Never Pay the First Bill Marshall Allen, 2021-06-22 From award-winning ProPublica reporter Marshall Allen, a primer for anyone who wants to fight the predatory health care system--and win. Every year, millions of Americans are overcharged and underserved while the health care industry makes record profits. We know something is wrong, but the layers of bureaucracy designed to discourage complaints make pushing back seem impossible. At least, this is what the health care power players want you to think. Never Pay the First Bill is the guerilla guide to health care the American people and employers need. Drawing on 15 years of investigating the health care industry, reporter Marshall Allen shows how companies and individuals have managed to force medical providers to play fair, and shows how you can, too. He reveals the industry's pressure points and how companies and individuals have fought overbilling, price gouging, insurance denials, and more to get the care they deserve. Laying out a practical plan for protecting yourself against the system's predatory practices, Allen offers the inspiration you need and tried-and-true strategies such as: Analyze and contest your medical bills, so you don't pay more than you should Obtain the billing codes for a procedure in advance Write in an appropriate treatment clause before signing financial documents Get your way by suing in small claims court Few politicians and CEOs have been willing to stand up to the medical industry. It is up to the American people to equip ourselves to fight back for the sake of our families--and everyone else.

**Bill Duke** Bill Duke, 2018-11-09 While many film fans may not be familiar with Bill Duke's name, they most certainly recognize his face. Dating back to the 1970s, Duke has appeared in a number of popular films, including *Car Wash*, *American Gigolo*, *Commando*, *Predator*, and *X-Men: The Last Stand*. Fewer still might be aware of Duke's extraordinary accomplishments off-screen—as a talented director, producer, entrepreneur, and humanitarian. *Bill Duke: My 40-Year Career on Screen and behind the Camera* is the memoir of a Hollywood original. In an industry that rarely embraces artists of color, Duke first achieved success as an actor then turned to directing. After helming episodes of ratings giants *Dallas*, *Falcon Crest*, *Hill Street Blues*, and *Miami Vice*, Duke progressed to feature films like *A Rage in Harlem*, *Deep Cover*, *Hoodlum*, and *Sister Act 2*. In this candid autobiography, Duke recalls the loving but stern presence of his mother and father, acting mentors like Olympia Dukakis, and the pitfalls that nearly derailed his career, notably an addiction to drugs. Along the way, readers will encounter familiar names like Danny Glover, Laurence Fishburne, Forest Whitaker, Arnold Schwarzenegger, and Whoopi Goldberg. From his Broadway debut in 1971 to the establishment of the Duke Media Foundation, which trains and mentors young filmmakers, Duke has been breaking the rules of what it means to triumph in the entertainment industry. Recalling pivotal moments in his life, *Bill Duke: My 40-Year Career on Screen and behind the Camera* is the story only Bill Duke could tell.

*Amity* J. Brent Bill,2023-11-24 'Poignant, humorous, winsome, and wise, this is Bill doing what he does best—going before us, shining the Light.' Philip Gulley, author of the Harmony series *Amity: Stories from the Heartland* is a collection of short stories by well-known Quaker writer Brent Bill. Each story is set in the Midwest of the United States, a region known for its honest, hardworking, plain-speaking, religious people who are as complex and thoughtful as the most urbane city dwellers. These stories are about 1930s housewives, modern day priests, 1960s kids, and more -- as well as the varieties and vagaries of their lives' trials, triumphs, failings, joys, sorrows, and surviving -- and the beauty and mystery of it all.

*Giving* Bill Clinton, 2007-09-04 Here, from Bill Clinton, is a call to action. *Giving* is an inspiring look at how each of us can change the world. First, it reveals the extraordinary and innovative efforts now being made by companies and organizations—and by individuals—to solve problems and save lives both “down the street and around the world.” Then it urges us to seek out what each of us, “regardless of income, available time, age, and skills,” can do to help, to give people a chance to live out their dreams. Bill Clinton shares his own experiences and those of other givers, representing a global flood tide

