical rules and poeticalness of its literary depictions. In 13. Word: Right after a pleasant and short trip of history of science, we begin a fictional journey in Cosmic Calendar and we search for the answers of the following questions: What should one expect to get from a product made in the name of science? How should its value be assessed? and we witness that those who could fine what the world fine-tuning means and who appreciate it, will graduate from the Academy of Universe with a high degree of success. In this way, having given an exemplary lesson about the fact that religion and sciences of Qur'an and Philosophy produce products, in the name of science, that are quite different from each other., it is proved with a striking determination that Qur'an has such a high degree of scientificness compared to positive sciences. We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. This work is a part of our basic/source book called "A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program" upon which our "Journeys of Discovery, Risale-i Nur Training Program" is constructed and it is "The comparison of Qur'an, Philosophy and Modern Science in Understanding the Secret of the Universe", which is the fourth discovery of the five discovery, dealt with in the first main part of that book, which is called "Discovering the Value of the Treasure of Faith". We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are "felt truths", and in opening the door for new perspectives for them. We keenly believe that with this method of reinforcement (Allah willing) highest level of benefit will be realized in terms of understanding Risale-i Nur and the universe. When you open Pdf document on your computer with Adobe Reader you can read it better by choosing "two pages" option and zooming in. Since full-screen mode of the "Microsoft Word" changes the places of the visuals, you should read it in page format by zooming in. We would rather prefer if you would download it in Pdf format and read it with Adobe Acrobat due to both its small size and readability it in this way. It is possible to click links and open the word and Pdf files and videos within this interactive book in your computers and cell phones. (In your cell phone use Wps Office for Word and Adobe Acrobat Reader for Pdf files. Wps Office is a useful program which opens the footnotes when clicked upon but it can't open the links in this way. For this reason, we suggest that you use Adobe Acrobat Reader in order to benefit from the interactive features of the book.)

READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 446 visuals and 45 videos utilized (rate of visibility is 50%) in this enormous study, which is a first attempt in its area worldwide, providing academic proof of the truth of the Belief in Allah on an intellectual and scientific basis. The main subject of study of these books and the Treatise of Nature is the following: To give correct answers to three basic questions of existence, which have remained as the unknown secrets of the universe that have been always wondered by the humanity. The discovery of the right answers in these areas has been possible not only with the use of the mind/intellect which is incapable of reaching to the truth on its own but rather with the common guidance of divine revelation and the mind. Nevertheless, the answers to the questions that were asked have been discovered solely with rational inferences and logical evidences. These three questions are: “Where did this universe and those within it come from? Where will they go? And Why are they here, what is their mission? That is to ask “What are we doing here?” High truths, which the whole humanity needs and which are appealing to all those who look for the explanation of the basic reality of existence and which is more interesting for the world of science and the scientists and which is brought by divine revelation, are discovered once again and proved with rational methods in these works. Especially today, while quantum physics, astronomy and astrophysics have reached to such advanced levels, common answers are looked for these three questions on matter, universe and human being; the science and these works study the same subjects and share a common ground of work. Here you are: The work, which contains in itself a spiritual/immaterial treasury for people who have an irresistible interest and passion for science and learning, is called RISALE-I NUR (TREATISE OF LIGHT). The Treatise of Nature has a special place within Risale-i Nur. Where are we going and who are we? What are we doing here? Together we are setting on a

journey of discovery along the lines that we wrote in order to make some contribution to the efforts to understand the functioning and the purposes of the universe, which is the final target and the arrival point for all sciences. This book is penned down in order to introduce you a piece of work, that is so unbelievably and astonishingly perfect that it will surprise you with the high truths and grand scientific discoveries contained therein and will make some of you say “How come I have never heard of it until now!” (Or could not really discover it). The main subject of study of these books is the following: To give correct answers to three basic questions of existence, which have remained as the unknown secrets of the universe that have been

