Checked Cynthia Kadohata,2019-02-12 “Kadohata’s slapshot is the heart-swelling narrative of a father and son...Truly powerful.” –Jason Reynolds “A deeply poignant story about a boy sorting out his priorities.” –Publishers Weekly (starred review) “A vivid, memorable portrayal of a boy within his family, his sport, and his gradually broadening world.” –Booklist (starred review) From Newbery Medalist Cynthia Kadohata comes a brilliantly-realized novel about a hockey player who must discover who he is without the sport that defines him. Hockey is Conor’s life. His whole life. He’ll say it himself, he’s a hockey beast. It’s his dad’s whole life too—and Conor is sure that’s why his stepmom, Jenny, left. There are very few things Conor and his dad love more than the game, and one of those things is their Doberman, Sinbad. When Sinbad is diagnosed with cancer, Conor chooses to put his hockey lessons and practices on hold so they can pay for Sinbad’s chemotherapy. But without hockey to distract him, Conor begins to notice more. Like his dad’s crying bouts, and his friend’s difficult family life. And then Conor notices one more thing: Without hockey, the one thing that makes him feel special, is he really special at all?

The Small Book of Hip Checks Erica Rand,2020-11-23 In *The Small Book of Hip Checks* Erica Rand uses multiple meanings of hip check—including an athlete using their hip to throw an opponent off-balance and the inspection of racialized gender—to consider the workings of queer gender, race, and writing. Explicitly attending to processes of writing and revising, Rand pursues interruption, rethinking, and redirection to challenge standard methods of argumentation and traditional markers of heft and fluff. She writes about topics including a trans shout-out in a Super Bowl ad, the heyday of lavender dildos, ballet dancer Misty Copeland, the criticism received by figure skater Debi Thomas and tennis great Serena Williams for competing in bodysuits while Black, and the gendering involved in identifying the remains of people who die trying to cross into the United States south of Tucson, Arizona. Along the way, Rand encourages making muscle memory of experimentation and developing an openness to being conceptually knocked sideways. In other words, to be hip-checked.

Leighton's High Sierra Check Dam Legacy Steve D. Bowman, 2006 This photographic journal chronicles the history and construction of the high Sierra check dams from the first one at Yellowhammer Lake in 1920 through the last one constructed at High Emigrant Lake in 1951, past the establishment of the Emigrant Wilderness in 1975, and through various stages of support and opposition which are on-going to this day. Each major period in either check dam construction or the period after is divided into separate chapters, with each check dam described in detail with historical and recent photographs, many that have never been published. In addition, available historical writings and records of Fred Leighton and others were utilized to provide a more in depth perspective on the check dams from those directly involved in construction and/or maintenance. Outdoor enthusiasts discovering the Emigrant Wilderness of the high Sierra for the first time might easily consider it a pristine wilderness, rich in wildlife, streams, lakes, and scenic views. And yet, this is one area where the hand of man has worked to enrich the natural landscape. One of the most notable changes man has made in this area is the construction of small rock dams at the outlet of selected lakes and meadows. These dams were called check dams by Fred W. Leighton, who developed the concept of raising the water level of natural lakes and meadows for fishery and riparian enhancement. These check dams provide an enhanced habitat for mountain fish by providing additional water flow in the late summer months when natural streams typically run very low or completely dry.
