Violence Parvis Ghassem-Fachandi, 2020-07-12 Violence takes many forms. From large-scale acts of terrorism to assaults on single individuals, violence is a defining force in shaping human experience and a central theme in anthropological study. *Violence: Ethnographic Encounters* presents a set of vivid first-hand accounts of fieldwork experiences of violence. The examples range across Latin America, Asia, the Middle East and Africa, and illustrate instances of state terror, insurgency, communal violence, war, prison violence, class conflict, security measures, and sexual violence. How do these anthropologists come to know a place through such violent experience? Why do they not leave such scenes? What insights follow from such experience? *Violence: Ethnographic Encounters* offers readers a broad anthropological study of violence through personal encounters.

Le Grand Siècle et la Bible Jean Robert Armogathe, 1989 Se poursuivant au XVIIe siècle, l'essor biblique a été confronté au développement de la critique textuelle et à des formes d'expression nouvelles. La Bible est un texte remanié, corrigé, au centre des controverses, modèle contesté, de discours rhétorique. Les langues modernes vont introduire le texte, l'adapter aux représentations contemporaines du monde et de ses besoins. Au péril de la modernité, face à la nouvelle physique comme à l'art de penser, les Écritures continuent de séduire artistes et écrivains. Mais elles doivent subir des réductions successives qui annoncent la rupture prismatique des Lumières, entre une interprétation symboliste, une lecture moralisante et le refus de la Révélation.