always wondered by the humanity. The discovery of the right answers in these areas has been possible not only with the use of the mind/intellect which is incapable of reaching to the truth on its own but rather with the common guidance of divine revelation and the mind. Nevertheless, the answers to the questions that were asked have been discovered solely with rational inferences and logical evidences. These three questions are: “Where did this universe and those within it come from? Where will they go? And Why are they here, what is their mission? That is to ask “What are we doing here?” High truths, which the whole humanity needs and which are appealing to all those who look for the explanation of the basic reality of existence and which is more interesting for the world of science and the scientists and which is brought by divine revelation, are discovered once again and proved with rational methods in these works. Especially today, while quantum physics, astronomy and astrophysics have reached to such advanced levels, common answers are looked for these three questions on matter, universe and human being; the science and these works study the same subjects and share a common ground of work. Here you are: The work, which contains in itself a spiritual/immaterial treasury for people who have an irresistible interest and passion for science and learning, is called RISALE-I NUR (TREATISE OF LIGHT). The content of the book is composed of 19 basic epistles selected from the Collection of Risale-i Nur. Some selected parts related to the subject from 23rd Word Epistle of Nature, Epistle of Resurrection, first eight Words and some other epistles are included in our book. The main texts from Risale-i Nur are placed in the beginning, the words and concepts are explained in the footnotes and the explanatory texts are provided afterwards. In addition, occasionally, as the need arises, explanatory texts are included within the text of the book in the form of an intermediary note. The first part of our book, which consists of two main sections is entitled as “Discovering the Value of the Treasure of Faith.” In this section, the following is presented: the meaning and the importance of the faith and worship, which are proposed by the Religion to the man; how the hidden secret of the universe is solved by the religion; the beauty of faith and how the true value of man comes to light with faith, and the levels of Qur’an and philosophy in terms of understanding the Secret of the Universe. Finally, we are trying to look closely at the great good news and the remedy for death brought by the religion through prophets and we are looking for the answer to this question: “What are the characteristics of true faith that will enable us to earn the eternal life?” We can regard this first part as the understanding of how great and precious a treasure is. The second part of the book is entitled as “ Proving the Existence of the Treasure of Faith with Evidences”. In this section, six pillars of faith are proved with detailed evidences. In other words, in the second section, the existence of the treasure sought to be achieved, whose value is understood/appreciated in the first section, is proved; its place is discovered, and this great and magnificent treasure is acquired. Primarily understanding that faith is such a great blessing and a treasure with a great value would determine the importance that we would give to that treasure and its evidences. Nevertheless, you will also observe that in the first part, a serious effort has also been made to search for the truth and evidences. Once you complete the book, you will have completed an important reading that could be considered as a brief summary of the Risale-i Nur collection and taken a serious step in studying the high knowledge of faith that is taught by these works. In “The Journeys of Discovery Risale-i Nur Training Program”, you are invited for an adventure of looking for and finding out the truth. We have a very strong reason to begin this journey: to witness the magnificent details of the divine technology and uniqueness of the artful creation and hence, to take a big step on the way of achieving the true faith that was demanded from us by Allah. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 109 visuals and 11 videos utilized (rate of visibility is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area worldwide. We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. In this book, which is (about) the Introduction and First Aim of 29th Word, the right place to find the answer to questions asked by a man who can't stand thinking the idea of being all alone in this universe and, desperately asking questions, and looking for a solution to his eternal solitude, is shown with mental inferences that capture the problem on its roots. Later on, it is proved by detailed analyses and logical proofs that it is so reasonable to believe in angels and spiritual beings, and that their existence is as precise as the existence of human beings and animals. This work is a part of our basic/source book called “A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program” upon which our “Journeys of Discovery, Risale-i Nur Training Program” is constructed and it is “Are We Alone in the Universe”, which is the second truth of the six truth, dealt with in the first main part of that book, which is called “Discovering the Value of the Treasure of Faith”. We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled

