Mama Day Gloria Naylor, 2017-03-14 A "wonderful novel" steeped in the folklore of the South from the New York Times–bestselling author of *The Women of Brewster Place* (The Washington Post Book World). On an island off the coast of Georgia, there's a place where superstition is more potent than any trappings of the modern world. In Willow Springs, the formidable Mama Day uses her powers to heal. But her great niece, Cocoa, can't wait to get away. In New York City, Cocoa meets George. They fall in love and marry quickly. But when she finally brings him home to Willow Springs, the island's darker forces come into play. As their connection is challenged, Cocoa and George must rely on Mama Day's mysticism. Told from multiple perspectives, *Mama Day* is equal parts star-crossed love story,

generational saga, and exploration of the supernatural. Hailed as Gloria Naylor's "richest and most complex" novel, it is the kind of book that stays with you long after the final page (Providence Journal).

The Dot Peter H. Reynolds, 2022-05-31 Vashti believes that she cannot draw, but her art teacher's encouragement leads her to change her mind and she goes on to encourage another student who feels the same as she had.

The 4 Day Week Andrew Barnes, 2020-01-07 SHORTLISTED FOR THE BUSINESS BOOK AWARDS 2021 In *The 4 Day Week*, entrepreneur and business innovator Andrew Barnes makes the case for the four-day work week as the answer to many of the ills of the 21st-century global economy. Barnes conducted an experiment in his own business, the New Zealand trust company Perpetual Guardian, and asked his staff to design a four-day week that would permit them to meet their existing productivity requirements on the same salary but with a 20% cut in work hours. The outcomes of this trial, which no business leader had previously attempted on these terms, were stunning. People were happier and healthier, more engaged in their personal lives, and more focused and productive in the office. The world of work has seen a dramatic shift in recent times: the former security and benefits associated with permanent employment are being displaced by the less stable gig economy. Barnes explains the dangers of a focus on flexibility at the expense of hard-won worker protections, and argues that with the four-day week, we can have the best of all worlds: optimal productivity, work-life balance, worker benefits and, at long last, a solution to pervasive economic inequities such as the gender pay gap and lack of diversity in business and governance. *The 4 Day Week* is a practical, how-to guide for business leaders and employees alike that is applicable to nearly every industry. Using qualitative and quantitative data from research gathered through the Perpetual Guardian trial and other sources by the University of Auckland and Auckland University of Technology, the book presents a step-by-step approach to preparing businesses for productivity-focused flexibility, from the necessary cultural conditions to the often complex legislative considerations. The story of Perpetual Guardian's unprecedented work experiment has made headlines around the world and stormed social media, reaching a global audience in more than seventy countries. A mix of trenchant analysis, personal observation and actionable advice, *The 4 Day Week* is an essential guide for leaders and workers seeking to make a change for the better in their work world.

Salvation Day Kali Wallace, 2020-06-16 A lethal virus is awoken on an abandoned spaceship in this incredibly fast-paced, claustrophobic thriller. They thought the ship would be their salvation. Zahra knew every detail of the plan. *House of Wisdom*, a massive exploration vessel, had been abandoned by the government of Earth a decade earlier, when a deadly virus broke out and killed everyone on board in a matter of hours. But now it could belong to her people if they were bold enough to take it. All they needed to do was kidnap Jaswinder Bhattacharya—the sole survivor of the tragedy, and the last person whose genetic signature would allow entry to the spaceship. But what Zahra and her crew could not know was what waited for them on the ship—a terrifying secret buried by the government. A threat to all of humanity that lay sleeping alongside the orbiting dead. And then they woke it up.
