Disaster Diaries: Zombies! R. McGeddon,2016-05-24 Three kids protect the town of Sitting Duck from a zombie invasion.

Zombies Don Roff,Chris Lane,2009 The year is 2011, and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of an illustrated journal found in the aftermath of the attack, this pulse-pounding, suspenseful tale of zombie apocalypse follows biologist Dr Robert Twombly as he flees from city to countryside and heads north to Canada, where -- he hopes -- the living dead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of zombies and careful observations of their behaviour, along with terrifying tales of survival. This frightening new contribution to the massively popular zombie resurgence will keep fans on the edge of their seats right up to the very end.

Soon she's fighting her way through mud, blood, bullets and intrigue, even as zombies, both real and fake, prowl the streets. Angel's been through more than her share of crap, but this time she's in way over her head. She'll need plenty of brainpower to fit all the pieces—and body parts—together in order to save herself, her town, and quite possibly the human race. At least for now.