“Your Journey Just Begins Now!” is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are “felt truths”, and in opening the door for new perspectives for them. We keenly believe that with this method of reinforcement (Allah willing) highest level of benefit will be realized in terms of understanding Risale-i Nur and the universe. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 538 visuals and 50 videos utilized in this enormous study, where interactive visuals are also used. It is the first attempt in its area worldwide, proving with logical evidence and in a brilliant way that the coming of the eternal life is as certain as the existence of this world and that there is no possibility of not realization of the resurrection after death. BOOK PRESENTATION: In order to feel the existence of eternal life in a different way, that has never been possible before... In order to understand, enjoy and read with spiritual pleasure the Tenth Word of Risale-i Nur, which proves the existence of Hereafter with certainty, at such a high level that you have never reached before... What would you do, if you know, of a certainty, that eternal life exists? How would your perspective on life change if you know that you will live forever? Then what would change in your life if you know that your happiness in this eternal life will depend on your behaviors in this temporary life at such a certainty as you are sure of the coming of night after day and of spring after winter or as you know two plus two equals four? Would not you get excited if we told you that you can get such invaluable information just by reading this book that you are holding in your hand? Tenth World that you are about to read is such an excellent book of a lifetime, promising you this and much more. In other words, it is such a lively book that it can be read repeatedly without getting bored and the passion to read it never subsides. Even Avicenna (Ibn-i Sina) who is considered as one of the greatest geniuses admitted his helplessness/incompetence in understanding the resurrection by once stating that “The Intellect cannot find a way to it”. And now, we are curiously stepping into the Treatise of Resurrection, which explains/declares the truths of the issue of resurrection, which even this noted scholar, cannot catch up with his genius, to everybody, even to the kids, and which gives us the key opening the gate of the second one of the two biggest amulets of the cosmos. In this book, which is an explanatory work based on 10th Word of Risale-i Nur Collection, the resurrection after the Doomsday is proved so certainly that the Author of Risale-i Nur tells the following on this subject: “If you want to be as certain about the occurrence of the resurrection of the dead as you are about the arrival of next spring, study the Tenth and Twenty-Ninth Words carefully, which are about this, and you will see! If you do not then believe that it will occur as you believe the coming of spring, come and stick your finger in my eye!” Once you finish reading this book, you will witness that it is proved with logical evidence and in a brilliant way that the coming of the eternal life is as certain as the existence of this world and there is no possibility of not the realization of the resurrection after death. This work is a part of our basic/source book called “A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Explanatory Notes” upon which our “Journeys of Discovery, Risale-i Nur Training Program” is constructed and it is the proof of the Existence of Resurrection and the Eternal Life, which is the Fifth Truth of the Six Truths, dealt with in the second main part of that book, which is called “Proving the Existence of the Treasure of Faith with Evidence”. We have to state and admit about this Book, that is, Explanatory Text for Tenth Word, the following sincerely: although we did not have any idea about what to write before explanatory notes came into the being, (every time without any exception), we were astonished by the resultant texts and realized that we had never understood these issues that clear before. While controlling the texts, we had great joy and pleasure and we were reading them as if they were written by someone else. The writings were helping us, in an unexpected way, in overcoming our greatest distresses, giving us a strong state of faith. Because what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person. Therefore, the beauty and the excellence of these truths must have been reflected in our word as well. For sure, we were pursuing an immensely difficult and tedious effort; sometimes it was taking 3-5 hours to complete 1-2 pages of explanatory notes. We were spending an equal amount of