of nongovernmental, nonprofit activity. These remarkable stories demonstrate that gifts of time, skills, things, and ideas are as important and effective as contributions of money. From Bill and Melinda Gates to a six-year-old California girl named McKenzie Steiner, who organized and supervised drives to clean up the beach in her community, Clinton introduces us to both well-known and unknown heroes of giving. Among them: Dr. Paul Farmer, who grew up living in the family bus in a trailer park, vowed to devote his life to giving high-quality medical care to the poor and has built innovative public health-care clinics first in Haiti and then in Rwanda; a New York couple, in Africa for a wedding, who visited several schools in Zimbabwe and were appalled by the absence of textbooks and school supplies. They founded their own organization to gather and ship materials to thirty-five schools. After three years, the percentage of seventh-graders who pass reading tests increased from 5 percent to 60 percent; Oseola McCarty, who after seventy-five years of eking out a living by washing and ironing, gave \$150,000 to the University of Southern Mississippi to endow a scholarship fund for African-American students; Andre Agassi, who has created a college preparatory academy in the Las Vegas neighborhood with the city's highest percentage of at-risk kids. "Tennis was a stepping-stone for me," says Agassi. "Changing a child's life is what I always wanted to do"; Heifer International, which gave twelve goats to a Ugandan village. Within a year, Beatrice Biira's mother had earned enough money selling goat's milk to pay Beatrice's school fees and eventually to send all her children to school—and, as required, to pass on a baby goat to another family, thus multiplying the impact of the gift. Clinton writes about men and women who traded in their corporate careers, and the fulfillment they now experience through giving. He writes

about energy-efficient practices, about progressive companies going green, about promoting fair wages and decent working conditions around the world. He shows us how one of the most important ways of giving can be an effort to change, improve, or protect a government policy. He outlines what we as individuals can do, the steps we can take, how much we should consider giving, and why our giving is so important. Bill Clinton's own actions in his post-presidential years have had an enormous impact on the lives of millions. Through his foundation and his work in the aftermath of the Asian tsunami and Hurricane Katrina, he has become an international spokesperson and model for the power of giving. "We all have the capacity to do great things," President Clinton says. "My hope is that the people and stories in this book will lift spirits, touch hearts, and demonstrate that citizen activism and service can be a powerful agent of change in the world."

Bill Mauldin: A Life Up Front Todd DePastino, 2009-06-15 "A deeply felt, vivacious and wonderfully illustrated biography."  
—Clancy Sigal, Los Angeles Times Book Review A self-described "desert rat" who rocketed to fame at the age of twenty-two, Bill Mauldin used flashing black brush lines and sardonic captions to capture the world of the American combat soldier in World War II. His cartoon dogfaces, Willie and Joe, appeared in Stars and Stripes and hundreds of newspapers back home, bearing grim witness to life in the foxhole. We've never viewed war in the same way since. This lushly illustrated biography draws on private papers, correspondence, and thousands of original drawings to render a full portrait of a complex and quintessentially American genius.

**Bill & Dave** Michael Shawn Malone, 2007 The definitive history of Hewlett-Packard and its legendary founders, based on unprecedented access to private archives This is the most authoritative version ever of the most famous start-up story in business history. In 1938, working out of a small garage in Palo Alto, California, two young Stanford graduates named Bill Hewlett and Dave Packard built their first product, an audio oscillator. It was the start not only of a legendary company but of an entire way of life in Silicon Valley and, ultimately, our modern digital age. Others have written about the rise of Hewlett-Packard, including Packard himself in a bestselling memoir. But acclaimed journalist Michael S. Malone is the first to get the full story, based on unlimited and exclusive access to corporate and private archives, along with hundreds of employee interviews. Malone draws on his new material to show how some of the most influential products of our time were invented, and how a culture of innovation led HP to unparalleled success for decades. He also shows what was really behind the groundbreaking management philosophy 'the HP Way' that put people ahead of products or profits. There have been attempts in recent years to discredit the HP Way as soft and outdated. But Malone argues that the HP Way was a hard-nosed business philosophy that combined simple objectives, trust in employees to make the right choices, and ruthless self-appraisal. It created an innovative and ferociously competitive company arguably the world's greatest company. This business adventure story will be perfect for entrepreneurs, young managers, and students, not to mention the tens of thousands of current and former HP employees.
