**Brian Eno's Another Green World** Geeta Dayal,2009-11-01 The serene, delicate songs on Another Green World sound practically meditative, but the album itself was an experiment fueled by adrenaline, panic, and pure faith. It was the first Brian Eno album to be composed almost completely in the confines of a recording studio, over a scant few months in the summer of 1975. The album was a proof of concept for Eno's budding ideas of the studio as musical instrument, and a signpost for a bold new way of thinking about music. In this book, Geeta Dayal unravels Another Green World's abundant mysteries, venturing into its dense thickets of sound. How was an album this cohesive and refined formed in such a seemingly ad hoc way? How were electronics and layers of synthetic treatments used to create an album so redolent of the natural world? How did a deck of cards figure into all of this? Here, through interviews and archival research, she unearths the strange story of how Another Green World formed the link to Eno's future -- foreshadowing his metamorphosis from unlikely glam rocker to sonic painter and producer.

*Politics: Another Perspective* Wilmer J. Leon III Ph.D.,2016-08-31 Over the past 8 years there have been significant shifts in the American political landscape. The election of Senator Barack Obama as America's 44th and first African American president signaled a giant leap forward in the American social, cultural, and political landscape. It has taken America 219 years to reach this point. Based upon Senator Obama's campaign promises many people looked forward to a more transparent and inclusive government. Others saw this election as a signal of a new post-racial America, but America has always been a country in conflict. As many basked in the comfort of Obama's historic election, others feared its backlash. History tells us that white supremacy dies hard in America and its proponents would not take America's victory lying down. The bigoted rants of the Tea Party and the ultra-right wing's obstructionist agenda have resulted in a political stalemate unlike any other in recent American history. These reactionary politics coupled with

the Democratic Party and Obama Administration's inability to articulate an effective counter-narrative and employ effective countermeasures has left America in a political abyss. *Politics Another Perspective: Analysis of Race, War, Ethics and the American Political Landscape in the Age of Obama* is a collection of Op Ed's written by Wilmer J. Leon, III, Ph.D. As a collection, these writings provide cutting edge analysis of the various issues that influenced the American geopolitical landscape since 2006 and insight into the direction that the country is headed. "Wilmer Leon is one of the few Black prophetic voices in the age of Obama. This book confirms this status – courageous, visionary and consistent!" —Dr. Cornel West Dr. Wilmer Leon has assembled a collection that asks the right questions about race and democracy. In an era when too many are silenced for fear of rocking the boat of the status quo, Wilmer Leon has signaled his willingness to go out on a limb and speak truth to power. Bravo! —Dr. Julianne Malveaux, Economist and Author *Are We Better Off: Race, Obama and Public Policy*.

Another Episode S / 0 (light novel) Yukito Ayatsuji,2016-05-24 Summer, 1998. Mei Misaki, age fifteen, has gone with her family to their seaside vacation home. There she meets the ghost of Teruya Sakaki, her classmate from Yomiyama North Middle School Class 3-3 who, like Mei, witnessed the mysterious events that had transpired at the school. **In Another Time** Michael E. Tessier,2007-05 There are no paradoxes in time, only looped back versions of history we call alternate realities. Under the sands of Egypt and near the Sphinx, two amateur archeologists make a most unexpected find. Instead of a Pharaohs tomb, they uncover an ancient, dust-choked room filled with books, computers and modern equipment. The tomb is least five thousand years old. Slowly, the young spelunkers unravel the mystery of the apparent paradox. They also discover a working Time Machine. Time itself has taken an alternate course. The powerful European Trade Confederation bullies a depressed, non-nuclear United States. The British Empire controls their colonial possessions with an iron fist. Time for the young discoverers is running out. Global events are slowly colliding where retaining the secret of their discovery is almost impossible. A race develops to get the secrets of time travel out of the country.

*There Is Another Life!* Mattie Cody,2013-07 *There Is Another Life!* is a compelling and revealing journey of a mothers encounter with signs and wonders beyond the scope of imagination. It answers the hard questions we ask, after the loss of a child and or love ones. It will give hope to the hopeless and strength to those without strength. It is a true in depth experience of a woman after being plunged into a place of grief, sorrow and devastating despair, only to rise to a place of hope, understanding and reconciliation knowing the truth concerning life after death, both spiritual death and physical death, after tragic murder of her only son. Engulfed in darkness, shattered in pieces my heart slivered I was propelled into a dark and dreary grave, but through this miraculous journey from victim to victor to victory. I've seen a glimpse into another life changed my life forever. Grief no longer holds me captive.

Tales From Another Dimension Robbie Sheerin,2021-12-03 How will HG Wells react when he awakes 200 years in the future on a strange planet, faced with a terrible truth? Two young brothers make a frightening discovery about the neighbors. Do robots secretly want to rule us all? A scientist goes to extremes to change the future of mankind. But is it possible to change our destiny? *Tales from another dimension* is a strange and fantastical collection of ten short stories. Robbie Sheerin is inspired by classic Sci-fi, invoking nightmarish twists and turns with each story. Travel to another

dimension and meet strange characters, sometimes human, and at times not so human. They will make you question the solidity of the earth and mankind. Explore prejudice, fear, imagination, kindness, empathy, and human frailty. The Truth Comes in Storms is wonderfully evocative -and the twist caught me completely unawares. Sheerin is a writer to keep an eye on!- Rob Yescombe. Writer of the movie Outside the Wire These stories are strong echoes of the classic science fiction of the 1950's, and bring back fond memories of the Twilight Zone.-Noel Chidwick. Founder and editor of the award winning sci-fi magazine Shoreline of Infinity ....Sheerin's Sci-if shorts engage the mind and senses with dread and wonder at the same time. What happens on the moon....stays on the moon, even it's from different planets.- ARZONO Publishing With a voice of clarity and surprise, Robbie Sheerin is well worth the quick and wondrous read each of his stories provides, the insight into our humanity (or inhumanity) they present, and the lasting impression they leave. Indulge and entertain yourself! - Jason J. Marchi, author of Venus Remembered with Ray Bradbury and the Barnes & Noble recognized bestseller The Legend of Hobbomock: The Sleeping Giant. Robbie Sheerin's insightful story The Protector is a chilling tale that underscores humanity's most troubling shortcomings. At its core, it reminds us that we must remain open-minded and compassionate toward those who are not like us or suffer the consequences..... ...The Future You Imagine, Doctor, Is Not The Future Of The Future is inventive and imaginative. In my opinion, all tales about our future should be appropriately apocalyptic.They should shake the foundations of our hopes and dreams .....- Leith MacArthur, author of The Death of Harry Crow, from The William Snow Series of thrillers.

Glimpses of Another Land Eric Miller,2012-08-16 In Glimpses of Another Land, Eric Miller takes the reader across the American landscape in quest of insight into our times. For those facing challenges and choices from all sides, Miller offers not analysis so much as reorientation--the kind of sharpened vision that redirects movement. An age featuring 9/11 as its defining moment surely requires probing reflection and judgment. Here Eric Miller, with an alert eye and keen voice, provides both.