time for footnotes and the glossary of concepts. But, the feeling of joy, happiness and spiritual satisfaction were exceedingly worth this effort. At this stage, we realized and felt the reason behind Bediüzzaman's saying: "I am also a student of Risale-i Nur. I am your classmate in learning the Teachings of Quran; I am also in need of Risale-i Nur." And we understood that he was not trying to be humble while saying this. As a requirement of being human, we wanted to share what we had found and felt, with those who had the same needs and who were in the same search. This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you. Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody, and he is sincerely inviting you to this dining table. Or maybe we are like a curious kid, who has found the key to a magnificent and inexhaustible treasure, and who wants to inform others of its existence and share it with them. We have made a great effort in order to prepare this work which we share with great enthusiasm. But we admit that this work has been the result of Allah's special treatment, which is way beyond our personal capabilities and power. We believe wholeheartedly that every believer and everyone who has set his heart on Risale-i Nur, and in fact everybody will read this book enthusiastically and with a compassion which is stronger than the need for water of a person who has been dehydrated for a while. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are "felt truths", and in opening the door for new perspectives for them. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 116 visuals and 10 videos utilized (rate of visibility is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area worldwide. This book, which is an explanatory work based on 2nd Matter of Risale-i Nur's Treatise of Fruit and Second Station of 13th Word of Risale-i Nur is written to look at death and life in the light of a different perspective. When you complete the book, you will witness that the cure of the death, greatest matter for a man, has been found, and that the method for finding an immortal life and an everlasting happiness have been shown. Firstly we are trying to look closely at the fact that the cure given by the Religion for death is a tremendous harbinger brought by the Religion by the hands of Prophets. Later, a very important truth is explained with a striking example describing the proposals of the twodifferent groups in the face of death, one inviting us to the eternal

life while the other inviting us to the ephemeral world. And later, with an impressive style, it is determined that the great importance, for the human being, of the cure/remedy for escaping from the execution of the death and the true meaning of everything could only be found with the recognition, by everybody, that he/she is like a convict waiting for his or her turn for hanging. At the next stop: The reasons of the profound difference between a Muslim and a non-believer or somebody believing in other monotheistic religions and the effects of this difference on social life are evaluated. In addition, it is stated that everything that has been existing in the name of humanitarian values and civilization, was first introduced by the prophets and with the support given for/adaptation of these invaluable moral treasures by others, these values have become universal. And later, the question how could a non-believer, with such a disbelief, enjoy the life and continue living? are replied with stunning answers. Moreover, the situation of those people, who, on appearance, seem to believe despite being not interested in the high truths declared and the responsibility of worship brought by the religion, is put under investigation. And ultimately, Saving One's faith, an important concept that is not adequately known in this country, whose population is 99% Muslim, is dealt with. It is determined that, the expression that At least I am a believer and even if I am sent to hell, I'll get out of there and go to Heaven, unfortunately does not reflect the reality of the situation we are in and that believing does not necessarily mean that that faith will come to grave together with you and an answer to the following question is looked for: We wonder what are the characteristics of a faith that will give us happiness in the eternal life with 99% certainty? We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. (Treatise of Light) Training Program We are inviting you for an utterly different experience, an interactive book full of incredible discoveries, where you will come to an impressive visual journey. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 152 visuals and 10 videos utilized (rate of visuality is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area worldwide. (With additional sections 305 visual and 22 video) We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. In this book, which is an explanatory work based on the 26th Word, that is, the Treatise of Divine Determining (Qadar) of Risale-i Nur, the issue of how to differentiate between the Divine Determining and free will is addressed; and the evidences as to the fact that things could take place only with the will of Allah are dealt with. In addition, the questions related to the fact that Qadar does not give anybody any discomfort or strain, on the contrary it provides a perfect ease of mind and convenience and to the reconciliation of the ugliness of the troubles/evils that we see in the world with the fact that everything coming from Qadar is good” are answered with such a proficiency that has not been witnessed in the history of Islam. In this book, you will see the explanations in relation to the essence of Qadar and Free Will; how they could be reconciled, the meaning of the belief in Qadar for human life, and the evidences of the existence of Qadar. Moreover, you will witness the harmonious friendship of a persuasive, crystal clear and fluent style with the logical inferences satisfying both mind and the heart. This work is part of our source book “Journey of Discovery for an Extraordinary Treasure: Risale-i Nur Training Program”, over which our “Journeys of Discovery Risale-i Nur Training Program” is based and it is “The Truth of Divine Determining and Free Will”, which