Making the News Amber E. Boydston,2013-08-26 Media attention can play a profound role in whether or not officials act on a policy issue, but how policy issues make the news in the first place has remained a puzzle. Why do some issues go viral and then just as quickly fall off the radar? How is it that the media can sustain public interest for months in a complex story like negotiations over Obamacare while ignoring other important issues in favor of stories on “balloon boy?” With *Making the News*, Amber Boydston offers an eye-opening look at the explosive patterns of media attention that determine which issues are brought before the public. At the heart of her argument is the observation that the media have two modes: an “alarm mode” for breaking stories and a “patrol mode” for covering them in greater depth. While institutional incentives often initiate alarm mode around a story, they also propel news outlets into the watchdog-like patrol mode around its policy implications until the next big news item breaks. What results from this pattern of fixation followed by rapid change is skewed coverage of policy issues, with a few receiving the majority of media attention while others receive none at all. Boydston documents this systemic explosiveness and skew through analysis of media coverage across policy issues, including in-depth looks at the waxing and waning of coverage around two issues: capital punishment and the “war on terror.” *Making the News* shows how the seemingly unpredictable day-to-day decisions of the newsroom produce distinct patterns of operation with implications—good and bad—for national politics.

Silver and the Castlestone House Mystery Ray

Boydstun,2018-05-14 Silver Johnson, despite her magical gifts, does not know the reason for the sudden move to a small West Texas town. After befriending her neighbor, Alexander Ortega, she finds herself drawn to the Castlestone House Estate. Upon learning more about the neglected grand house and its history, she becomes further captivated by its mysteries and goes to investigate it alone. Soon after that Silver and Alex's lives become endangered. However, they keep their guardians in the dark about their endangerment for as long as they can. What are the mysteries surrounding the Castlestone House? Who is responsible for the threats to their lives? And, why? Who, if anyone, can save Silver and the others?

The Decline of the Death Penalty and the Discovery of Innocence Frank R. Baumgartner,Suzanna L. De Boef,Amber E. Boydstun,2008-01-07 Since 1996, death sentences in America have declined by more than 60 percent, reversing a generation-long trend toward greater acceptance of capital punishment. In theory, most Americans continue to support the death penalty. But it is no longer seen as a theoretical matter. Prosecutors, judges, and juries across the country have moved in large numbers to give much greater credence to the possibility of mistakes - mistakes that in this arena are potentially fatal. The discovery of innocence, documented in this book through painstaking analyses of media coverage and with newly developed methods, has led to historic shifts in public opinion and to a sharp decline in use of the death penalty by juries across the country. A social cascade, starting with legal clinics and innocence projects, has snowballed into a national phenomenon that may spell the end of the death penalty in America.

Finding Socksville Jan Boydstun,2021-12-28 Finding Socksville is an imaginative story about where all lost socks go. When Tomas and Matilda decide to help their mom and dad find

their socks, they discover Socksville, a town where lost socks go to play baseball, run races, dance, hike, ride bikes, and all the other things that socks like to do. Tomas and Matilda convince their socks that if they come home, they can still do all those things just like they did in Socksville.

Journey Into Darkness Cooper Boydston,2010-07-15 This collection of poetry is a tour through the mind of a writer that lives in the darkest parts of the soul. The poems incline from questioning the value of life all the way to vivid, disturbing descriptions of a man that has run out of time. Take a peek into a psyche that contains an evil people do not want to believe exists.