is the “Fifth Truth” of the six “truths” in that Book’s the second part called “Proving the Treasury of Faith with Evidences” We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled “Your Journey Just Begins Now!” is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. We have to state and admit the following sincerely: although we did not have any idea about what to write before explanatory notes came into the being, (every time without any exception) , we were astonished by the resultant texts and realized that we had never understood these issues this clear before. While controlling the texts, we had great joy and pleasure and we were reading the texts as if they were written by someone else. The writings were helping us, in an unexpected way, in overcoming our greatest distresses, giving us a strong state of faith. Because, what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person. Therefore, the beauty and the excellence of these truths must have been reflected in our word as well. For sure, we were pursuing an immensely difficult and tedious effort; sometimes it was taking 3-5 hour to complete 1-2 pages of explanatory notes. We were spending an equal amount of time for footnotes and the glossary of concepts. But, the feeling of joy, happiness and spiritual satisfaction were exceedingly worth this effort. At this stage, we realized and felt the reason behind Bediüzzaman’s saying: “I am also a student of Risale-i Nur. I am your classmate in learning the Teachings of Quran, I am also in need of Risale-i Nur.” And we understood that he was not trying to be humble while saying this. Although we had an humble purpose of “conducting to a higher level of our comprehension than the reader could get on his or her own, we achieved better results than our expectations. All praise is due to Allah, so we praise him. In deed our share is only that of praising. Now if you look at our personality, you may not see much value. This is normal, because neither could we see any. What we see is just this: our weakness in our distressed search, our needs, our sincere wishes and our actual prayers (prayers supported with actions). As a requirement of being a human, we wanted to share what we had found and felt, with those who had the same needs and who were in the same search. This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you. Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody, and he is sincerely inviting you to this dining table. Or maybe we are like a curious kid, who has found the key of a magnificent and inexhaustible treasure, and who wants to inform others of its existence and share it with them. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are “felt truths”, and in opening the door for new perspectives for them. We keenly believe that with this method of reinforcement (Allah willing) highest level of benefit will be realized in terms of understanding Risale-i Nur and the universe. When you open Pdf document on your computer with Adobe Reader you can read it better by choosing “two pages” option and zooming in. Since full-screen mode of the “Microsoft Word” changes the places of the visuals, you should read it in page format by zooming in. We would rather prefer if you would download it in Pdf format and read it with Adobe Acrobat due to both its small size and readability it in this way. It is possible to click links and open the word and Pdf files and videos within this interactive book in your computers and cell phones. (In your cell phone use Wps Office for Word and Adobe Acrobat Reader for Pdf files. Wps Office is a useful program which opens the footnotes when clicked upon but it can’t open the links in this way. For this reason, we suggest that you use Adobe Acrobat Reader in order to benefit from the interactive features of the book.) **Linux for Makers** Aaron Newcomb, 2017-04-11 Linux is a powerful open-source operating system that has been around for many years and is widely used for running servers and websites. But most students and Makers encounter it for the first time when they are working on projects with their Raspberry Pi or similar single-board computers (SBCs) such as BeagleBone Black or Intel Galileo. Linux for Makers is the first book that explains the Linux operating system specifically for Makers, as opposed to programmers and administrators. By gaining a deeper understanding of Linux, Makers can add another useful tool to their kit that will help them build their projects more easily. Written with the Maker in mind, this book will focus mostly on Rasbian running on the Raspberry Pi as it is the most prolific in the ecosystem today. However most of the topics covered will apply broadly to other Linux distributions and will be called out when they may differ. Many times users cut and paste from a website tutorial into the Linux command line without understanding what they are actually doing only to be frustrated when they want to modify or tweak something to suit their needs. Also, many Makers shy away from using the Raspberry Pi or similar board because they feel Linux is too foreign and they think using a command line will be more difficult than using a GUI. This book aims to overcome those fears and provide a foundation for further learning and exploration. To that

end, this book will focus on the basic principles that a Maker would need to know as opposed to other resources that go into detail that is not particularly relevant to building projects.
